

NEW ISSUE

In the opinion of Bond Counsel, based on existing statutes and court decisions and assuming continuing compliance with certain covenants and procedures relating to requirements of the Internal Revenue Code of 1986, as amended (the "Code"), interest on the Notes is excludable from gross income for federal income tax purposes and is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax. Interest on the Notes is, however, includable in adjusted current earnings for purposes of computing the federal alternative minimum tax imposed on certain corporations. In the opinion of Bond Counsel, based on existing statutes, interest on the Notes is excluded from Connecticut taxable income for purposes of the Connecticut income tax on individuals, trusts and estates, and is excluded from amounts on which the net Connecticut minimum tax is based in the case of individuals, trusts and estates required to pay the federal alternative minimum tax. See "Tax Matters" herein.

\$30,000,000	1.250%	0.115%	416489NW8

The Notes are not subject to redemption prior to maturity as more fully described herein.

The Notes will be issued by means of a book-entry-only system and registered in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository for the Notes. Purchasers of the Notes will not receive certificates representing their ownership interest in the Notes. Principal of, and interest on the Notes will be payable by the District or its agent to DTC or its nominee as registered owner of the Notes. Ownership of the Notes may be in principal amounts of \$1,000 or integral multiples thereof. See "Book-Entry-Only Transfer System" herein.

The Notes will be general obligations of the District and the District will pledge its full faith and credit to pay the principal of and interest on the Notes when due. Unless paid from other sources, the Notes are payable from general tax revenues from member municipalities. The District is authorized to levy unlimited taxes upon the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor (the "Member Municipalities"). See "Security and Remedies" herein.

U.S. Bank National Association, Corporate Trust Services, 225 Asylum Street, 23rd Floor, Hartford, Connecticut will act as Certifying Agent, Registrar, Transfer Agent and Paying Agent for the Notes.

The Notes are offered for delivery when, as and if issued, subject to the approving opinion of Hinckley, Allen & Snyder, LLP, Bond Counsel, of Hartford, Connecticut, and Finn Dixon & Herling LLP, Bond Counsel, of Stamford, Connecticut. It is expected that delivery of the Notes in book-entry-only form will be made to DTC in New York, New York on or about November 5, 2013.

This cover page contains certain information for quick reference only. It is NOT a summary of these issues. Investors must read the entire Official Statement to obtain information essential to the making of an informed investment decision.

PART I
INFORMATION CONCERNING THE NOTES
THE METROPOLITAN DISTRICT, HARTFORD COUNTY, CONNECTICUT
October 17, 2013

This Official Statement including the cover, inside cover page, this Introduction, Part I, Part II and the Appendices thereto, of The Metropolitan District, Hartford County, Connecticut (the "District") is provided for the purpose of presenting certain information relating to the District in connection with the original issuance and sale of \$15,500,000 General Obligation Bond Anticipation Notes, Series C (the "Series C Notes") and \$30,000,000 General Obligation Bond Anticipation Notes, Series D (the "Series D Notes" and together with the Series C Notes, the "Notes") of the District.

Part I of this Official Statement, including the cover, inside cover page and Appendices thereto, contains information relating to the Notes. Part II of this Official Statement is the most recent Annual Information Statement of the District. The cover page, inside cover page, this Introduction, Part I, Part II and the Appendices thereto should be read collectively and in their entirety.

NOTE ISSUE SUMMARY – SERIES C AND SERIES D

The information in this Note Issue Summary and the front cover page is qualified in its entirety by the detailed information and financial statements appearing elsewhere in this Official Statement. This Official Statement speaks only as of its date and the information herein is subject to change

Date of Sale:	<u>Thursday, October 17, 2013, 11:30 A.M. (EDT).</u>
Location of Sale:	Sealed proposals will be accepted at the offices of Hinckley, Allen & Snyder, LLP, 20 Church Street, Crandall Room, Connecticut 06103 or by electronic bid via Parity® as described in the Notice of Sale attached as Appendix D to this Official Statement.
Issuer:	The Metropolitan District, Hartford County, Connecticut (the “District”).
Issue:	\$15,500,000 General Obligation Bond Anticipation Notes, Series C (the “Series C Notes”) and \$30,000,000 General Obligation Bond Anticipation Notes, Series D (the “Series D Notes” and together with the Series C Notes, the “Notes”).
Dated Date:	November 5, 2013.
Interest Due:	At maturity, March 25, 2014.
Principal Due:	At maturity, March 25, 2014.
Authorization and Purpose:	The proceeds of the Series C Notes will be used to finance various sewer, water and public improvement projects of the District. The proceeds of the Series D Notes will be used to finance the District’s Clean Water Project. See “Authorization and Purpose” herein.
Redemption:	The Notes <u>are not</u> subject to redemption prior to maturity.
Security:	The Notes will be general obligations of the District payable, unless paid from other sources, from general property tax revenues from member municipalities. The District is authorized to levy unlimited taxes upon the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor, Connecticut comprising the District, proportionately as provided in the District’s Charter, to pay the principal of and interest on the Notes when due. See “Security and Remedies” herein.
Credit Ratings:	No application has been made for a rating on the Notes. Currently the District has credit ratings of “Aa1” from Moody’s Investors Service, Inc. and “AA+” from Standard & Poor’s, a division of McGraw-Hill Companies, Inc. on its outstanding general obligation bonds. See “Ratings” herein.
Basis of Award:	Lowest Net Interest Cost (NIC), as of dated date.
Tax Exemption:	See “Tax Matters” herein.
Bank Qualification:	The Notes <u>shall not</u> be designated by the District as qualified tax-exempt obligations under the provisions of Section 265(b) of the Internal Revenue Code of 1986, as amended, for purposes of the deduction by financial institutions for interest expense allocable to the Notes.
Continuing Disclosure:	In accordance with the requirements of Rule 15c2-12 promulgated by the Securities and Exchange Commission, the District will agree to provide, or cause to be provided, notices of certain events, within 10 business days of the occurrence of such events, with respect to the Notes pursuant to a Continuing Disclosure Agreement to be executed by the District substantially in the form of Appendix C to this Official Statement.
Registrar, Transfer Agent, Certifying Agent and Paying Agent:	U.S. Bank National Association, Corporate Trust Services, 225 Asylum Street, 23 rd Floor, Hartford, Connecticut.
Legal Opinion:	Hinckley, Allen & Snyder, LLP Hartford, Connecticut, and Finn Dixon & Herling LLP, Stamford, Connecticut, will serve as Bond Counsel.
Delivery and Payment:	It is expected that delivery of the Notes in book-entry-only form will be made to The Depository Trust Company on or about November 5, 2013 against payment in Federal Funds .
Issuer Official:	Questions concerning the District and the Notes should be addressed to: Mr. John M. Zinzarella, Deputy Chief Executive Officer of Business Services/Chief Financial Officer/Treasurer, Telephone: 860-278-7850 Ext. 3345, The Metropolitan District, Hartford County, 555 Main Street, First Floor, Hartford, Connecticut 06103.
Financial Advisor:	FirstSouthwest, 628 Hebron Avenue, Suite 306, Glastonbury, Connecticut 06033, attention: Janette J. Marcoux, Senior Vice President, Telephone: 860-290-3003; or Maureen Gurghigian, Managing Director, Telephone: 401-334-4267.

I. NOTE INFORMATION

INTRODUCTION

This Official Statement, including the cover page and appendices, is provided for the purpose of presenting certain information relating to The Metropolitan District, Hartford County, Connecticut (the "District") in connection with the original issuance and sale of \$15,500,000 General Obligation Bond Anticipation Notes, Series C (the "Series C Notes") and \$30,000,000 General Obligation Bond Anticipation Notes, Series D (the "Series D Notes" and together with the Series C Notes, the "Notes") of the District.

The Notes are being offered for sale at public bidding. A Notice of Sale dated October 8, 2013 has been furnished to prospective bidders. Reference is made to the Notice of Sale for the terms and conditions of the bidding on the Notes.

This Official Statement is not to be construed as a contract or agreement between the District and the purchasers or holders of any of the Notes. Any statement made in this Official Statement involving matters of opinion or estimates is not intended to be a representation of fact, and no representation is made that any such opinion or estimate will be realized. Neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date hereof. All quotations from and summaries and explanations of provisions of statutes, charters, or other laws and acts and proceedings of the District contained herein do not purport to be complete and are qualified in their entirety by reference to the original official documents, and all references to the Notes and the proceedings of the District relating thereto are qualified in their entirety by reference to the definitive form of the Notes and such proceedings.

The presentation of information is intended to show recent historical trends and is not intended to indicate future or continuing trends in the financial or other positions of the District.

First Southwest Company is engaged as Financial Advisor to the District in connection with the issuance of the Notes. The Financial Advisor's fee for services rendered with respect to the sale of the Notes is contingent upon the issuance and delivery of the Notes. First Southwest Company cannot submit a bid for the Notes, either independently or as a member of a syndicate organized to submit a bid for the Notes. First Southwest Company, in its capacity as Financial Advisor, does not assume any responsibility for the information, covenants and representations contained in any of the legal documents with respect to the federal income tax status of the Notes, or the possible impact of any present, pending or future actions taken by any legislative or judicial bodies.

Set forth in Appendix A "Basic Financial Statements" hereto is a copy of the report of the independent auditors for the District with respect to the financial statements of the District included in that appendix. The report speaks only as of its date, and only to the matters expressly set forth therein. The auditors have not been engaged to review this Official Statement or to perform audit procedures regarding the post-audit period, nor have the auditors been requested to give their consent to the inclusion of their report in Appendix A. Except as stated in their report, the auditors have not been engaged to verify the financial information set out in Appendix A and are not passing upon and do not assume responsibility for the sufficiency, accuracy or completeness of the financial information presented therein.

Bond Counsel are not passing upon and do not assume responsibility for the accuracy or adequacy of the statements made in this Official Statement (other than matters expressly set forth as their opinion in Appendix B "Forms of Opinion of Bond Counsel" herein), and they make no representation that they have independently verified the same.

The District considers this Official Statement to be "final" for purposes of Securities and Exchange Commission Rule 15c2-12(b)(1), but it is subject to revision or amendment.

DESCRIPTION OF THE NOTES

The Notes will be dated November 5, 2013. The Notes will be due and payable as to both principal and interest at maturity, March 25, 2014. The Notes will be issued in denominations of \$1,000 or any integral multiples thereof. Interest will be calculated on the basis of a 360-day year, consisting of twelve 30-day months. A book-entry-only transfer system will be employed evidencing ownership of the Notes with transfers of ownership on the records of The Depository Trust Company, New York, New York ("DTC"), and its participants pursuant to rules and

procedures established by DTC and its participants. See “Book-Entry-Only Transfer System” herein. The Certifying Agent, Paying Agent, Registrar and Transfer Agent will be U.S. Bank National Association, Corporate Trust Services, 225 Asylum Street, 23rd Floor, Hartford, Connecticut (email: bhcorporatetrust@usbank.com). The legal opinion on the Bonds will be rendered by Hinckley, Allen & Snyder, LLP and Finn Dixon & Herling LLP, in substantially the forms set forth in Appendix B to this Official Statement.

The Notes are not subject to redemption prior to maturity.

BOOK-ENTRY-ONLY TRANSFER SYSTEM

This section describes how ownership of the Notes is to be transferred and how the principal of, premium, if any, and interest on the Notes are to be paid to and accredited by DTC while the Notes are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District believes the source of such information to be reliable, but takes no responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Notes, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Notes), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Notes. The Notes will be issued as fully-registered Notes registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Note certificate will be issued for each interest rate of the Notes, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Note documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Note documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with Notes held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment on the Notes to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the District or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, Note certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but neither the District nor the Underwriters take any responsibility for the accuracy thereof.

DTC PRACTICES

The District can make no assurances that DTC, Direct Participants, Indirect Participants or other nominees of the Beneficial Owners of the Notes will act in a manner described in this Official Statement. DTC is required to act according to rules and procedures established by DTC and its participants which are on file with the Securities and Exchange Commission.

SECURITY AND REMEDIES

The Notes will be general obligations of the District, and the District will pledge its full faith and credit to pay the principal of and interest on the Notes when due.

Unless paid from other sources, the Notes are payable from general property tax revenues from member municipalities. The District is authorized to levy unlimited taxes upon the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor (the "Member Municipalities"), comprising the District, proportionately as provided in the District's Charter, to pay the principal of and interest on the Notes, and each Member Municipality is authorized to levy ad valorem taxes on all taxable property within its respective limits to pay such District taxes without limitation as to rate or amount, except as to certain classified property such as certified forest land taxable at a limited rate and dwelling houses of qualified elderly persons of low income or of qualified disabled persons taxable at limited amounts. Under existing statutes, the State of Connecticut is obligated to pay the Member Municipalities the amount of tax revenue which the Member Municipalities would have received except for the limitation on their power to tax such dwelling houses.

Payment of the Notes is not limited to property tax revenues of the District or any other revenue source, but certain revenues of the District are restricted as to use and therefore may not be available to pay debt service on the Notes.

There are no statutory provisions for priorities in the payment of general obligations of the District. There are no statutory provisions for a lien on any portion of the tax levy to secure the Notes, or judgments thereon, in priority to other claims. The District is authorized to issue revenue bonds for sewer or other projects, which may be secured by a pledge of certain revenues. In June 2013, the District issued \$85,000,000 of Clean Water Project Revenue Bonds which are secured by a pledge of and payable solely from the District's Special Sewer Service Surcharge.

The District is subject to suit on its general obligation debt, and a court of competent jurisdiction has the power in appropriate proceedings to render a judgment against the District. Courts of competent jurisdiction also have the power in appropriate proceedings to order payment of a judgment on such debt from funds lawfully available therefor or, in the absence thereof, to order the District take all lawful action to obtain the same, including the raising of the required amount in the next annual tax levy. In exercising their discretion as to whether to enter such an order, the courts may take into account all relevant factors, including the current operating needs of the District, and the availability and adequacy of other remedies.

Enforcement of a claim for payment of principal or interest on the debt would also be subject to the applicable provisions of Federal bankruptcy laws as well as other bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted and to the exercise of judicial discretion. Under the Federal bankruptcy code, the District may seek relief only, among other requirements, if it is specifically authorized to be a debtor under Chapter 9, Title 11 of the United States Code, or by State law or by a governmental officer or organization empowered by State law to authorize such entity to become a debtor under such Chapter. Section 7-566 of the Connecticut General Statutes, as amended, provides that no Connecticut municipality shall file a petition in bankruptcy under Chapter 9, aforesaid, without the express prior written consent of the Governor. This prohibition applies to any town, city, borough, metropolitan district and any other political subdivision of the State having the power to levy taxes and issue bonds or other obligations.

TAXES – LEVY, APPORTIONMENT, COLLECTION

Under the District's Charter contained in special Connecticut legislation, the District is authorized to levy an annual tax on each of its Member Municipalities in the aggregate amount sufficient to meet its budgeted expenses. The tax is apportioned among the Member Municipalities on the basis of their respective tax receipts averaged over the prior three fiscal years. If the District is not paid when due, the District is entitled to obtain the issuance of an execution against the goods and estate of the inhabitants of such municipalities, such execution to be directed to a marshal for

the seizure and sale of such goods sufficient to produce funds for payment of the District tax. Such collection procedure thus in effect grants the District a right to attach a first lien to secure payment of any tax not paid by a Member Municipality.

The District has never had to impose the first lien claim against its Member Municipalities due to the fact that all tax warrants have been paid when declared due to the District.

QUALIFICATION FOR FINANCIAL INSTITUTIONS

The Notes **shall not** be designated by the District as qualified tax-exempt obligations under the provisions of Section 265(b) of the Internal Revenue Code of 1986, as amended, for purposes of the deduction by financial institutions for interest expense allocable to the Notes.

AVAILABILITY OF CONTINUING DISCLOSURE

The District prepares, in accordance with State law, annual audited financial statements and files such annual audits with the State Office of Policy and Management within six months of the end of its fiscal year. The District provides, and will continue to provide, to the rating agencies ongoing disclosure in the form of annual audited financial statements, adopted budgets and other materials relating to its management and financial condition as may be necessary or requested.

In accordance with the requirements of Rule 15c2-12(b)(5) promulgated by the Securities and Exchange Commission, the District will agree to provide, or cause to be provided, timely notice of the occurrence of certain events, within 10 days of the occurrence of such events, with respect to the Notes pursuant to a Continuing Disclosure Agreement to be executed by the District substantially in the form attached as Appendix C to this Official Statement.

The District has previously undertaken in continuing disclosure agreements entered into for the benefit of holders of certain of its general obligation bonds and notes to provide annual financial information and event notices pursuant to Rule 15c2-12. In the last five years, to the best of its knowledge, the District has not failed to comply with its obligations under its continuing disclosure agreements, except as follows. The District recently determined that certain of its annual financial information filings, which were timely filed, were not properly associated with all of the CUSIP numbers of its outstanding securities, including certain issues that were defeased (and subsequently retired). The District has amended the affected filings to properly associate them with the proper CUSIP numbers, and put in place compliance procedures to assure future filings are properly associated.

AUTHORIZATION AND PURPOSE

The District has the power to incur indebtedness as provided by the Connecticut General Statutes and the District Charter. As of the date of this Official Statement the District has authorized debt for various water, sewer and combined funding capital projects in the aggregate amount of \$2,538,922,096 of which \$816,968,379 has previously been funded, leaving a total of \$1,721,953,717 of authorized and unissued debt. See "Authorized But Unissued Debt – The District" herein. The Notes are being issued to finance various capital improvement projects of the District as set forth herein. See "Use of Note Proceeds" herein.

RATINGS

No application has been made for a rating on the Notes. Currently the District has credit ratings of “Aa1” from Moody’s Investors Service, Inc. and “AA+” from Standard & Poor’s, a division of The McGraw-Hill Companies, Inc. on its outstanding general obligation bonds.

The ratings reflect only the views of the rating agencies and an explanation of the significance of such ratings may be obtained from Moody’s Investors Service, Inc., 7 World Trade Center at 250 Greenwich Street, New York, New York 10007 and Standard and Poor’s, 55 Water Street, 45th Floor, New York, New York 10041, respectively. There is no assurance that the ratings will continue for any given period of time or that it will not be lowered or withdrawn entirely by such rating agencies if in its judgment circumstances so warrant. Any such downward change in or withdrawal of ratings may have an adverse affect on the marketability or market price of the District’s bonds and notes.

TAX MATTERS

The Internal Revenue Code of 1986, as amended (the “Code”), imposes certain requirements which must be met at and subsequent to delivery of the Notes in order that interest on the Notes be, and continue to be, excludable from gross income for federal income tax purposes. Noncompliance with such requirements could cause interest on the Notes to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Notes, irrespective of the date on which such noncompliance occurs. The Tax Regulatory Agreement, which will be executed and delivered by the District concurrently with the Notes, contains representations, covenants and procedures relating to the use, expenditure and investment of proceeds of the Notes in order to ensure compliance with such requirements of the Code. Pursuant to the Tax Regulatory Agreement, the District also covenants and agrees that it shall perform all things necessary or appropriate under any valid provision of law to ensure interest on the Notes shall be excludable from gross income for federal income tax purposes under the Code. Failure to comply with certain of such requirements may cause interest on the Notes to be included in gross income for federal income tax purposes retroactively to the date of the issuance of the Notes.

In the opinion of Bond Counsel, based on existing statutes and court decisions and assuming continuing compliance by the District with its covenants and the procedures contained in the Tax Regulatory Agreement, interest on the Notes is excludable from gross income for federal income tax purposes and is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax. Interest on the Notes is, however, includable in adjusted current earnings for purposes of computing the federal alternative minimum tax imposed on certain corporations.

Ownership of the Notes may also result in certain collateral federal income tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, certain foreign corporations doing business in the United States, certain S corporations with excess passive income, individual recipients of Social Security and Railroad Retirement benefits, taxpayers utilizing the earned income credit and taxpayers who have or are deemed to have incurred indebtedness to purchase or carry tax exempt obligations, such as the Notes. Prospective purchasers of the Notes, particularly those who may be subject to special rules, are

advised to consult their own tax advisors regarding the federal tax consequences of ownership and disposition of, or receipt of interest on, the Notes.

In the opinion of Bond Counsel, based on existing statutes, interest on the Notes is excluded from Connecticut taxable income for purposes of the Connecticut income tax on individuals, trusts and estates, and is excluded from amounts on which the net Connecticut minimum tax is based in the case of individuals, trusts and estates required to pay the federal alternative minimum tax.

Prospective purchasers of the Notes are advised to consult their own tax advisors regarding other State and local tax consequences of ownership and disposition of and receipt of interest on the Notes.

Note Premium

Notice 94-84, 1994-2 C.B. 559, states that the Internal Revenue Service (the "Service") is studying whether the stated interest portion of the payment at maturity on a short-term debt obligation (such as the Notes), that matures not more than one year from the date of issue, bears a stated fixed rate of interest and is described in Section 103(a) of the Code, is (i) qualified stated interest that is excluded from the stated redemption price at maturity of the obligation (within the meaning of Section 1273 of the Code) but is excluded from gross income pursuant to Section 103(a) of the Code, or (ii) is not qualified stated interest and, therefore, is included by the taxpayer in the stated redemption price at maturity of the obligation, creating or increasing (as to that taxpayer) original issue discount on the obligation that is excluded from gross income pursuant to Section 103(a) of the Code. Notice 94-84 states that until the Service provides further guidance with respect to tax-exempt short-term debt obligations, a taxpayer holding such obligations may treat the stated interest payable at maturity either as qualified stated interest or as included in the stated redemption price at maturity of the obligation. However, the taxpayer must treat the amounts to be paid at maturity on all tax-exempt short-term debt obligations in a consistent manner. Notice 94-84 does not address various aspects necessary to the application of the latter method (including, for example, the treatment of a holder acquiring its Note other than in the original public offering or at a price other than the original offering price). Each prospective purchaser of the Notes should consult its own tax advisor with respect to the tax consequences of ownership of and of the election between the choices of treatment of the stated interest payable at maturity on the Notes.

To the extent that a purchaser of a Note who treats the stated interest payable at maturity as qualified stated interest (as described above) acquires the Note at a price greater than the aggregate amount (other than such qualified stated interest) payable on such Note, such excess will constitute "bond premium" under the Code. Section 171 of the Code, and the Treasury Regulations promulgated thereunder, provide generally that bond premium on a non-callable tax-exempt obligation must be amortized over the remaining term of the obligation; the amount of premium so amortized will reduce the owner's basis in such Note for federal income tax purposes, but such amortized premium will not be deductible for federal income tax purposes. Consequently, an owner of a Note who purchased the Note with bond premium and held the Note until paid at maturity generally will not realize tax gain or loss on such Note. The rate and timing of the amortization of the bond premium and the corresponding basis reduction may result in an owner realizing a taxable gain when a Note owned by such owner is sold or disposed of for an amount equal to or in some circumstances even less than the original cost of the Note to the owner. Each prospective purchaser should consult its own tax advisors as to the computation and treatment of such amortizable bond premium, including, but not limited to, the calculation of gain or loss upon the sale, maturity or other disposition of a Note.

General

The opinion of Bond Counsel is rendered as of its date and is based on existing law, which is subject to change. Bond Counsel assumes no obligation to update or supplement its opinion to reflect any facts or circumstances that may come to their attention, or to reflect any changes in law that may thereafter occur or become effective.

Legislation affecting state and municipal bonds is regularly under consideration by the United States Congress. For example, the President of the United States has submitted proposals to Congress that would, among other things, limit the value of tax-exempt interest for higher-income taxpayers. Such proposals, or other proposals, could affect the tax exemption of interest on, or the market price or marketability of tax-exempt bonds, such as the Notes. No assurance can be given with respect to the impact of future legislation on the Notes. Prospective purchasers of the Notes should consult their own tax and financial advisers regarding such matters.

CONSIDERATIONS FOR NOTEHOLDERS

In making an investment decision with respect to the Notes, investors should consider carefully the information in this Official Statement and, in addition to those investment characteristics of short-term, fixed-rate municipal debt obligations, consider the following factors.

Current Federal budget proposals would limit the value of the tax exempt nature of interest on the Notes. The President's budget proposal contemplates limiting the value of tax exempt interest, among other things, to a 28% rate, so taxpayers with a higher marginal rate will not have the equivalent benefit of full tax exemption. Any federal budget that is passed may contain similar or different limitations on the tax exempt nature of the Notes.

If the District fails to comply with the terms of certain federal and state environmental orders, it could be subject to penalties or restrictions on its operations that would impair its financial performance. If the MDC were unable to comply with the terms of the federal and state orders referred to under "Clean Water Project" on page 18, regulators could take action to force the MDC to comply. This could include monetary penalties, injunctive proceedings, and amendments to these orders. These amendments could impose a requirement to proceed more swiftly in the MDC's efforts, and this may increase the cost of compliance. In addition, regulators could impose additional and more burdensome conditions in the MDC's permits, or seek to prevent new connections until compliance was achieved. These steps could increase the MDC's rates, adversely affect economic development, and otherwise materially adversely affect the MDC and its customers.

A significant portion of the District's Clean Water Project is expected to be funded through federal and state loans and grants. The District currently expects grants and low interest loans from the State Clean Water Fund will fund 45-50% of the costs of the Clean Water Project. If the Clean Water Fund has insufficient resources to fund the Clean Water Project at this level, the District may be required to issue more debt than it expects, or seek other financing, which will put the District's finances under greater pressure. The Clean Water Fund receives significant funding from the Federal government, and a failure of the Federal government to continue necessary support could lead to these consequences.

The District could seek protection from its creditors under the Federal Bankruptcy Act. Under current law, the District is prohibited from filing for bankruptcy without the consent of the Governor of the State of Connecticut. The operations of the District as a whole could force it to seek such protection, as have other municipal bodies in other states.

II. LEGAL AND OTHER INFORMATION

LITIGATION

The District

The Metropolitan District (the “District”) is the defendant in a number of lawsuits. It is the opinion of the District Counsel that none of the lawsuits will have a material adverse effect on the financial position of the District. In addition, please see discussion regarding the Connecticut Resources Recovery Authority (the “CRRRA”) under “District Functions” on page 16 herein.

CLOSING DOCUMENTS

Upon the delivery of the Notes, the winning purchaser(s) will be furnished with the following:

1. A Signature and No Litigation Certificate stating that at the time of delivery no litigation is pending or threatened affecting the validity of the Notes or the levy or collection of taxes to pay them.
2. A Certificate on behalf of the District signed by the Deputy Chief Executive Officer of Business Services/Chief Financial Officer/Treasurer, which will be dated the date of delivery and attached to a signed copy of the Official Statement, and which will certify, to the best of said official’s knowledge and belief, that at the time bids on the Notes were accepted, the descriptions and statements in the Official Statement relating to the District and its finances were true and correct in all material respects and did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and that there has been no material adverse change in the financial condition of the District from that set forth in or contemplated by the Official Statement.
3. A receipt for the purchase price of the Notes.
4. The approving opinions of Hinckley, Allen & Snyder, LLP, Bond Counsel, of Hartford, Connecticut and Finn Dixon & Herling LLP, Bond Counsel, of Stamford, Connecticut substantially in the form of Appendix B attached hereto.
5. An executed Continuing Disclosure Agreement for the Notes substantially in the form of Appendix C attached hereto.

The District has prepared an Official Statement for the Notes which is dated October 17, 2013. The District deems such Official Statement final as of its date for purposes of SEC Rule 15c2-12(b)(1), but it is subject to revision or amendment. The District will make available to the winning purchaser(s) of the Notes 25 copies of the Official Statement at the District’s expense within seven business days of the bid opening. Additional copies may be obtained by the winning purchaser at its own expense by arrangement with the printer.

CONCLUDING STATEMENT

This Official Statement is not to be construed as a contract or agreement between the District and the purchaser or holders of any of the Notes. Any statements made in this Official Statement involving matters of opinion or estimates are not intended to be representations of fact, and no representation is made that any of such opinion or estimate will be realized.

No representation is made that past experience, as might be shown by financial or other information herein, will necessarily continue or be repeated in the future. Neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date hereof. References to statutes, charters, or other laws herein may not be complete and such provisions of law are subject to repeal or amendment.

Certain information herein has been derived by the District from various officials, departments and other sources and is believed by the District to be reliable, but such information, other than that obtained from official records of the District, has not been independently confirmed or verified by the District and its accuracy is not guaranteed.

This Official Statement has been duly prepared and delivered by the District, and executed for and on behalf of the District by the following official:

**THE METROPOLITAN DISTRICT
OF HARTFORD COUNTY, CONNECTICUT**

By: /s/ John M. Zinzarella

*John M. Zinzarella, Deputy Chief Executive Officer of
Business Services/Chief Financial Officer/Treasurer*

October 17, 2013

[THIS PAGE INTENTIONALLY LEFT BLANK]

PART II
INFORMATION CONCERNING
THE METROPOLITAN DISTRICT, HARTFORD COUNTY, CONNECTICUT
October 17, 2013

This Part II contains information through October 17, 2013, concerning the Metropolitan District, Hartford County, Connecticut (the "District") and includes the December 31, 2012 audited financial statements of the District prepared in accordance with generally accepted accounting principles ("GAAP") as Appendix A. The reader should refer to the Information Supplement, if any, set forth in this Official Statement immediately preceding this Part II. This Part II and the Information Supplement that precedes it, if any, and any appendices attached thereto, should be read collectively and in their entirety.

I. THE ISSUER

DESCRIPTION OF THE DISTRICT

The Metropolitan District was created by the Connecticut General Assembly in 1929 and operates as a quasi-municipal corporation of the State of Connecticut under Act No. 511 of the 1929 Special Acts of the State of Connecticut, as amended. The District's purpose is to provide, as authorized, a complete, adequate and modern system of water supply, sewage collection and disposal facilities for its member municipalities. Additionally, as a result of a Charter amendment approved by the Connecticut General Assembly in 1979, the District is also empowered to construct, maintain, and operate hydroelectric dams. The member municipalities incorporated in the District are the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor (the "Member Municipalities"). The District also provides sewage disposal facilities and supplies water, under special agreements, to non-member towns and state facilities. These towns currently include Berlin, East Granby, Farmington, Glastonbury, Manchester, New Britain, Portland, South Windsor, Unionville and Windsor Locks.

ORGANIZATIONAL CHART

THE DISTRICT BOARD

A 29-member Board of Commissioners, referred to as the District Board, governs the District. The Member Municipalities appoint seventeen of the commissioners, eight are appointed by the Governor, and four are appointed by the leadership of the Connecticut State Legislature. Appointments made by municipalities having three or more members are subject to the minority representation provisions of Section 9-167a of the Connecticut General Statutes. All commissioners serve without remuneration for terms of six years.

DISTRIBUTION OF COMMISSION MEMBERSHIP

	Commissioners	Appointed By:		
		Member Municipality	Governor	Connecticut State Legislature
Bloomfield.....	1	1	0	0
East Hartford.....	4	3	1	0
Hartford.....	9	6	3	0
Newington.....	2	1	1	0
Rocky Hill.....	1	1	0	0
West Hartford.....	4	3	1	0
Wethersfield.....	2	1	1	0
Windsor.....	2	1	1	0
District at Large.....	4	0	0	4
Total.....	29	17	8	4

POWERS AND RESPONSIBILITIES OF THE DISTRICT BOARD

The District Board is authorized to establish ordinances or bylaws; organize committees and bureaus; define the powers and duties of such bodies; fix salaries and define the duties of all officers and employees; appoint deputies to any officers or agents of the District; and issue negotiable bonds, notes or other certificates of debt to meet the cost of public improvements or to raise funds in anticipation of taxes or water revenue, which debt shall be an obligation of the District and its inhabitants. The District Board has the power to levy a tax upon the Member Municipalities to finance the operational and capital budget of the General Fund.

The District Board refers a proposed budget of revenues and expenditures to the Board of Finance annually. The Board of Finance reviews the proposed budget, makes adjustments, if desired, and refers it back to the District Board for final enactment.

Capital project appropriations to be financed by the issuance of bonds, notes and other obligations of the District are subject to approval of the District Board upon recommendation of the Board of Finance.

ADMINISTRATION

Responsibility for the overall administration and management of District policy, operations and services rests with the Chief Executive Officer. In 2011, the District reorganized its internal structure to meet the ongoing demands of the District’s Clean Water Project, the District’s Asset Management Program and normal operations into two functions under the Deputy CEO of Engineering and Operations, and the Deputy CEO of Business Services. The Deputy CEO of Engineering and Operations is responsible for design and construction of the District’s Clean Water Project, Asset Management and capital planning programs, engineering, maintenance operations, solid waste, water pollution control, water treatment and supply, and the customer service functions of the District. The Deputy CEO of Business Services has responsibility for the District’s accounting, treasury, budget, purchasing, human resources, information technology, risk management and environment, health and safety functions. The Chief of Program Management has direct responsibility for the design and construction of all the Districts projects, including the Clean Water Project.

Connecticut General Statutes Sections 7-473c, 7-474, and 10-153a to 10-153n provide a procedure for binding arbitration of collective bargaining agreements between municipal employers and organizations representing municipal employees, including certificated teachers and certain other employees. The legislative body of an affected municipality may reject an arbitration panel's decision by a two-thirds majority vote. The State and the employee organization must be advised in writing of the reasons for rejection. The State then appoints a new panel of either one or three arbitrators to review the decisions on each of the rejected issues. The panel must accept the last best offer of either party. In reaching its determination, the arbitration panel gives priority to the public interest and the financial capability of the municipal employer, including consideration of other demands on the financial capability of the municipal employer.

DISTRICT FUNCTIONS

Principal functions of the District are the development and maintenance of sewer and water systems within the boundaries of its Member Municipalities. Additionally, as a result of Charter amendments approved by the Connecticut General Assembly, the District is also empowered to construct, maintain and operate hydroelectric dams.

The District's Bureau of Public Works is responsible for the sewer system, which includes collection, transmission and treatment of sewage from within boundaries of the Member Municipalities and treatment of sewage received from non-member municipalities per special agreement. Commissioners appointed to the Bureau of Public Works are empowered to authorize the layout and construction of additions and improvements to the sewer system, assessment of betterments on property abutting the sanitary sewer line, deferral of assessment as authorized by ordinance and such other matters that by charter, bylaw or ordinance must first be voted upon by the Bureau and then referred to the District Board for final authorization. Public hearings are held during the month at which time the Bureau members act as a court for the assessment of betterments and appraisal of damages. Any party claiming to be aggrieved may take an appeal to the Superior Court of the Judicial District of Hartford.

The District's Water Bureau is responsible for the water system that includes storage, transmission, treatment and distribution of water to customers. In addition, the Water Bureau is responsible for acquisition, construction and operation of hydroelectric plants. Commissioners appointed to the Water Bureau are empowered to make such bylaws or regulations for the preservation, protection and management of the water operations as may be deemed advisable. These include the power to establish rates for the use of water, and to adopt rates for the assessment of benefits upon lands and buildings resulting from installation of water mains and service pipes.

Several other committees are appointed by the District Board to carry out various other functions.

Additionally, the General Assembly of the State of Connecticut passed special legislation enabling the District to maintain a series of parks (developed by Riverfront Recapture) along the Connecticut River. The cost of maintaining Riverfront Recapture's parks is incorporated into the District's water budget and recovered through water rates.

The District also engages in surveying and mapping as a service to its Member Municipalities and its own operations.

CRRA

The Connecticut Resources Recovery Authority (the "CRRA") and the District entered into a contract dated December 31, 1984, which defined the responsibilities of both parties with respect to the Mid-Connecticut Resource Recovery Facility. The agreement detailed contractual obligations of the District with respect to the operation of the waste-processing facility, the transfer stations, the Hartford landfill and the transportation systems between the transfer stations, the Hartford landfill and the waste processing facilities, as well as the contractual obligations of the CRRA to compensate and indemnify the District for its services.

The term of the initial contract was for twenty seven (27) years and the CRRA had the option to extend the contract for an additional twenty (20) years under the same terms and conditions. The contract terminated on December 31, 2011. The Metropolitan District Commission has been displaced from the Mid-Connecticut Project and the CRRA has contracted with a private contractor.

As of December 30, 2011, there were 82 District employees directly assigned to manage, repair, maintain and/or operate the facilities and processes under the Mid-Connecticut Project. Through agreements with two of its three affiliated bargaining units, the District agreed to relocate vested employees (those over ten years of continuous service) into capital improvement projects. Between the two bargaining units, there were 37 employees with ten years or more of continuous service. Of the 37 employees, three chose to retire with the remainder still actively employed.

As of December 30, 2011, there were 28 employees assigned to the Mid-Connecticut Project with less than ten years of service. These employees were either re-assigned to existing operational budgeted positions or were placed on lay-off status.

The District and CRRA have given the requisite notices to enter binding arbitration to resolve a dispute related to costs concerning the termination of the CRRA contract and other disputed issues. In addition, the District has moved in State court for prejudgment remedies to protect its claims. A hearing on prejudgment remedies was held on May 9, 2013 and several days thereafter. The District is expecting a decision by mid November 2013.

Source: District Officials.

Treatment: Water pollution control operations include the primary and secondary treatment of wastewater that flows into the facilities, septic tank loads received at the Hartford facility, and sludge delivered from non-member towns. All treatment processes are in compliance with the District’s National Pollution Discharge Elimination permits issued by the State’s Department of Energy and Environmental Protection (“DEEP”).

Regulatory Compliance: The District entered into a consent order and a consent decree with the State Department of Environmental Protection, the U.S. Department of Justice, and the U.S. Environmental Protection Agency to address sanitary sewer overflow, nitrogen reduction, and combined sewer overflow issues. On November 6, 2006, the voters of the District approved an \$800,000,000 referendum, “Clean Water Project”, to implement components of the previously mentioned consent order and decree. On November 6, 2012 the voters of the District approved a second \$800,000,000 referendum for the “Clean Water Project”.

Maintenance/Replacement: The District’s maintenance of its sewer system is part of the annual sewer operational budget. The District’s replacement program is funded through appropriations under the District’s Capital Improvement Budget.

Revenue: Effective January 1, 1982, the District formally adopted the Adjusted Ad Valorem sewer user charge method of funding its sewer operations. This method of funding allocates the estimated cost of providing sewer services to customers based on actual use of the sewer system. More specifically, the Adjusted Ad Valorem sewer user charge method recovers sewer system costs from three separate user classifications: (1) low flow users (less than 25,000 gallons of discharge per day); (2) high flow users (more than 25,000 gallons per day); and (3) non-municipal tax-exempt users.

Revenue from low flow users is derived from the tax levied on the MDC’s member municipalities and is shown under the revenue item “Tax on Member Municipalities”.

Revenue from high flow users is based on actual sewer flow discharges from those users. A surcharge is levied on high flow users whose share of costs, based on flow, exceeds the portion of their annual property tax payments rendered in support of the District’s sewer system. Conversely, high flow users are eligible for year-end rebates if their user charge, based on flow, is less than the portion of the property tax they pay in support of sewer services.

Revenue from non-municipal tax-exempt properties is based on sewer flows from those properties. In addition, sewer user charge revenues from non-member municipalities, per written agreement, are based on actual sewer flows.

Cost Recovery: The District’s ability to recover costs associated with the operations of the sewer system is defined in its Charter and Ordinances. Authority to levy a tax on the member municipalities and to bill a Sewer User Charge is defined in Chapters 3 and 10, respectively, of the District Charter. Specific ordinances relating to the District’s Adjusted Ad Valorem Sewer User Charge are found in Section 12 of the District’s General Sewer Ordinances.

SEWER USER CHARGE
As of January 1
(Per Hundred Cubic Feet)

2013	2012	2011	2010	2009	2008	2007	2006
\$2.50	\$2.43	\$2.35	\$2.08	\$2.08	\$2.08	\$1.96	\$1.84

Section 12 of the District’s Sewer Ordinances was amended on October 1, 2007 by the District Board to allow the implementation of a special sewer service surcharge to fund the debt issued for the Clean Water Project. The District currently has outstanding general debt commitments that can be paid by the District from this Special Sewer Service Surcharge. The District’s \$85 million Clean Water Project Revenue Bonds issued on June 19, 2013 are being repaid from a portion of the surcharge. These Bonds are not a general obligation of the District.

SPECIAL SEWER SERVICE SURCHARGE
As of January 1
(Per Hundred Cubic Feet)

CLEAN WATER PROJECT*

The Clean Water Project will address approximately one billion gallons of combined wastewater and storm water currently released each year to area waterways. The Project is in response to an EPA SSO federal consent decree and a Connecticut DEP CSO consent order to achieve the Federal Clean Water Act goals by 2020. The District’s goal is to fund 15-20% of the entire project with State and Federal grants; an additional 30% with State and Federal low-cost loans, and the remainder with open market debt. Project financing is expected to be repaid with a Special Sewer Service Surcharge to customers’ water bills. The Special Sewer Service Surcharge is expected to increase annually up to an estimated \$5.45 per hundred cubic feet of usage by Fiscal Year 2021.

The total cost of the Clean Water Project is estimated at approximately \$2.1 billion. An \$800 million appropriation was approved by the voters of the Member Municipalities at referendum in November 2006 for Phase I of the Clean Water Project. An appropriation for an additional \$800 million for Phase II of the Clean Water Project was approved by the voters of the Member Municipalities at referendum on November 6, 2012.

The District issued \$85.0 million in Clean Water Project Revenue Bonds on June 19, 2013. The bonds are being repaid from a portion of the Special Sewer Service Surcharge and are not a general obligation of the District.

*Note: The Clean Water Project, so called, should not be confused with references herein to the “Clean Water Fund”, a program of the State of Connecticut to provide loans and grants to municipal entities for funding sewerage projects generally.

III. WATER OPERATIONS

Shortly after the District was created in 1929, approval was obtained from the Connecticut General Assembly and the member municipalities' electorates to construct the Barkhamsted Reservoir located on the east branch of the Farmington River in the towns of Barkhamsted and Hartland. The Barkhamsted Reservoir is the largest single water supply reservoir in Connecticut and has a capacity of 30.3 billion gallons of water.

The District has sought and received legislative and voter approval for various water programs, all with the basic objective of providing a water supply and water distribution system sufficient in size to meet current and anticipated future needs. The District's average level of water production for 2012 was 48.68 million gallons per day.

Treatment: Standards for the quality of drinking water supplied to District customers are maintained in conformity with the public health code of the Connecticut Department of Public Health and as promulgated under Federal water quality standards, under the Safe Drinking Water Act.

The District is in compliance with the Safe Drinking Water Act, also known as Public Health Code Regulation 19-13-B102, “Standards for Quality of Public Drinking Water”, and all subsequent amendments. The District has consistently pursued a policy to provide its consumers a safe, potable water supply.

Maintenance/Replacement: The District’s maintenance of its water system is part of the annual water operational budget. Its replacement program is funded through appropriations under the District’s Capital Improvement Budget.

Revenue: The Public Utilities Regulatory Authority does not have jurisdiction to establish rates for the use of water but does require that the District maintain its accounting records for water operations in accordance with a uniform system of accounts prescribed for Class A water utilities. Setting of rates for the use of water is vested in the Water Bureau, and as required by Charter, rates must be uniform throughout the District.

Billing Cycles: The District currently has approximately 103,100 quarterly and monthly customers; approximately 101,000 of these accounts are billed quarterly, and the remaining 2,100 accounts are billed monthly.

Cost Recovery: The District’s ability to recover costs associated with the operation of the water system is defined in its Charter and Ordinances. Authority to establish rates is defined in Chapter 5 of the Charter. Specific ordinances relating to the above are found in Section W-I of the District’s Water Supply Ordinances.

IV. HYDROELECTRIC DEVELOPMENT PROGRAM

The District's current hydroelectric program consisting of generating facilities at the Goodwin Dam in Hartland, Connecticut and at the Colebrook River Dam in Colebrook, Connecticut, was approved by the District Board on July 20, 1982. The Goodwin station began producing power on February 5, 1986, with commercial operations commencing on April 2, 1986. The Colebrook power station began producing power in May 1988, with full commercial operation commencing later that summer.

The District has agreements with the Connecticut Light & Power Company ("CL&P") for the purchase of electricity generated by the Colebrook and Goodwin generating facilities.

Deregulation: The Connecticut State Legislature mandated that CL&P divest its generating facilities and renegotiate all of its private power producer contracts. The District and CL&P negotiated a buydown agreement, effective March 1, 2001, for the original electrical power production contracts for the Colebrook and Goodwin generating facilities. The Metropolitan District received \$13,000,000 from the original buydown agreement.

The negotiated buydown agreement requires CL&P to purchase electricity from the District's Colebrook and Goodwin power generating facilities over the remaining life of the original contract. The Goodwin contract expires February 5, 2016, and the Colebrook contract expires March 31, 2017.

Revenues from power sales and from the buydown agreement are estimated by the District to be adequate to finance budget commitments applicable to the hydroelectric program.

Operations and Maintenance: The maintenance of the District's hydroelectric facilities is part of the annual hydroelectric budget. Appropriations for operating and maintenance expenses are established annually as part of the overall budget process, and these expenses are funded primarily from power sales and proceeds from the CL&P and District buydown agreement.

¹ MetLife has recently announced the consolidation of offices throughout the country to two campuses to be built in North Carolina. The multiyear plan is expected to be completed in 2015, and will result in the loss of approximately 650 jobs at its Bloomfield facility. Source: 2012 Audited Financial Statements of Member Municipalities; Official Statements: February 2013 Bloomfield, February 2013 East Hartford, February 2013 Newington, April 2013 Windsor and July 2013 Rocky Hill.

Note: The information shown above was derived from information provided from various sources believed to be reliable as of the date provided. It should be noted the data may not reflect all consolidation or workforce reduction plans.

VI. TAX BASE DATA

TAX COLLECTION PROCEDURE

The method for taxing Member Municipalities is set forth in Section 3-12 of the District Charter which grants the District Board, acting on the recommendation of the Board of Finance, the power to levy tax upon the Member Municipalities sufficient to finance the District's budgeted expenses. The tax is divided among the Member Municipalities in proportion to the total revenue received yearly from direct taxation in each Member Municipality, as averaged over the prior three years.

VII. FINANCIAL INFORMATION

FISCAL YEAR

Financial information for the District for fiscal years ended December 31, 2008 through December 31, 2012 and for the Member Municipalities for fiscal years ended June 30, 2008 through June 30, 2012, was taken from audited financial statements. Budget and audited financial data for the Member Municipalities of the District was provided by the Member Municipalities.

The District's fiscal year begins January 1 and ends December 31. The fiscal year for the Member Municipalities begins July 1 and ends June 30.

BASIS OF ACCOUNTING AND ACCOUNTING POLICIES

The District's accounting system is organized and operated on a fund accounting basis, conforming to the Charter and Ordinances of the District, the Governmental Accounting Standards Board ("GASB"), Generally Accepted Accounting Principles ("GAAP") for municipalities, State of Connecticut Department of Public Utility Control requirements, and the American Institute of Certified Public Accountants industry audit guide, "Audits of State and Local Governmental Units". The District's proprietary funds apply all GASB pronouncements as well as follow pronouncements issued before November 30, 1989, unless they contradict GASB pronouncements: Statements and Interpretations of the Financial Accounting Standards Board, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedures. Please refer to Appendix A "Notes to the Financial Statements" herein for compliance and implementation details.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Actual data for the General Fund for the District and Member Municipalities is presented in this Official Statement on a modified accrual basis of accounting and a current financial resources measurement focus. Revenues are recorded when they become measurable and available to finance operations of the fiscal year and expenditures are recorded when the related liability has been incurred. Actual data for the Water Utility Fund, the Hydroelectric Fund, and the Mid-Connecticut Fund utilize the accrual basis of accounting or on a cost of services or "capital maintenance" measurement focus. Revenues are recognized when they are earned and their expenses are recognized when they are incurred. Budget data for the District and all Member Municipalities are presented on a budgetary non-GAAP basis, whereby encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order, contract or other commitment is issued; and accordingly, encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year. All unencumbered budget appropriations lapse at the end of each fiscal year. Actual expenditures include current encumbrances, which method of accounting for encumbrances is different from that utilized by the GAAP accounting method.

BUDGETARY PROCEDURES

The District Board refers annually a proposed budget of revenues and expenditures to the Board of Finance. The Board of Finance reviews the proposed budget, makes adjustments if desired, and refers it back to the District Board for final enactment.

Annual operating budgets are adopted for the General Fund and the Water Utility Enterprise Fund. Total fund budgets are adopted for the Hydroelectric Development Project Enterprise Fund and the Mid-Connecticut Project Internal Service Fund. The unencumbered balance of appropriations in the General Fund lapses at year-end. Encumbered appropriations are carried forward.

Capital project appropriations to be financed by the issuance of bonds, notes and other obligations of the District are subject to approval of the District Board upon recommendation of the Board of Finance.

The level of budgetary control is at the function level except for the engineering and planning, operations, water pollution control, plants and maintenance functions, which are controlled at the activity level due to the size of their operating budgets. Purchase amounts are encumbered prior to the release of purchase orders to vendors. Purchase orders that may result in an overrun of the budget line item within the sub-function level appropriation balances are not released until additional appropriations are made available. The Chief Executive Officer has the authority to

transfer budgeted amounts between items comprising an appropriation for a given department or activity level. Any revisions that alter total appropriations at the level of control must have the prior approval of the Board of Finance and the District Board.

DEBT ADMINISTRATION POLICY

Capital appropriations require approval by a two-thirds vote of the entire District Board and by a majority of the electors of the District at a referendum with the following exceptions:

1. Capital appropriations not exceeding \$5,000,000 for any single item within the capital section of the budgets.
2. Appropriations for any reason involving not more than \$10,000,000 in any one year for the purpose of meeting a public emergency threatening the lives, health or property of citizens of the District.
3. Construction of or leasing headquarters facilities.
4. Any public improvement all or a portion of which is to be paid for by assessments of benefits or from funds established to pay for waste or water facilities.

With the exception of the two \$800,000,000 appropriations and bond authorizations for the District's Clean Water Project approved at referenda in November, 2006 and November, 2012, which are expected to be supported by bonds payable from a Special Sewer Service Surcharge (see "*Clean Water Project*" and "*Authorized but Unissued Debt – The District*" herein), the District has followed a policy of financing capital expenditures by issuing general obligation bonds secured by unlimited taxes levied proportionately upon the Member Municipalities comprising the District (See "*Security and Remedies*" herein).

In addition to taxes, certain water charges, sewer user fees, and assessments are available to repay the general obligation bonds. Sewer bonds are payable from a municipal tax levy on each Member Municipality and from sewer user charges levied on tax-exempt and high-flow users. General obligation water bonds are paid from water sale revenues. Assessable sewer construction bonds are secured by liens against assessments on benefited properties. The receipts from assessments are deposited in a separate fund, and payments for debt service on assessable sewer construction bonds are made from such fund. Hydroelectric bonds are funded from power sales revenue deposited in a separate fund, and payments of the debt service on the Hydroelectric bonds are made from said fund.

ANNUAL AUDIT

Pursuant to its Charter and Connecticut law, the District is required to undergo an annual examination by an independent certified public accountant. The audit must be conducted under the guidelines issued by the State of Connecticut, Office of Policy and Management and a copy of the report must be filed with such Office within six months of the end of the fiscal year. For the fiscal year ended December 31, 2012, the examination was conducted by the firm of Blum, Shapiro & Company, P.C., independent certified public accountants and business consultants, of West Hartford, Connecticut. The firm was appointed by the Board of Finance.

PENSION PLAN

The District has a defined benefit, single-employer plan that was adopted by the District Board on January 1, 1944 and amended April 1, 1989. Per Section 1-5 of the District Charter, the District Board shall have the power to adopt a pension plan for the employees of the District and shall have the power to provide the management and prudent investment of pension funds in accordance with Connecticut General Statutes. By ordinance, the Personnel, Pension and Insurance Committee is charged with the responsibility for administering the District's retirement plan.

The investment of the District's plan is defined by the Immediate Participating Guarantee contract and Pension Plan Investment Policy. The assets of the Pension Plan are invested under a group annuity contract with the Aetna Life Insurance Company and with an independent investment manager in two types of accounts:

1. General Account providing a stable rate of return for deposits that become part of the general asset pool of Aetna Life Insurance.
2. Discretionary pension assets comprising employer and employee deposits under the management of Wellington Management Company LLP. Written guidelines for this account are adopted by the Personnel, Pension and Insurance Committee and confirmed by the District Board.

Participation in the plan is immediate upon employment for anyone below the normal retirement age of 65. Employees are required to contribute 5% of their annual covered salary. The District is required to contribute an actuarially determined amount to the pension plan. Currently, the District's contribution is 19.5% of annual covered payroll. The District's recommended contributions for 2011, 2012 and 2013 were \$15,050,472, \$5,347,556 and \$5,804,428, respectively.

Two-Year Trend Information			
<u>Year Ended</u>	<u>Annual Required Contribution (ARC)</u>	<u>Actual Contribution</u>	<u>% of ARC Funded</u>
MDC			
2011	\$4,948,298	\$4,633,200	94%
2012	\$5,347,556	\$5,822,098	109%
2013	\$5,804,428 *	\$5,857,000 *	101%
MidCT			
2011	\$10,102,174	\$0	0%

*Budgeted

As noted in the legal section of the offering statement, the MDC and CRRA are currently involved in arbitration with regard to the contract termination expenses. The contract agreement between the MDC and CRRA expired on December 31, 2011 and the 2011 MidCT annual required contribution amount, which was billed to CRRA, reflects a required contribution to bring the pension plan to 100% funding status with respect to MidCT employees at December 31, 2011.

Please refer to Appendix A "Basic Financial Statements" under section "Notes to Financial Statements - Note 4" herein for information on the District's Pension Plan.

OTHER POST EMPLOYMENT BENEFITS

The District provides health care and life insurance benefits for retired employees in accordance with union contracts. The District's personnel, pension and insurance committee established and empowered by the District's general ordinances establishes the benefit provisions and the employer's and employees' obligations. Substantially all of the District's employees qualify for retiree health care and life insurance benefits if they become eligible for retirement. Retiree health and life insurance benefits are provided through indemnity plans and health maintenance organizations and the District records the annual insurance premiums and claim costs in its expenditures or expenses as appropriate. The total District costs for health care and life insurance benefits for approximately 396 retirees for the year ended December 31, 2012 were \$5,318,090.

In 2004, the Governmental Accounting Standards Board issued Statement No. 43, Financial Reporting for Post Employment Benefit Plans Other than Pension Plans, which is effective for the District beginning with its financial statements for the year ended December 31, 2007. This pronouncement requires the recognition of post employment benefits as expenses as earned by employees, which requires recognition of a liability based upon actuarial factors similar to defined benefit pension plans.

The District has engaged its actuary to perform the required calculations and has determined that the unfunded actuarial accrued liability based upon a valuation date of January 1, 2012 was approximately \$221 million. Currently, the District follows a pay as you go methodology with respect to funding.

<u>Fiscal Year Ending</u>	<u>Annual OPEB Cost (AOC)</u>	<u>Actual Contribution</u>	<u>Percentage of AOC Contributed</u>
12/31/2009	15,120,029	4,873,081	32.2%
12/31/2010	15,691,061	5,155,361	32.9%
12/31/2011	19,247,038	26,995,985	140.3%
12/31/2012	14,346,459	7,932,085	55.3%
Net OPEB Obligation as of December 31, 2011.....			\$30,684,513
Net OPEB Obligation as of December 31, 2012.....			\$37,098,887

Please refer to Appendix A "Basic Financial Statements" under section "Notes to Financial Statements - Note 5" herein for information on the District's Post Employment Healthcare Plan.

INVESTMENT POLICIES AND PRACTICES

Connecticut General Statutes define the legal investments available to municipalities and establish criteria for financial institutions to receive municipal deposits.

Sections 7-400 and 7-402 allow municipalities to invest in certificates of deposit, municipal bonds and notes, obligations of the United States of America, including joint and several obligations of the Federal Home Loan Mortgage Association, the Federal Savings and Loan Insurance Corporation, obligations of the United States Postal Service, all the Federal Home Loan Banks, all Federal Land Banks, the Tennessee Valley Authority, or any other agency of the United States government and money market mutual funds.

Sections 3-27a through 3-27i allow for the purchases of participation certificates in the Short Term Investment Fund (“STIF”) managed by the State of Connecticut Treasurer. STIF’s primary investment vehicles are United States Government Obligations, United States agency obligations, United States Postal Service obligations, certificates of deposit, commercial paper, corporate bonds, savings accounts and bank acceptances.

Section 36a-330 defines the collateralization requirements and risk-based capital ratios for financial institutions to accept municipal deposits. A financial institution must collateralize varying levels of public deposits depending on its risk-based capital ratio. A qualified public depository (financial institution) must collateralize 10% of its deposits, if its risk-based capital ratio is above 10%. However, if the public depository’s risk-based capital ratio is greater or equal to 8% but less than 10%, the public depository must collateralize 25% of its total public deposits. A financial institution must provide collateral equal to 100% of its public deposits, if its risk-based capital ratio is greater than or equal to 3% but less than 8%. If the financial institution’s risk-based capital is less than 3%, the firm’s public deposits must be collateralized at 120%.

DISTRICT CASH MANAGEMENT INVESTMENT POLICY

The District’s Cash Management Investment Policy further defines the investment and deposit of District funds. This policy is the direct responsibility of the Board of Finance with oversight of the District Board. The District’s funds are deposited and invested with qualified public depositories that have a risk-based capital ratio greater than or equal to 10%. In addition, the only investments allowed under this policy are obligations of the United States and certain of its agencies, fully collateralized repurchase agreements of such investment, certificates of deposit, the State of Connecticut Short Term Investment Fund, custodial pools, investment companies or investment trusts.

The District’s Cash Management Investment Policy defines the primary objectives of investment activities as safety, liquidity and return on investment.

RISK MANAGEMENT

The District purchases commercial insurance for all risks of loss except as follows. The District is self insured for health care, workers’ compensation claims up to \$500,000 for each accident, deductibles for property damage up to \$100,000 for each location and general and automobile liability up to \$250,000 for each incident. Additionally, the District has provided for \$1.0 million of excess coverage for liability coverage with no limits for workers’ compensation excess coverage. The District established an internal service fund, the self-insurance fund, to account for and finance the retained risk of loss.

COMPENSATED ABSENCES

The District’s full liability for accumulated unpaid vacation, sick pay and other employee accounts is accrued in proprietary funds (using the accrual basis of accounting). Such amounts are also recorded for governmental funds. In accordance with GAAP, the amount of the liability expected to be liquidated with expendable available financial resources is accrued in the individual fund. Additional expenditures are accrued only to the extent that anticipated compensated absences will be used in excess of a normal year’s accumulation based on historical data. The remaining liability is recorded in the general long-term obligations account group. Accrued compensated absences as of December 31, 2012 were \$6,376,048.

¹ On a budgetary basis, encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order, contract or other commitment is issued, and accordingly, encumbrances outstanding at year end are reflected in budgetary reports as expenditures in the current year. This accounting treatment is different from that utilized under GAAP. All unencumbered budget appropriations lapse at the end of each fiscal year.

² In fiscal year 2007, the Administrative Services Department was combined with the Financial Services Department; the Human Services Department was combined with Leisure Services Department; and the Town's payment to MDC was moved from the Public Works Department to Debt and Sundry.

³ In the fiscal year 2008 the Facilities Services Department was separated from the Financial Services Department.

⁴ Restated.

⁵ In fiscal year 2010, all Risk Management costs (Health, Workers Compensation, etc.) were transferred from individual departments to Debt and Sundry.

Total Long-Term Debt.....			\$643,135,370	\$510,231,769	

Short-Term Debt:

The District will issue \$15,500,000 in General Obligation Bond Anticipation Notes, Series C, on November 5, 2013 to temporarily finance various sewer, water and public improvement projects of the District, and \$30,000,000 in

General Obligation Bond Anticipation Notes, Series D on November 5, 2013 to finance its Clean Water Project. The Notes will mature on March 25, 2014.

The District issued \$87,446,000 in General Obligation Bond Anticipation Notes, Series A and \$100,000,000 General Obligation Bond Anticipation Notes, Series B on June 19, 2013 to temporarily finance various sewer, water and public improvement projects of the District. The Notes will mature on March 25, 2014.

The District issued \$21,775,000 in General Obligation Bond Anticipation Notes on March 26, 2013 to temporarily finance various sewer, water and public improvement projects of the District. The Notes will mature on March 25, 2014.

The District currently has \$109,075,682.32 of outstanding Interim Funding Obligations (“IFO’s”) issued under the State of Connecticut’s Clean Water Fund Program and Drinking Water State Revolving Fund Program. The amount drawn to date is \$37,122,027.79.

Other Long-Term Commitments:

The District has no other general obligation long term commitments.

CLEAN WATER FUND PROGRAM

The Metropolitan District is a participant in the State of Connecticut’s Clean Water Fund Program (Connecticut General Statutes Section 22a-475 et seq., as amended) which provides financial assistance through a combination of grants and loans bearing interest at the rate of 2% per annum. All participating municipalities receive funding for eligible expenses of 20% grant and 80% loan, except for combined sewer overflow projects (50% grant and 50% loan) and denitrification projects (30% grant and 70% loan). Loans are made pursuant to a Project Loan and Grant Agreement. During construction the municipality enters into a short-term borrowing agreement with the State called an Interim Funding Obligation (“IFO”) from which it pays project costs as needed. Each municipality is obligated to repay only that amount which it draws down for the payment of project costs. Upon project completion a 20-year debt obligation called a Project Loan Obligation (“PLO”) is issued to the State. The municipal obligations issued to the State are secured by the full faith and credit of the municipality and/or a dedicated source of revenue of such municipality.

Amortization of each loan is required to begin one year from the earlier of the scheduled completion date specified in the Loan Agreement or the actual project completion date. The final maturity of each loan is twenty years from the scheduled completion date. Principal and interest payments are made (1) in monthly installments commencing one month after the scheduled completion date, or (2) in single annual installments representing 1/20 of total principal not later than one year from the scheduled completion date specified in the Loan Agreement repayable thereafter in monthly installments. Monthly installments may be in level debt service or amortized with level principal. Loans made under loan agreements entered into prior to July 1, 1989 are repayable in annual installments. Borrowers may prepay their loans at any time prior to maturity without penalty.

DRINKING WATER STATE REVOLVING FUND PROGRAM

The Metropolitan District is a participant in the State of Connecticut’s Drinking Water State Revolving Fund Program (General Statutes Sections 22a-475 et seq., as amended), which provides financial assistance through loans bearing interest at rates ranging from 2% to 3% per annum and grants.

Loans and grants are made pursuant to a Project Loan and Subsidy Agreement. Each municipality is obligated to repay only that amount that is drawn down for the payment of project costs (“Loan Agreement”). Each municipality must deliver to the State an obligation secured by the full faith and credit of the municipality and/or a dedicated source of revenue of such municipality.

The amortization requirements, payment schedule and prepayment provisions are the same as under the Clean Water Fund Program.

¹ The Member Municipalities' share of the District's Net Direct Debt is based on the annual tax levy of each Member Municipalities as of Fiscal Year 2012-13.

² Excludes \$395,727,593 of Interim Funding Obligations (IFO's), Permanent Loan Obligations (PLO's), General Obligation Bonds and Notes issued pursuant to authorizations totaling \$1.6 billion for the District's Clean Water Project. These obligations are expected to be supported by a Special Sewer Service Surcharge levied annually and added to customers' water bills, beginning in 2008. See pages 19 and 72 herein for further details.

³ Estimate.

BOND AUTHORIZATION

The District has the power to incur indebtedness by issuing its bonds or notes as authorized by the General Statutes of the State of Connecticut subject to applicable debt limitations and the procedural requirements of the District Charter.

TEMPORARY FINANCING

When general obligation bonds have been authorized, bond anticipation notes may be issued with maturity dates not exceeding two years (CGS Sec. 7-378). Temporary notes may be renewed up to ten years from their original date of issue if the legislative body schedules principal reductions by the end of the third year and for all subsequent years during which such temporary notes remain outstanding. The term of the bond issue is reduced by the amount of time temporary financing exceeds two years, or, for sewer projects, by the amount of time temporary financing has been outstanding.

Temporary notes must be permanently funded no later than ten years from the initial borrowing date except for sewer notes issued in anticipation of State and/or Federal grants. If a written commitment exists, the municipality may renew the notes from time to time in terms not to exceed six months until such time that the final grant payments are received (CGS Sec. 7-378b).

Temporary notes may also be issued for up to fifteen years for certain capital projects associated with the operation of a waterworks system (CGS Sec. 7-244a) or a sewerage system (CGS Sec. 7-264a). In the first year following the completion of the project(s), or in the sixth year (whichever is sooner), and in each year thereafter, the notes must be reduced by at least 1/15 of the total amount of the notes issued by funds derived from certain sources of payment.

Temporary notes may be issued in one year maturities for up to fifteen years in anticipation of sewer assessments receivable, such notes to be reduced annually by the amount of assessments received during the preceding year (CGS Sec. 7-269a).

LIMITATION ON INDEBTEDNESS

The District Charter provides that the total outstanding indebtedness of the District, for non-water purposes, shall not exceed:

5.00% of the combined Grand Lists of its Member Municipalities.

In accordance with the District's Charter Section 4-3, no bonds, notes or other certificates of debt, except such as are to mature in six months or less and to be paid from current taxes shall be issued if such issue shall bring the total outstanding indebtedness of the District to an amount in excess of five per centum of the combined grand lists of said District unless otherwise provided by special act. The grand lists for the purpose of this section shall be deemed to include the assessed value of all shares of capital stock the taxes on which are required by section 1205 of the Connecticut General Statutes, revision of 1918, as amended, to be remitted annually to the municipalities by the State. In computing the total outstanding indebtedness of the District there shall be deducted the amount of the District's sinking fund, the amount of bonds issued for the supply of water or for the construction of subways or underground conduits for cables, wires or pipes and of such other bonds of the District as may be issued under any act of the legislature, especially providing that the bonds issued thereunder shall be deducted in computing the total outstanding indebtedness of the District. Bonds and notes issued for a sewerage system, and secured solely by a pledge of sewerage system use charges, are not included in computing the aggregate indebtedness of the District for this purpose.

The Charter also provides for exclusion from the debt limitation of any debt to be paid from a funded sinking fund. The District's Clean Water Project Revenue Bonds are also excluded from the debt limitation.

TOTAL DEBT NOT SUBJECT TO DEBT LIMITATION	<u>\$283,654,570</u>
TOTAL NET DIRECT INDEBTEDNESS	\$590,373,881
DEBT LIMITATION IN EXCESS OF OUTSTANDING INDEBTEDNESS	<u>\$617,634,440</u>

¹ The District's Charter does not limit its borrowing capacity for water purposes, but limits its capacity for nonwater purposes to 5% of the combined Grand Lists of its Member Municipalities. The nature of this limitation requires the aggregation of obligations which normally appear in separate account groups.

² It is expected that these obligations issued pursuant to authorizations totaling \$1.6 billion for the District's Clean Water Project will be supported by a Special Sewer Service Surcharge levied annually and added to customers' water bills, beginning in 2008. See pages 19 and 72 herein for further details.

³ In accordance with Title 7, Section 374b of the Connecticut General Statutes, indebtedness incurred by the District for the supply of electricity, or issued in anticipation of receipt of proceeds from assessments which have been levied upon property benefited by any public improvement, is not subject to limitation.

Note: The District issued \$85.0 million in Clean Water Project Revenue Bonds on June 19, 2013. The bonds are being repaid from a portion of the Special Sewer Service Surcharge and are not a general obligation of the District.

¹ Includes an authorization of \$800 million approved by the Member Municipalities in November 2006 for Phase I of the District's Clean Water Project and an \$800 million authorization approved by the Member Municipalities on November 6, 2012 for Phase II of the Project; the overall cost is estimated at approximately \$2.1 billion. The Project will address approximately one billion gallons of combined wastewater and storm water currently released each year to area waterways. The Project is in response to a federal consent decree and a Connecticut DEP consent order to achieve the Federal Clean Water Act goals by 2020. A Special Sewer Service Surcharge adopted in October 2007 and implemented in January 2008 will be used exclusively for the payment of debt service on bonds and loans to be issued to finance the Project. The District's goal is to fund project costs with State and Federal grants and State and Federal low-cost loans as they become available, and open market debt. Bonds and loans that are supported by the Special Sewer Service Surcharge will not be included in the calculation of overlapping debt of the Member Municipalities. As of November 5, 2013 the District has issued \$490,556,743 as IFO's, PLO's, General Obligation Bonds and Notes under the State's Clean Water Fund Program and Drinking Water State Revolving Fund. In addition, the District issued \$85.0 million in Clean Water Project Revenue Bonds on June 19, 2013. The bonds are being repaid from a portion of the Special Sewer Service Surcharge and were not a general obligation of the District.

² Includes projects which qualify for the State of Connecticut Clean Water Fund and Drinking Water Revolving Fund Program (See "Clean Water Project" herein.)

³ The District is developing options for financing the Clean Water Project, particularly Phase II.

CAPITAL IMPROVEMENT PROGRAMS AND FUTURE BORROWINGS

Each year the District adopts a Capital Improvement Program (“CIP”) for its capital infrastructure and facility needs. The program requires a series of decisions about the amount, timing, purpose and structure of debt issuance. Annual capital project appropriations and the issuance of debt are approved in accordance with budgetary policies and procedures as presented under the Budget Procedure and Policy of Debt Administration. The Finance Department manages all District borrowings, paying particular attention to debt affordability and timing of borrowings to take advantage of favorable market conditions. The goal is to repay debt rapidly, maintain a conservative level of outstanding debt, and ensure the District’s continued positive financing standing in the bond market. For 2013, the CIP continues to focus on implementing a comprehensive asset management program for wastewater, water and combined programs

The District has also initiated a comprehensive Clean Water Project CIP. The Project combines the elimination of Sanitary Sewer Overflows, the design and construction of the Combined Sewer Overflow Long-Term Plan and the treatment and reduction of nitrogen from the water pollution control facilities. The Project has a 2006 estimated cost of \$2.1 billion and a 15 year implementation requirement. \$800 million, which will cover the costs of Phase I of the Project and is expected to last six years, was authorized by the Member Municipalities at a referendum in November 2006. Approval for \$800 million for Phase II was authorized by the Member Municipalities at a referendum on November 6, 2012. A Special Sewer Service Surcharge, adopted in October 2007 and implemented in January 2008, will be used exclusively for the payment of debt service on bonds and loans issued to finance the Project. The District’s goal is to fund project costs with State and Federal grants and State and Federal low-cost loans as they become available, and open market debt. Bonds and loans that are supported by the Special Sewer Service Surcharge will not be included in the calculation of overlapping debt of the Member Municipalities.

FUNDING SOURCES FOR FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM

Funding Source	Budget Contribution	Clean Water		Total
		Funding	Bonding	
Wastewater Programs	\$2,500,000	\$0	\$236,990,000	\$239,490,000
Water Programs	0	0	177,480,000	177,480,000
Combined	0	0	92,600,000	92,600,000
Clean Water Project ^{1,2}	0	675,000,000	925,000,000	1,600,000,000
Total	\$2,500,000	\$675,000,000	\$1,432,070,000	\$2,109,570,000

¹ The District has established a Special Sewer Service Surcharge to fund debt service on loans issued pursuant to the State of Connecticut Clean Water Fund (“CWF”) program and open market debt of the District issued for the Clean Water Project. Monies generated by the Special Sewer Service Surcharge will be set aside and applied towards debt service payments

² Second authorization for \$800 million for Phase II of the Clean Water Project was approved by the voters of the District at referendum November 6, 2012. See Capital Improvement and Future Borrowings herein.

The adopted 2013 Capital Improvement Program (“CIP”) Budget is \$171,870,000. The CIP Budget will be funded with approximately \$171,370,000 of General Obligation Bonds and \$500,000 of Assessable Fund Contributions.

THE METROPOLITAN DISTRICT, HARTFORD COUNTY, CONNECTICUT HAS NEVER DEFAULTED IN THE PAYMENT OF PRINCIPAL OF OR INTEREST ON ITS BONDS OR NOTES.

Independent Auditors' Report

To the Board of Finance
The Metropolitan District
Hartford, Connecticut

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of The Metropolitan District as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise The Metropolitan District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that

are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of The Metropolitan District as of December 31, 2012 and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 13, the budgetary comparison information on pages 61 through 63 and the schedules of funding progress - Pension Trust Funds and OPEB Trust Funds on pages 64 and 65 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise The Metropolitan District's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, statistical section and continuing bond disclosure information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections and continuing bond disclosure have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2013 on our consideration of The Metropolitan District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering The Metropolitan District's internal control over financial reporting and compliance.

*The Metropolitan District
Management's Discussion and Analysis
December 31, 2012*

The management of the Metropolitan District (the District) offers readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the year ended December 31, 2012. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

Financial Highlights

- On a government-wide basis, the assets of the District exceeded its liabilities at the close of the current year by \$438,696,233 and \$272,971,035 for the Governmental Activities and the Business-Type Activities, respectively.
- As of the close of the current year, the District's governmental funds reported combined ending fund balances of \$(120,825,566), a decrease of \$94,564,839 in comparison with the prior year, which is primarily due to the timing of reimbursements and significant permanent financing.
- On a government-wide basis, the District's total net position increased by \$33,872,529 and \$224,414 for the Governmental Activities and Business-Type Activities, respectively.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the current year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes, sewer user charges and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the District include general government, engineering and planning, operations, plants and maintenance, and water treatment and supply. The business-type activities of the District include water operations and hydroelectricity facilities as well as the Mid-Connecticut Project.

The government-wide financial statements can be found on pages 14-15 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 59 individual funds. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, the Debt Service Fund and the Capital Projects Fund, of which the General Fund, Debt Service Fund, Assessable Sewer Construction Fund, Sanitary Sewer Overflow Construction Fund and 2006 Clean Water Project Referendum (included in the Capital Projects Funds) are considered to be major funds.

Data from the other Capital Projects governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds are provided in the form of combining statements elsewhere in this report.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 16-19 of this report.

Proprietary Funds - The District maintains three enterprise type funds. Enterprise funds report the same functions as presented by the business-type activities in the government-wide financial statements. The District uses enterprise funds to account for its water, hydroelectricity and Mid-Connecticut Project operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for water and hydroelectricity operations and the Mid-Connecticut Project, which are considered to be major funds of the District.

The basic proprietary fund financial statements can be found on pages 20-22 of this report.

Fiduciary Funds - Fiduciary funds are used to account for assets held by the District in a trustee capacity for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 23-24 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 25-60 of this report.

The notes to this report also contain certain supplementary information concerning the District's progress in funding its obligation to provide pension benefits to its employees.

Other Information

The combining statements referred to earlier in connection with nonmajor governmental funds and proprietary funds are presented following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 66-91 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. In the case of the District, assets exceeded liabilities by \$438,696,233 and \$272,971,035 for the governmental activities and business-type activities, respectively, at the close of the most recent fiscal year.

By far, the largest portion of the District's assets is its investment in capital assets (e.g., infrastructure, plants, machinery and equipment). It is presented in the statement of net position less any related debt used to acquire those assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets, net of accumulated depreciation, is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The District's net position increased by \$34,096,943 overall during the fiscal year with ending net position of Governmental Activities and Business-Type Activities of \$438,696,233 and \$272,971,035, respectively.

Governmental Activities

Net position of governmental activities increased by \$33,872,529 in 2012.

Major Revenue Factors Include:

- Approximately 38% of the governmental activity revenues were derived from taxes levied on our member towns. These taxes remained constant with the prior year.
- The primary components of charges for services consisted of sewer user fees of \$35,225,901 and intergovernmental revenues of \$16,312,587, which decreased in total by \$3,153,190 from the prior year. Sewer user charges increased due to increased rates. The intergovernmental revenue decrease is due to the timing of receipt of clean water grants to fund the Clean Water Project.

Major Expenditure Factors Include:

- During 2012, expenses increased by \$4,475,875 with the greatest increase experienced in capital outlay related to capital project expenses.

Business-Type Activities

Net position of business-type activities increased by \$224,414 in 2012.

Major Revenue Factors Include:

- Water Utility Fund Revenue increased by \$13,296,779 or 19%. During 2012, charges for services decreased by \$44,075,344 due to an increase in receivables related to termination costs at the Mid-Connecticut Project. The Hydroelectric Fund decreased by \$418,972, due to decreased water levels resulting in less production of electricity. This decrease in water levels was associated with the decreased precipitation received in 2012.

Major Expenditure Factors Include:

- Expenses decreased by \$9,973,285 or more than 14% with most of the decrease attributable to the discontinuation of operations at the Mid-Connecticut facility.

Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balances may serve as a useful measure of a government's net resources available for spending at the end of the year.

As of the end of the current year, the District's governmental funds reported combined ending fund balance of \$(120,825,566), a decrease of \$94,564,839 in comparison with the prior year. Of the fund balances, \$573,120 has been assigned to liquidating contracts and purchase orders in the prior period, \$79,566,079 is restricted for debt service, \$1,387,243 is unspendable and reserved for inventory and prepaid assets, and \$10,286,298 is committed for assessable sewer construction and other capital improvements. The remaining capital projects show a deficit unassigned balance of \$(227,303,677).

The General Fund is the chief operating fund of the District. At the end of the current year, the General Fund total fund balance was \$16,625,734, of which \$573,120 has been assigned to liquidating contracts and purchase orders in the prior period, and \$1,387,243 is nonspendable and reserved for inventory and prepaid assets. The remaining balance is an unassigned fund balance of \$14,665,371.

The Assessable Sewer Construction Fund has a fund balance of \$806,419 at the end of the year, a decrease of \$1,546,292 from the prior year.

The Sanitary Sewer Overflow Construction Fund has a fund deficit of (\$5,704,675), as a result of the timing of capital outlays versus the timing of temporary and permanent financing.

Other Nonmajor Governmental Funds have a total fund deficit of \$(64,013,509), a decrease of \$42,417,237 from the prior year. The decrease is due to the timing of capital outlays versus the timing of temporary and permanent financing.

Proprietary Funds

The District's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Overall proprietary funds net position total \$272,971,035 at the end of the year.

Unrestricted net position of the Water Utility Fund at the end of the year amounted to \$14,004,932, or 5.1% of total net position of the fund. There was \$282,217, or .1%, of restricted net position in the fund. Net investment in capital assets amounted to \$258,683,886, or 94.7% of the total net position of the fund. The Hydroelectricity Fund has unrestricted net position of \$362,561, or 4% of total net position. Net investment in capital assets, amounted to \$7,741,867, or 96% of total net position of the fund.

General Fund Budgetary Highlights

During the 2012 budget year, total revenues and other financing sources were below the budget by \$7,201,083 or 10.1%, and expenditures were less than budget by \$2,702,524 or 6.3%.

Some of the major highlights are as follows:

- Revenues were below budget due to lower than expected use of the Special Sewer Service Charge for Clean Water Project debt. In addition, there was no prior year surplus used.
- Lower expenses were attributable to below budget electricity expenses as a result of a new contract and lower treatment equipment expenses due to timing of projects.

Capital Assets and Debt Administration

Capital Assets - The District's investment in capital assets (net of accumulated depreciation) for its governmental and business-type activities as of December 31, 2012 amounted to \$890,623,900 and \$381,880,427, respectively. This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities, and sewer and water pipes.

Major capital asset additions in 2012 consisted of infrastructure improvements, contributions of capital assets by developers and continued construction in progress, including the continuation of the Clean Water Project.

Total	\$ 890,623,900	\$ 381,880,427	\$ 1,272,504,327	\$ 748,542,631	\$ 361,492,306	\$ 1,110,034,937

Additional information on the District's capital assets can be found in Note 3D on pages 37-44 of this report.

Long-Term Debt - At the end of the current year, the District had total bonded debt outstanding of \$233,830,624. All of the Governmental Activities debt, \$342,678,122, is backed by the full faith and credit of the District's member towns.

The District enjoys a strong financial position from an AA+ rating from Standard & Poor's to an Aa1 rating from Moody's for general obligation debt.

The District's Charter limits the amount of general obligation debt it may issue up to 5% of the combined Grand List of its member towns. The current debt limitation for the District is \$1,207,055,416, which is significantly more than the District's outstanding general obligation debt.

Additional information on the District's long-term debt can be found in Note 3G on pages 46-49 of this report.

Economic Factors

- The District strives to minimize the tax impact to its member municipalities by limiting increases to General Fund expenditures.
- Inflationary trends in the region are consistent with budgeted General Fund expenditure increases.
- Water consumption continues to decline due to weather patterns and poor economic conditions in the greater Hartford area.

All of these factors were considered in preparing the District's 2012 year budget.

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, Metropolitan District Commission.

**THE METROPOLITAN DISTRICT
RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
DECEMBER 31, 2012**

Amounts reported for governmental activities in the statement of net position (page 14) are different because of the following:

Fund balances - total governmental funds (page 16)	\$ (120,825,566)
--	------------------

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Governmental capital assets	\$ 1,158,439,092	
Less accumulated depreciation	<u>(267,815,192)</u>	
Net capital assets		890,623,900

Governmental pension assets	5,583,894
-----------------------------	-----------

Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.

Bond issuance costs	107,322	
Less current year amortization	<u>(8,460)</u>	
		98,862

Sewer assessment receivables	4,580,873
------------------------------	-----------

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.

Bonds payable		(150,188,070)
Premiums		(4,661,334)
Notes payable		(168,874,722)
Interest payable on long-term debt		(2,530,500)
Compensated absences		(2,690,519)
Deferred amount on refunding		1,277,672
OPEB obligation		<u>(13,698,257)</u>

Net Position of Governmental Activities (page 14)	\$ <u><u>438,696,233</u></u>
---	------------------------------

**THE METROPOLITAN DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES**

FOR THE YEAR ENDED DECEMBER 31, 2012

Amounts reported for governmental activities in the statement of activities (page 15) are different because of the following:

Net change in fund balances - total governmental funds (page 18)	\$ (94,564,839)
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.</p>	
Capital outlays, net	153,268,996
Depreciation expense	(11,171,105)
<p>The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins and donations) is to increase net assets. In the statement of activities, only the loss on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the capital assets sold.</p>	
	(16,622)
Change in net pension asset	4,709,052
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.</p>	
Sewer assessment revenue	(306,459)
Interest receivable	70,865
<p>The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.</p>	
Proceeds from Clean Water Fund loan obligations	(29,162,137)
Bond payments	7,792,588
Amortization of bond premium, bond issuance costs and deferred amount on refunding	139,810
Clean Water Fund loan payments	6,152,695
Change in accrued interest	(50,561)
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.</p>	
Change in compensated absences	(218,526)
Change in OPEB obligation	(2,771,228)
	(2,989,754)
Change in Net Position of Governmental Activities (page 15)	\$ 33,872,529

The accompanying notes are an integral part of the financial statements

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General

The Metropolitan District (the District) was empowered in 1929 by the General Assembly of Connecticut. The District provides the following services as authorized by its Charter: design, construction and maintenance of sewage, hydroelectric and water systems and plants, stream and watercourse controls, the sale and delivery of water and hydroelectric power, and resources recovery.

The financial statements include all of the funds of the District that meet the criteria for inclusion as set forth in Statement of Governmental Accounting Standards No. 14 issued by the Governmental Accounting Standards Board (GASB).

Accounting principles generally accepted in the United States of America (GAAP) require that the reporting entity include the primary government and its component units, entities for which the government is considered to be financially accountable and other organizations, which by the nature and significance of their relationship with the primary government, would cause the financial statements to be incomplete or misleading if excluded. Blended component units, although legally separate entities, are, in substance, part of the government's operations; therefore, data from these units are combined with data of the primary government. Based on these criteria, there are no component units requiring inclusion in these financial statements.

B. Basis of Presentation

The accompanying financial statements have been prepared in conformity with the requirements of statements issued by the Governmental Accounting Standards Board. The more significant of the District's accounting policies are described below.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District's primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those expenses that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or benefit directly from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Sewer taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues, including sewer assessments, to be available if they are collected within 60 days after the end of the current fiscal period.

Taxes on member municipalities, sewer assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. In determining when to recognize intergovernmental revenues (grants and entitlements), the legal and contractual requirements of the individual programs are used as guidance. Revenues are recognized when the eligibility requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those resources required to be accounted for in another fund.

The *Debt Service Fund* is used to account for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Capital Projects Funds:

Capital projects of greater than one year's duration have been accounted for in capital projects funds. Most of the capital outlays are financed by the issuance of general obligation bonds. Other sources include capital grants, current tax revenues and low-interest state loans.

The *Assessable Sewer Construction Fund* accounts for financial resources to be used for capital expenditures or for the acquisition or construction of capital facilities, improvements and/or equipment.

The *Sanitary Sewer Overflow Construction Fund* accounts for financial resources to be used to eliminate sanitary sewer overflows and reduce infiltration and inflow within sanitary sewers serving member towns.

The *2006 Clean Water Project Referendum Fund* accounts for financial resources to be used for the first phase of the Clean Water Project, which was authorized on November 6, 2006. The Clean Water Project includes programs to eliminate eight sanitary sewer overflows, to reduce the nitrogen contaminants from sewer flows into the water pollution control facilities, and to lessen the inflow of rain water into the sanitary sewer system.

The District reports the following major proprietary funds:

The *Water Utility Fund* and the *Mid-Connecticut Project Fund* are the District's funds used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Additionally, the District reports the following fund types:

The *Internal Service Fund* is used to account for the District's self-insurance program for accident and health insurance coverage of employees.

The *Pension Trust Fund* is used to account for the activities of the District's defined benefit plan, which accumulates resources for pension benefit payments to qualified employees.

The *OPEB Trust Fund* is used to account for the activities of the District's postemployment welfare benefits (including retiree medical, dental and life insurance benefits) to the current and former eligible employees of the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenue includes all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed. Unrestricted resources are used in the following order: committed, assigned then unassigned.

C. Cash Equivalents

For purposes of reporting cash flows, all savings, checking, money market accounts and certificates of deposit with an original maturity of less than 90 days from the date of acquisition are considered to be cash equivalents.

D. Investments

Investments are stated at fair value.

E. Inventories and Prepaid Items

All inventories are valued at the lower of cost (average cost) or market method. Inventory in the governmental and enterprise funds is recorded as an expenditure when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

F. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All receivables are presented net of an allowance for uncollectibles.

G. Compensated Absences

All vacation and sick pay is accrued when incurred in the government-wide, proprietary and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

H. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets such as water and sewer mains, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 and an estimated useful life of more than two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recognized at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of assets or materially extend their lives are expensed currently.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50-75
Machinery and equipment	6-20
Infrastructure	50-150

I. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums, discounts, issuance costs and losses on bond refundings are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount and unamortized losses on bond refundings. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

J. Fund Equity

The equity of the fund financial statements is defined as “fund balance” and is classified in the following categories:

Nonspendable Fund Balance - This balance represents amounts that cannot be spent due to form (e.g., inventories and prepaid amounts).

Restricted Fund Balance - This balance represents amounts constrained for a specific purpose by external parties, such as grantors, creditors, contributors or laws and regulations of their governments.

Committed Fund Balance - This balance represents amounts constrained for a specific purpose by a government using its highest level of decision-making authority (District Board).

Assigned Fund Balance - For all governmental funds other than the General Fund, this balance represents any remaining positive amounts not classified as restricted or committed. For the General Fund, this balance includes amounts constrained for the intent to be used for a specific purpose by the District Board that has been delegated authority to assign amounts by the Charter.

Unassigned Fund Balance - This balance represents fund balance in the General Fund in excess of nonspendable, restricted, committed and assigned fund balance. If another governmental fund has a fund balance deficit, it is reported as a negative amount in unassigned fund balance.

In the government-wide financial statements, net position is classified in the following categories:

Net Investment in Capital Assets - This category represents all capital assets, net of accumulated depreciation and related debt.

Restricted Net Position - This category represents amounts restricted to use by outside parties. Restricted net position as of December 31, 2012 represents unexpended bond proceeds.

Unrestricted Net Position - This category represents the net position of the District not restricted for use.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

During the last quarter of the year, the ensuing year's proposed operating budget, including proposed expenditures/expenses and the means of financing them, is compiled by the Finance Department based upon estimates submitted by the various departments.

The proposed operating budget is then published in line item format in one or more local newspapers servicing the District for a period of three consecutive days, excluding holidays and Sundays. Prior to January 1 of the new year, the published budget is submitted to the District Board for acceptance and adoption.

Annual operating budgets are legally adopted for the General Fund and the Water Utility Enterprise Fund. Total fund budgets are adopted for the Hydroelectric Development Project and the Mid-Connecticut Project Enterprise Funds. Formal budgetary integration is employed as a management control device for these funds. The unencumbered balance of appropriations in the General Fund lapses at year end. Encumbered appropriations are carried forward. Except for encumbrance accounting, the General Fund budget is prepared on a modified accrual basis. Budgetary and actual data in this report have been presented on a budgetary basis. Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with GAAP, the reconciliation of resultant basis, timing and perspective differences appear at the bottom of the actual vs. budget schedule. Additionally, the groupings of expense items in the Water Utility Enterprise Fund on a GAAP basis differ from those shown on a budgetary basis due to the reporting requirements of the State of Connecticut Department of Public Utilities Control. The legal level of budgetary control is at the function level except for the engineering and planning, operations, and plants and maintenance functions, which are controlled at the activity level due to the size of their operating budgets. The Chief Executive Officer has the authority to transfer budgeted amounts between items comprising an appropriation for a given function or activity level in the case of the three functions controlled at that level. Any revisions that alter total appropriations at the level of control must have the prior approval of the Board of Finance and the District Board. The amendments were made in the legally permissible manner described above. There were no amendments or supplemental appropriations made during the year.

Budgetary integration is employed on a continuing (project length) basis for capital projects funds, in which appropriations do not lapse at year end, but rather at the completion of the construction relating to a specific improvement project. Formal budgetary integration is not employed for the Debt Service Fund because effective budgetary control is alternatively achieved through general obligation bond and note indenture provisions.

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund. Encumbrances outstanding at year end recorded in budgetary reports as expenditures of the current year, whereas, on a GAAP basis, encumbrances are recorded as either restricted, committed or assigned fund balance depending on the level of restriction.

B. Deficit Fund Equity

Certain individual funds had fund balance deficits at December 31, 2012 as follows:

Sanitary Sewer Overflow Construction	\$ 5,704,675
2006 Clean Water Project Referendum	71,530,872
General Purpose Sewer 2009	4,015,285
General Purpose Sewer 2008	1,192,314
General Purpose Sewer 2007	368,189
General Purpose Sewer 2005	611,661
General Purpose Sewer 2000	750
Headquarters Improvements	179,775
Connecticut River Cleanup Phase II	30,655
WPC Facilities Improvements	2,876,692
Information Systems Development	10,073,717
Maple Avenue Phase II	7,946
Upper Albany Avenue	911,392
Long-Term Control Plan	2,491,799
Inflow & Infiltration Master Plan	231,734
Wastewater Pump Station Improvement	676,379
Long-Term Strategic Initiatives	166,952
Emergency Generator Replacements	2,096,984
2007 Facility & Building Improvement	4,802,218
Capital Mgt Opers & Maint (CMOM)	3,733,154
2007 Wastewater Treatment Facility Improvements	1,482,302
2008 WPC Infrastructure Replacement and Improvement	3,953,182
Vehicle and Equipment Replacement	1,568,325
2008 SCADA System Improvements	251,786
CMOM Compliance	7,106,203
CIP Combine Other	14,317,597
2007 Wastewater Trt. Fac. Sec & Comm Improvement	343,662
Wastewater Collection System Improvement	4,745,932
Internal Service Fund	3,440,239
OPEB Trust Fund	2,047,186

The Capital Projects Funds' deficits have arisen because bonds and loans authorized for these projects have not yet been issued. When the bonds and loans are issued, or the General Fund appropriates and transfers amounts to these funds, the deficits will be eliminated.

3. DETAILED NOTES ON ALL FUNDS

A. Cash, Cash Equivalents and Investments

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a "qualified public depository" as defined by Statute or in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit in an "out of state bank," as defined by the Statutes, which is not a "qualified public depository."

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: 1) obligations of the United States and its agencies, 2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof, and 3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the State Short-Term Investment Fund (STIF) and the State Tax Exempt Proceeds Fund (TEPF). These investment pools are under the control of the State Treasurer, with oversight provided by the Treasurer’s Cash Management Advisory Board, and are regulated under the State Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the fair value of the position in the pool is the same as the value of the pool shares.

Deposits

Deposit Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the District’s deposit will not be returned. The District does not have a deposit policy for custodial credit risk. The deposit of public funds is controlled by the Connecticut General Statutes. Deposits may be placed with any qualified public depository that has its principal place of business in the State of Connecticut. Connecticut General Statutes require that each depository maintain segregated collateral (not required to be based on a security agreement between the depository and the municipality and, therefore, not perfected in accordance with federal law) in an amount equal to a defined percentage of its public deposits based upon the depository’s risk based capital ratio.

Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, \$12,596,359 of the District’s bank balance of \$13,346,359 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ 11,261,723
Uninsured and collateral held by the pledging bank’s trust department, not in the District’s name	<u>1,334,636</u>
Total Amount Subject to Custodial Credit Risk	<u><u>\$ 12,596,359</u></u>

Cash Equivalents

At December 31, 2012, the District's cash equivalents amounted to \$89,682,555. The following table provides a summary of the District's cash equivalents (excluding U.S. government guaranteed obligations) as rated by nationally recognized statistical rating organizations. The pool has maturities of less than one year.

	<u>Standard & Poor's</u>
State Short-Term Investment Fund (STIF)	AAAm
Aetna	N/A
N/A - not applicable	

Investments

As of December 31, 2012, the District had the following investments:

<u>Investment Type</u>	<u>Fair Value</u>
Fiduciary Type:	
CIF International Research Equity Fund	\$ 17,204,845
CIF Research Equity Fund	70,900,980
CIF Small Cap 2000	17,565,911
CIF Global Bond	17,550,304
Aetna Pooled Portfolio	<u>34,325,459</u>
Total	<u>\$ 157,547,499</u>

The above investments have no rating or maturity.

Interest Rate Risk - The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. To the extent possible, the District attempts to match its investments with anticipated cash flow requirements.

Credit Risk - Investments - As indicated above, State Statutes limit the investment options of the District. The District has no investment policy that would limit its investment choices due to credit risk.

Concentration of Credit Risk - The District has no policy limiting an investment in any one issuer that is in excess of 5% of the District's total investments.

Custodial Credit Risk - Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the District or that sells investments to or buys them for the District), the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At December 31, 2012, the District did not have any uninsured and unregistered securities held by the counterparty, or by its trust department or agent that were not in the District's name.

B. Receivables

Receivables as of year end for the District's individual major funds in the aggregate, including the applicable allowances for uncollectible amounts, are as follows:

	<u>General</u>	<u>Assessable Sewer Construction</u>	<u>2006 Clean Water Project Referendum</u>	<u>Nonmajor Funds</u>	<u>Water Utility</u>	<u>Mid- Connecticut Project</u>	<u>Hydroelectric Development Project</u>	<u>Internal Service Fund</u>	<u>Total</u>
Sewer use charges	\$ 1,641,859		\$ 9,028,202						\$ 10,670,061
Customers and employees	2,131,985				30,335,688		136,274		32,603,947
Assessments		3,168,467			1,378,063				4,546,530
Accrued interest		1,478,007			275,061				1,753,068
Intergovernmental			6,482,276						6,482,276
Other	<u>1,405,918</u>			<u>9,272</u>		<u>52,324,984</u>		<u>3,093</u>	<u>53,743,267</u>
Gross receivables	<u>5,179,762</u>	<u>4,646,474</u>	<u>15,510,478</u>	<u>9,272</u>	<u>31,988,812</u>	<u>52,324,984</u>	<u>136,274</u>	<u>3,093</u>	<u>109,799,149</u>
Less allowance for uncollectibles	<u>422,191</u>	<u>890,614</u>	<u>885,863</u>		<u>3,188,983</u>	<u>9,864,412</u>	<u>681</u>	<u>923</u>	<u>15,253,667</u>
Net Total Receivables	<u>\$ 4,757,571</u>	<u>\$ 3,755,860</u>	<u>\$ 14,624,615</u>	<u>\$ 9,272</u>	<u>\$ 28,799,829</u>	<u>\$ 42,460,572</u>	<u>\$ 135,593</u>	<u>\$ 2,170</u>	<u>\$ 94,545,482</u>

Governmental funds report deferred revenue in connection with receivables that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Debt Service Fund	\$	\$ 1,576,846
Assessable Sewer Fund:		
Assessments	3,118,177	
Interest on assessments	<u>1,462,696</u>	
Total Deferred Revenue for Governmental Funds	<u>\$ 4,580,873</u>	<u>\$ 1,576,846</u>

C. Interfund Receivables, Payables and Transfers

Interfund loans are generally used to transfer monies as a result of cash flow. Interfund receivables and payables balances at December 31, 2012 are as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Mid-Connecticut Project Fund	\$ 5,487,263
Water Utility Fund	General Fund	10,781
	Mid-Connecticut Project Fund	548,601
		<u>559,382</u>
Mid-Connecticut Project Fund	General Fund	187,719
Total		<u>\$ 6,234,364</u>

Interfund transfers are generally used to supplement revenues of other funds. Interfund transfers for the year ended December 31, 2012 were as follows:

	<u>Transfers In</u>					<u>Transfers Out</u>
	<u>General Fund</u>	<u>Debt Service Fund</u>	<u>Sanitary Sewer Overflow</u>	<u>2006 Clean Water Referendum</u>	<u>Nonmajor Governmental Funds</u>	
Transfers out:						
General Fund	\$	\$ 20,502,729	\$	\$	\$	\$ 20,502,729
Debt Service Fund	3,000,000					3,000,000
Assessable Sewer Construction	2,200,000					2,200,000
Water Utility Fund		1,388,166				1,388,166
Hydroelectric Development Fund	1,500,000					1,500,000
2006 Clean Water Project Referendum	7,028,145					7,028,145
Nonmajor Governmental Funds		700,727	13,156	366,541	79,374	1,159,798
Total Transfers In	<u>\$ 13,728,145</u>	<u>\$ 22,591,622</u>	<u>\$ 13,156</u>	<u>\$ 366,541</u>	<u>\$ 79,374</u>	36,778,838
Transfer of prior year bond proceeds from nonmajor governmental funds to Water Utility Fund						<u>80,132</u>
						<u>\$ 36,858,970</u>

D. Capital Assets

Capital asset activity for the year ended December 31, 2012 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 643,754	\$	\$	\$ 643,754
Construction in progress	<u>408,758,294</u>	<u>153,192,641</u>	<u>1,209,634</u>	<u>560,741,301</u>
Total capital assets not being depreciated	<u>409,402,048</u>	<u>153,192,641</u>	<u>1,209,634</u>	<u>561,385,055</u>
Capital assets being depreciated:				
Buildings	226,452,903			226,452,903
Machinery and equipment	31,485,708	964,072	139,753	32,310,027
Infrastructure	<u>337,970,793</u>	<u>321,917</u>	<u>1,603</u>	<u>338,291,107</u>
Total capital assets being depreciated	<u>595,909,404</u>	<u>1,285,989</u>	<u>141,356</u>	<u>597,054,037</u>
Less accumulated depreciation for:				
Buildings	99,647,216	5,913,177		105,560,393
Machinery and equipment	10,643,690	1,659,024	123,669	12,179,045

The commitments are being financed with general obligation bonds and state and federal grants.

E. Bond Anticipation Note

The District uses bond anticipation notes during the construction period of various projects prior to the issuance of the bonds at the completion of the project.

The District issued bond anticipation notes of \$152,134,000 at an interest rate of 2% on April 3, 2012 and \$21,989,000 at an interest rate of 1% on July 19, 2012. Both notes matured on December 6, 2012. On November 28, 2012, the District also issued bond anticipation notes of \$246,690,000, of which \$58,928,000 at an interest rate of 2.5% matures on February 14, 2013 and \$187,762,000 at an interest rate of 1.75% matures on June 20, 2013.

Bond anticipation note transactions for the year ended December 31, 2012 were as follows:

Outstanding - December 31, 2011	\$ 102,134,000
New borrowings	420,813,000
Repayments	<u>(276,257,000)</u>
Outstanding - December 31, 2012	<u>\$ 246,690,000</u>

Subsequent Events

The District issued general obligation bonds of \$30,235,000 (Series A) and \$25,030,000 (Series B) with a premium of \$2,273,984 and \$1,882,181, respectively, at an interest rate ranging from 2.125% to 4% on January 13, 2013. These bonds mature on February 1, 2033.

The District also issued general obligation bond anticipation notes of \$21,775,000 with a premium of \$336,642 at an interest rate of 1.75% on March 19, 2013. These notes mature on March 25, 2014.

The District also issued general obligation bond anticipation notes of \$87,446,000 (Series A) and \$100,000,000 (Series B) with premiums of \$1,199,759 and \$1,372,000, respectively, at an interest rate of 2.00% on May 21, 2013. These notes mature on March 25, 2014.

The District also issued revenue bonds of \$85,000,000 with a premium of \$6,796,778 at an interest rate ranging from 2.00% to 5.00% on June 6, 2013. These bonds mature April 1, 2039.

F. Operating Leases

Commitments under an operating lease agreement with the Army Corps of Engineers for water storage rights require minimum annual rental payments, including interest at 3.14% through 2019. Total costs for such leases were \$204,222 for the year ended December 31, 2012. Future minimum lease payments for these leases are as follows:

	<u>Amount</u>
2013	\$ 204,222
2014	204,222
2015	204,222
2016	204,222
2017	204,222
2018-2019	<u>408,444</u>
Total	<u>\$ 1,429,554</u>

G. Long-Term Debt

Changes in Long-Term Liabilities

Long-term liability activity for the year ended December 31, 2012 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental Activities:					
General obligation bonds	\$ 157,980,658	\$	\$ 7,792,588	\$ 150,188,070	\$ 7,931,612
Premiums	4,963,303		301,969	4,661,334	
Deferred amount on bond refunding	(1,431,371)		(153,699)	(1,277,672)	
Total bonds payable	<u>161,512,590</u>		<u>7,940,858</u>	<u>153,571,732</u>	<u>7,931,612</u>
Clean water fund loans	145,865,280	29,162,137	6,152,695	168,874,722	85,093,976
Compensated absences	2,716,659	2,760,698	2,283,600	3,193,757	503,238
OPEB obligation	<u>10,927,029</u>	<u>2,771,228</u>		<u>13,698,257</u>	
Total Governmental Activities Long-Term Liabilities	<u>\$ 321,021,558</u>	<u>\$ 34,694,063</u>	<u>\$ 16,377,153</u>	<u>\$ 339,338,468</u>	<u>\$ 93,528,826</u>
Business-Type Activities:					
General obligation bonds	\$ 82,654,325	\$ 80,132	\$ 4,697,543	\$ 78,036,914	\$ 4,853,386
Premiums	2,822,048		148,966	2,673,082	
Deferred amount on bond refunding	(509,616)		(58,512)	(451,104)	
Total bonds payable	<u>84,966,757</u>	<u>80,132</u>	<u>4,787,997</u>	<u>80,258,892</u>	<u>4,853,386</u>
Drinking water fund loans	7,099,177	193,644	621,041	6,671,780	763,213
Compensated absences	2,831,076	2,637,552	2,286,338	3,182,290	635,356
Net pension obligation	10,516,949	9,911,346		20,428,295	
OPEB obligation	<u>19,757,484</u>	<u>3,643,146</u>		<u>23,400,630</u>	
Total Business-Type Activities Long-Term Liabilities	<u>\$ 125,171,443</u>	<u>\$ 16,465,820</u>	<u>\$ 7,695,376</u>	<u>\$ 133,941,887</u>	<u>\$ 6,251,955</u>

For the governmental activities, claims and judgments and compensated absences are generally liquidated by the General Fund.

General Obligation Bonds

General obligation bonds are direct obligations of the District for which full faith and credit are pledged and are payable from taxes levied on member towns and other operating revenues. General obligation bonds currently outstanding are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities	Various	\$ 150,188,070
Business-type activities	Various	<u>78,036,914</u>
		<u>\$ 228,224,984</u>

Annual debt service requirements to maturity for general obligation bonds are as follows:

	<u>Governmental Activities</u>		<u>Business-Type Activities</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2013	\$ 7,931,612	\$ 6,229,956	\$ 4,853,386	\$ 3,140,456
2014	7,593,620	5,907,197	4,571,380	2,942,269
2015	7,930,301	5,621,836	4,769,697	2,775,721
2016	7,895,010	5,320,297	4,594,990	2,606,425
2017	8,010,646	4,976,810	4,659,353	2,403,306
2018-2022	38,871,179	19,614,914	23,348,820	8,977,947
2023-2027	30,684,671	12,419,396	20,775,326	4,369,567
2028-2032	20,182,499	6,953,183	8,502,497	1,141,774
2033-2037	13,478,532	3,428,154	1,961,465	215,154
2038-2040	<u>7,610,000</u>	<u>695,025</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 150,188,070</u>	<u>\$ 71,166,768</u>	<u>\$ 78,036,914</u>	<u>\$ 28,572,619</u>

Authorized But Unissued Bonds

The total of authorized but unissued bonds at December 31, 2012 is \$1,720,793,590. In most cases, interim financing is obtained through bond anticipation notes or other short-term borrowings until the issuance of long-term debt.

Clean Water Fund Loans

The District participates in the State of Connecticut's Clean and Drinking Water programs, which provide low-interest loans bearing 2% interest for eligible waste water and 2% interest for eligible drinking water projects. Projects are financed by interim loan obligations until project completion, at which time internal loan obligations are replaced by permanent loan obligations.

Clean Water Fund loans finance the sewer infrastructure and facility improvements (governmental activities) and will be repaid from future taxation and user fees.

Drinking Water Fund loans finance the water infrastructure and facility improvements (business-type activities) and will be financed by user charges.

Permanent loan obligations mature as follows:

	Governmental Activities	
	Principal	Interest
2013	\$ 6,598,817	\$ 1,492,340
2014	6,565,968	1,360,747
2015	6,363,990	1,229,595
2016	5,354,101	1,113,257
2017	5,019,556	1,009,241
2018-2022	23,084,823	3,593,088
2023-2027	18,384,077	1,546,803
2028-2031	<u>6,274,247</u>	<u>163,149</u>
	<u>\$ 77,645,579</u>	<u>\$ 11,508,220</u>

	Business-Type Activities	
	Principal	Interest
2013	\$ 569,569	\$ 139,793
2014	569,569	126,519
2015	569,569	113,243
2016	569,569	99,969
2017	569,569	86,694
2018-2022	2,277,194	248,784
2023-2027	906,232	90,375
2028-2031	<u>446,865</u>	<u>12,658</u>
	<u>\$ 6,478,136</u>	<u>\$ 918,035</u>

Interim loan obligations mature as follows:

	<u>Governmental Activities</u>	
	<u>Principal</u>	<u>Interest</u>
2013	\$ 78,495,159	\$ 2,360,846
2014	<u>12,733,984</u>	<u>93,616</u>
	<u>\$ 91,229,143</u>	<u>\$ 2,454,462</u>

	<u>Business-Type Activities</u>	
	<u>Principal</u>	<u>Interest</u>
2013	<u>\$ 193,644</u>	<u>\$ 1,551</u>
	<u>\$ 193,644</u>	<u>\$ 1,551</u>

H. Fund Balance

The components of fund balance for the governmental funds at December 31, 2012 are as follows:

	<u>General Fund</u>	<u>Debt Service</u>	<u>Assessable Sewer Construction</u>	<u>Sanitary Sewer Overflow Construction</u>	<u>2006 Clean Water Project Referendum</u>	<u>Nonmajor Governmental Funds</u>	<u>Total</u>
Fund balances:							
Nonspendable:							
Prepays	\$ 1,091,339				\$ 41,698	\$ 1,050	\$ 1,134,087
Inventory	295,904						295,904
Restricted for:							
Debt service		2,991,337			76,574,742		79,566,079
Committed to:

2006 Incinerator upgrade						873,324	873,324
Assigned to:							
Infrastructure improvements	573,120						573,120
Unassigned	<u>14,665,371</u>			<u>(10,961,478)</u>	<u>(148,147,312)</u>	<u>(68,237,635)</u>	<u>(212,681,054)</u>
Total Fund Balances	<u>\$ 16,625,734</u>	<u>\$ 2,991,337</u>	<u>\$ 806,419</u>	<u>\$ (5,704,675)</u>	<u>\$ (71,530,872)</u>	<u>\$ (64,013,509)</u>	<u>\$ (120,825,566)</u>

Significant encumbrances at December 31, 2012 are contained in the above table in the assigned category of the General Fund.

4. EMPLOYEE RETIREMENT PLAN

A. Plan Description

The District has an employee retirement system with a pension plan adopted January 1, 1944 and amended April 1, 1989. The Aetna Insurance Company is the administrator of the Metropolitan District Employees' Retirement System (MDERS), which is a defined benefit, single employer retirement system. The MDERS provides retirement, disability and death benefits to plan members and beneficiaries.

The pension plan is included in the District's financial reporting entity and accounted for in the pension trust fund. The MDERS does not issue a stand-alone financial report.

At January 1, 2012, which is the last date of actuarial valuation, membership consisted of:

Retirees, disabled and beneficiaries currently receiving benefits	561
Terminated members entitled to but not yet receiving benefits	18
Current active members	544
Nonvested former participants	<u>43</u>
Total Members	<u><u>1,166</u></u>

Participation in the plan is immediate upon employment for all full-time employees. Vesting in benefits occurs after ten years of service. Termination of employment before that time results in forfeiture of the District's portion of the accrued benefit.

The District's Personnel, Pension and Insurance Committee, as provided by the District's general ordinances, establishes the benefit provisions and the employer's and employees' obligations. Any bargaining or nonbargaining unit employee who becomes totally and permanently disabled and has completed 10 years of service will receive 100% of the pension that the employee would have been entitled to. Annual pension payments are determined at 2% times years of service times final average earnings subject to a maximum of 32 years.

B. Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting - The Pension Trust Fund's financial statements are prepared on the accrual basis of accounting. Employee and employer contributions are recognized as revenues in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with plan provisions. Administrative costs of the plan are financed through investment earnings.

Valuation of Investments - Investments are valued at fair value. Securities traded on national exchanges are valued at the last reported sales price.

C. Funding Policy

Employees are required to contribute 5% of their annual covered salary. The District is required to contribute at an actuarially determined rate; the current rate is 19.5% of annual covered payroll.

D. Annual Pension Cost and Net Pension (Asset) Obligation

The District's pension cost and net pension obligation to the MDERS for the current year are as follows:

Annual required contribution	\$ 5,347,556
Interest on net pension asset	664,396
Adjustment to annual required contribution	<u>(743,067)</u>
Annual pension cost	5,268,885
Contributions made	<u>5,822,098</u>
Change in net pension obligation	(553,213)
Net pension obligation, beginning of year	<u>8,572,855</u>
Net Pension Obligation, End of Year	<u><u>\$ 8,019,642</u></u>

The net pension (asset) obligation at year end is comprised of the following:

Mid-CT Project	\$ 20,428,295
MDC	<u>(12,408,653)</u>
Total Net Pension Obligation	<u><u>\$ 8,019,642</u></u>

The following is a summary of certain significant actuarial assumptions and other MDERS information:

Valuation Date	January 1, 2012
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percent - Closed
Remaining Amortization Period	16 Years for MDC employees
Asset Valuation Method	5-Year Smoothing of Investment Returns Greater (Less) than Expected
Actuarial Assumptions:	
Investment rate of return	7.75%
Projected salary increases	4.0%
Cost of living adjustments	0.0%

E. Three-Year Trend Information

<u>Year Ended December 31</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension (Asset) Obligation</u>
2010	\$ 9,395,594	51.8 %	\$ (2,259,192)
2011	15,465,247	30.0	8,572,855
2012	5,268,885	110.5	8,019,642

The decrease for 2011 in the percentage of APC contributed is a result of the Connecticut Resource Recovery Authority (CRRRA) not making the annual required contributions for MDC personnel assigned to the Mid-Connecticut Project as per the contractual agreement. (See Mid-Connecticut disclosure on page 59.) A summary of the three-year trend for the Annual Required Contribution is as follows:

<u>Year Ended Dec. 31,</u>	<u>Annual Required Contribution</u>			<u>Actual Contribution</u>			<u>Actual Contribution</u>		
	<u>MDC</u>	<u>Mid-CT</u>	<u>Total</u>	<u>MDC</u>	<u>Mid-CT</u>	<u>Total</u>	<u>MDC</u>	<u>Mid-CT</u>	<u>Total</u>
2010	\$ 4,150,853	\$ 4,658,419	\$ 8,809,272	\$ 4,152,040	\$ 711,924	\$ 4,863,964	100.0%	15.3%	55.2%
2011	4,948,298	10,102,174	15,050,472	4,633,200	-	4,633,200	93.6%	0.0%	30.8%
2012	5,347,556	-	5,347,556	5,822,098	-	5,822,098	108.9%	0.0%	108.9%

As of January 1, 2012, the most recent actuarial valuation date, the plan was 78.4% funded. The actuarial accrued liability for benefits was approximately \$204 million, and the actuarial value of assets was \$160 million, resulting in an unfunded actuarial accrued liability (UAAL) of approximately \$44 million. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$41 million.

5. POSTEMPLOYMENT HEALTHCARE PLAN - RETIREE HEALTH PLAN

Plan Description

The Retiree Health Plan (RHP) is provided through indemnity plans and health maintenance organizations. The RHP is a single-employer defined benefit healthcare plan and provides medical, dental and life insurance benefits to eligible retirees and their spouses. District employees eligible to participate in the plan are as follows: 65 years old or 55 years old with 10 years of service or the sum of age and service is 85. Benefit provisions are established through negotiations between the District and the various unions representing the employees.

Some expenses for postemployment benefits were paid out of the General Fund, as well as the OPEB trust fund, during fiscal year ended December 31, 2012. The plan does not issue a stand-alone financial report.

At January 1, 2012, plan membership consisted of the following:

	Retiree Health Plan
Retired members	396
Spouses of retired members	427
Active plan members	544
Total Participants	<u>1,367</u>

Funding Policy

The contribution requirements of plan members and the District are also negotiated with the various unions representing the employees. Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts monthly towards the cost of health insurance premiums.

The cost per month for District retiree spouse coverage under Connecticut Blue Cross/Blue Shield Century 94 plus Major Medical Blue Cross Basic Dental Plan is 5% of the difference in cost between the individual coverage and the cost of the coverage selected. There is no cost for retirees. Retirees are eligible to receive term life insurance in the amount equal to one half of their group life insurance.

Employer contributions to the plan of \$7,932,085 were made in accordance with actuarially determined requirements. Of this amount, \$2,850,015 represents accrued premium payment from CRRA and \$5,082,070 was contributed to prefund benefits.

Annual OPEB Cost and Net OPEB Obligations

The District's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation:

	Retiree Health Plan
Annual required contribution (ARC)	\$ 14,301,000
Interest on net OPEB obligation	1,227,381
Adjustment to annual required contribution	<u>(1,181,922)</u>
Annual OPEB cost	14,346,459
Contributions made	<u>7,932,085</u>
Increase in net OPEB obligation	6,414,374
Net OPEB obligation, beginning of year	<u>30,684,513</u>
Net OPEB Obligation, End of Year	<u><u>\$ 37,098,887</u></u>

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the three fiscal years ended December 31, 2012, 2011 and 2010 are presented below:

Fiscal Year Ended	Annual OPEB Cost (AOC)			Actual Contribution			Percentage of AOC Contributed			Net OPEB Obligation		
	MDC	Mid-CT	Total	MDC	Mid-CT	Total	MDC	Mid-CT	Total	MDC	Mid-CT	Total
12/31/2010	\$ 12,935,275	\$ 2,755,786	\$ 15,691,061	\$ 5,155,361	\$ -	\$ 5,155,361	39.9%	0.0%	32.9%	\$ 21,709,188	\$ 6,188,573	\$ 27,897,761
12/31/2011	16,122,587	3,124,451	19,247,038	26,995,985	-	26,995,985	167.4%	0.0%	140.3%	24,282,286	6,402,227	30,684,513
12/31/2012	12,117,974	2,228,485	14,346,459	7,932,085	-	7,932,085	65.5%	0.0%	55.3%	28,468,175	8,630,712	37,098,887

As of January 1, 2012, the most recent actuarial valuation date, the plan was 11.8% funded. The actuarial accrued liability for benefits was approximately \$221 million, and the actuarial value of assets was approximately \$26 million, resulting in an unfunded actuarial accrued liability (UAAL) of approximately \$194 million. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$40 million.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as accrual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections for benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2012 actuarial valuation, projected unit credit method was used. The annual medical cost trend rate is 7.1% initially, reduced by decrements to an ultimate rate of 4.7% for pre-65 and 4.8% for past-65. Years until ultimate medical inflation rate are 70 for pre-65 and 72 for post-65. The discount rate assumption is 4.0%. The actuarial value of assets was determined using the closed group method. The UAAL is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at January 1, 2012 was 26 years.

6. OTHER INFORMATION

A. Clean Water Project

The Clean Water Project is comprised of three projects based upon a final consent decree entered in Federal Court by the United States Department of Justice, the United States Environmental Protection Agency, the Connecticut Attorney General and the Connecticut Department of Environmental Protection (now known as Connecticut Department of Energy and Environmental Protection, hereafter CT DEEP), a separate consent order by CT DEEP and a general permit for nitrogen reduction by CT DEEP.

1. Under the consent decree, the District is required to eliminate Sanitary Sewer Overflows (SSOs) caused by either insufficient hydraulic capacity and/or excessive inflow and infiltration of clean water into the sewer system in Rocky Hill, Wethersfield and Windsor by 2015 (or five years after the approval of the Sewer System Evaluation Survey) and West Hartford and Newington by 2020 (or ten years after the approval of the Sewer System Evaluation Survey).
2. Under the consent order, the District is required to develop and implement a Long-Term Control Plan for the abatement of Combined Sewer Overflows (CSOs). This control plan includes the reduction of CSOs from the Hartford sewage system, elimination of all overflows to the Wethersfield Cove, and the North Branch of the Park River, expansion of the Hartford water pollution control facility, and the construction of a storage tunnels and consolidation conduits to convey combined sewage to the Hartford Plant for treatment. The consent order stipulates interim milestones and requires full compliance by 2023.

3. CT DEEP requires the District to reduce the nitrogen in the effluent from the District's wastewater facilities by 2014 to reduce hypoxia in the Long Island Sound. In order to meet the permit requirements, new treatment processes and facilities will have to be added to existing facilities to reduce the nitrogen in the effluent. Alternatively, CT DEEP has established a nitrogen credit trading program that allows for the purchase of credits to meet the permit limits. The District plans to construct facilities prior to 2014 and in the interim will be purchasing credits to meet the annual permit levels.

The total cost of the Clean Water Project is estimated at approximately \$2.1 billion. Based upon the MDC Charter, appropriations for the costs of the Clean Water Project must be submitted to a referendum. An \$800 million appropriation for Phase I was approved by the voters of the member municipalities at referendum in November 2006. An appropriation for an additional \$800 million for Phase II of the Clean Water Project was approved by the voters of the member municipalities at referendum on November 6, 2012. Phase III will require submission of a further referendum for appropriation to voters, currently expected to be in 2017. The MDC has made no determination as to when the additional referendum will be sent to voters. The MDC expects Phase I and Phase II will be completed within authorized appropriations, and to be placed in service without regard to the outcome of any additional referendum.

As of December 31, 2012, the construction contracts authorized under Phase I of the Clean Water Project are approximately 50% complete.

Pursuant to Consent Order # WC5435, the MDC filed the Long-Term Control Plan Average Annual Expenditure Report with CT DEEP, which detailed the actual calculation of both the annual expenditure spent and an average expenditure rate. The Long-Term Control Plan for the abatement of CSOs consent order carries a requirement of a minimum annual expenditure level of \$40 million and at a minimum average expenditure rate of \$90 million per calendar year. The first reporting requirement under the consent order was made on January 10, 2012 (retrospectively to January 10, 2007). Most recently, the MDC filed its second Annual Expenditure Report with CT DEEP on January 10, 2013. During the six-year period, the MDC reported \$103.2 million, which exceeded the minimum average expenditure rate and complied with the minimum annual expenditure level for the final five years of the reporting period.

The District’s Sewer Ordinances were amended on October 1, 2007 by the District Board to allow the implementation of a Special Sewer Service Surcharge on users of District Water who also use the District’s sewer system in order to repay the indebtedness to be issued for the District’s Clean Water Project. The Special Sewer Service Surcharge was implemented effective January 1, 2008 at a rate of \$0.35 per ccf of water consumed with the subsequent years rates being established during the annual budgeting process. The table below summarizes the activity in the Special Sewer Service Surcharge account since inception.

	<u>SSSS Rate per ccf</u>	<u>Amount Billed to Customers</u>	<u>Amount Collected from Customers</u>	<u>Clean Water Project Principal & Interest Payments</u>	<u>Balance</u>
Fiscal 2008	\$ 0.35	\$ 5,549,162	\$ 4,362,801	\$ -	\$ 4,362,801
Fiscal 2009	0.70	10,989,325	9,661,762	-	14,024,563
Fiscal 2010	1.05	17,424,073	15,761,599	-	29,786,162
Fiscal 2011	1.40	22,471,604	16,579,932	2,767,075	43,599,019
Fiscal 2012	1.90	29,766,565	30,975,490	7,028,145	67,546,364

Through December 31, 2012, the Clean Water Project has been funded through the issuance of long-term debt in the amount of \$222.9 million, which is comprised of \$176.7 million of Clean Water Fund Loans and \$46.2 million of General Obligation Bonds.

B. Risk Management

The District is exposed to various risks of loss including torts; officers’ and employees’ liabilities; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District purchases commercial insurance for all risks of loss except those risks described in the next paragraph. The District established an internal service fund, the self-insurance fund, to account for and finance the retained risk of loss.

The District is self-insured for health care, workers’ compensation claims up to \$500,000 for each accident, deductibles for property damage up to \$100,000 for each location and general and automobile liability up to \$250,000 for each incident. Additionally, the District has provided for \$1 million of excess coverage for liability coverage with no limits for workers’ compensation excess coverage. The self-insurance fund is primarily supported by contributions from the General Fund and the Water Utility Enterprise Fund. Administration for workers’ compensation and general and auto liability claims is performed in-house and through third-party administrators whose administrative fees are paid by the self-insurance fund. Blue Cross and Blue Shield administer the District’s medical insurance plan for which the District pays a fee. The medical insurance plan provides coverage for most District employees. The District has purchased a stop loss policy for total medical claims in any one year exceeding an aggregate of 110% of expected claims. Settled claims have not exceeded this commercial coverage in any of the past three years. There has been no reduction in any coverage during the year from that of the prior year.

The claims liability of \$2,756,757 for the self-insurance fund reported at December 31, 2012 is based on the requirements of GASB Statement No. 10, which requires that a liability for estimated claims incurred but not reported be recorded. The District's policy is to have an actuarial study performed annually.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that has been incurred but not reported (IBNR). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of payouts), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example for salvage or subrogation, are another component of the claims liability estimate. Changes in the claims liability for the past two years are as follows:

		Accrued Liability Beginning of Fiscal Year		Current Year Claims and Changes in Estimates		Accrued Liability Claim Payments		Accrued Liability End of Fiscal Year
2011	\$	3,428,788	\$	2,396,011	\$	3,009,471	\$	2,815,328
2012		2,815,328		2,528,777		2,587,348		2,756,757

C. Contingent Liabilities

Environmental Matters

On November 6, 2006, the voters on the Metropolitan District overwhelmingly approved the referendum for the first phase of the Clean Water Project authorizing the District to bond \$800,000,000 of the current total estimated project cost of \$1.6 billion (current escalated amount of \$2.1 billion). The Clean Water Project includes all the programs needed to comply with the Consent Decree from the United States Department of Justice, the U.S. Environmental Protection Agency (EPA) and CT DEEP to eliminate eight SSOs and the Consent Order from CT DEEP to implement the Long-Term Control Plan for Combined Sewer Overflow Abatement and to reduce nitrogen from the District's water pollution control facilities as required by CT DEEP general permit. The District is utilizing the State of Connecticut Clean Water Fund to finance the eligible portions of these projects to the extent funding is available. The Clean Water Fund provides a grant and loan combination for some of this work and a loan only for certain projects.

The Consent Decree issued on August 23, 2006 by the U.S. Department of Justice, the EPA and CT DEEP for the elimination of SSOs requires the overflows to be eliminated within five years of the approval of an elimination plan by the EPA in Wethersfield, Rocky Hill and Windsor and within ten years in West Hartford and Newington. The Consent Decree also carried an \$850,000 civil penalty that was paid in 2006. The Consent Decree requires many interim action reports and construction necessary to reduce the infiltration and inflow of clean water into the sewer systems in the towns outside Hartford including individual homeowner actions. The Clean Water Fund can supply loans at 2% interest for this design and construction.

A Consent Order issued on November 6, 2006 by CT DEEP establishes a compliance schedule for the full implementation of the Long-Term Control Plan for Combined Sewer Overflow Abatement by 2021. The work includes separation of sewers in portions of Hartford to eliminate certain overflows, construction of new conveyance sewers, treatment plant expansion for wet weather flows and a large storage tunnel for retention of flow for later treatment. Meeting the schedule will require extensive and timely capital expenditures, currently projected to be more than \$1 billion over the next 15 years. Construction costs for portions of the sewer separation projects and for construction of conveyance and storage tunnels are eligible for State Clean Water Fund financing with a 50% grant and loan at 2% for the balance to the extent funding is available. Funding for the treatment plant expansion work is eligible for State Clean Water Fund support with a 20% grant and a 2% loan for the balance. In the case that funding was unavailable through the Clean Water Fund, the District would be obligated to issue bonds for the construction, adding increased debt service to its budget.

The third component of the Clean Water Project includes the reduction of nitrogen in the treatment facilities' effluent to meet the state general permit to reduce nitrogen to Long Island Sound. The permit requires the annual reduction of nitrogen levels through 2014. New facilities are eligible for financing by the Clean Water Fund with a 30% grant and loan at 2% for the balance.

Arbitrage

The District may be subject to rebate penalties to the federal government relating to various bond and note issues. The District expects such amounts, if any, to be immaterial.

Mid-Connecticut Project

The CRRA and the District entered into a contract dated December 31, 1984 that defines the responsibilities of both parties with respect to the District's operation of the Mid-Connecticut Resources Recovery Facility. The agreement details the District's contractual obligations with respect to the operation of the waste processing facility, the transfer stations, the Hartford Landfill and the transportation systems between the transfer stations, the Hartford Landfill and the waste processing facilities as well as the contractual obligations of the CRRA to compensate and indemnify the District for its services.

The term of the initial agreement was for twenty-seven (27) years and the CRRA had the option to extend the agreement for an additional twenty (20) years under the same terms and conditions. The District received notification from CRRA of its intent not to extend the agreement; therefore, the agreement terminated effective December 31, 2011.

Upon receipt of notification of the pending contract termination, the District determined that the contract termination would result in certain costs relating to District employees that operated the facilities and these termination costs are estimated to be in excess of \$60 million. The District initiated discussions with the CRRA with respect to funding these contract termination liabilities. The principal components of the contract termination liabilities are unfunded pension and OPEB obligations for District employees who operated the facilities during the term of the expiring contract as well as employment costs associated with the elimination of positions at the Mid-Connecticut Resources Recovery Facility.

Despite attempts to resolve the issues associated with contract termination liability, no resolution was reached and, therefore, in accordance with the contract terms, in September 2009 the District presented the CRRA with formal notice of the dispute. The District is currently pursuing a prejudgment attachment to secure its claims.

CRRA, at its Board of Directors' meeting on December 16, 2010, authorized management to negotiate a contract with another entity for the operation and maintenance of the Mid-Connecticut Resources Recovery Facility. The District and CRRA have given the requisite notices to enter binding arbitration to resolve the dispute related to closing costs and other disputed issues.

Blonski v Metropolitan District Commission

On May 16, 2002, Maribeth Blonski was operating a mountain bicycle on the District's West Hartford Reservoir property and had an accident that resulted in her suffering personal injuries. On May 14, 2004, Maribeth Blonski initiated legal action against the District alleging that the District was responsible for her personal injuries.

On May 7, 2010, a Connecticut Superior Court jury awarded Maribeth Blonski \$2.9 million, less 30% for comparable negligence and a deduction of approximately \$150,000 for collateral source benefits, as a result of her legal action against the District. The case was argued before the Supreme Court in January. The District is awaiting the decision of the Connecticut Supreme Court. The District fully expects the award to be overturned. A final decision is likely by September 2013.

The District maintains a comprehensive risk management program with specific insurance policies in force with respect to general liability and umbrella liability. At the time of the accident, the District maintained insurance coverages with appropriate policy limits and these policies contained a self-insurance retention of \$250,000.

Other

There are other various suits and claims pending against the District, none of which, individually or in the aggregate, is believed by counsel to be likely to result in judgment or judgments that could materially affect the District's financial position.

APPENDIX B – FORMS OF OPINION OF BOND COUNSEL

FORM OF OPINION OF HINCKLEY, ALLEN & SNYDER, LLP, BOND COUNSEL TO THE DISTRICT

_____, 2013

The Metropolitan District
Hartford, Connecticut

Ladies and Gentlemen:

In connection with our representation of The Metropolitan District, Hartford County, Connecticut (the “District”) as bond counsel, we have examined certified copies of the proceedings of the “District, a Tax Regulatory Agreement of the District dated November 5, 2013 (the “Tax Regulatory Agreement”) and other proofs submitted to us relative to the issuance and sale of \$15,500,000 Metropolitan District, Hartford County, Connecticut General Obligation Bond Anticipation Notes, Series C dated November 5, 2013 and maturing on March 25, 2014, consisting of Note No. R-__ in the aggregate principal amount of \$_____, bearing interest at the rate of ___ % per annum and [Note No. R-__ in the aggregate principal amount of \$_____, bearing interest at the rate of ___ % per annum] with principal and interest payable at maturity and the \$30,000,000 Metropolitan District, Hartford County, Connecticut General Obligation Bond Anticipation Notes, Series D dated November 5, 2013 and maturing on March 25, 2014, consisting of Note No. R-__ in the aggregate principal amount of \$_____, bearing interest at the rate of ___ % per annum and [Note No. R-__ in the aggregate principal amount of \$_____, bearing interest at the rate of ___ % per annum] with principal and interest payable at maturity (collectively, the “Notes”). The Notes are not subject to redemption prior to maturity.

The Notes are originally registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), to effect a book-entry system for the ownership and transfer of the Notes. So long as DTC or its nominee is the registered owner, principal and interest payments on the Notes will be made to DTC.

We have not been engaged or undertaken to review the accuracy, completeness or sufficiency of any official statement or other offering material relating to the Notes and we express no opinion relating thereto.

We are of the opinion that such proceedings and proofs show lawful authority for the issuance and sale of the Notes under authority of the Constitution and statutes of the State of Connecticut and that the Notes are valid and binding general obligations of the District for the payment of the principal of and interest on which the full faith and credit of the District are pledged, that the District is authorized to levy unlimited taxes upon the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and

Windsor comprising the District, proportionately as provided in the District's Charter to pay the principal of the Notes and interest thereon, and that such city and towns are authorized to levy ad valorem taxes on all taxable property within their respective limits to pay such District taxes without limitation as to rate or amount except as to property classified under the statutes of the State, such as certified forest lands taxable at a limited rate and dwelling houses of qualified elderly persons of low income or of qualified disabled persons taxable at limited amounts. We are further of the opinion that the Tax Regulatory Agreement is a valid and binding agreement of the District.

The rights of owners of the Notes and the enforceability of the Notes and the Tax Regulatory Agreement may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally and by application of equitable principles, whether considered at law or in equity.

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements that must be met at and subsequent to the issuance and delivery of the Notes in order that interest on the Notes be and remain excluded from gross income for federal income tax purposes. The opinion set forth below is subject to the condition that the District comply with all such requirements. The District has covenanted in the Tax Regulatory Agreement that it will at all times perform all acts and things necessary or appropriate under any valid provision of law to ensure that interest paid on the Notes shall be excludable from gross income for federal income tax purposes under the Code. Failure to comply with certain of such requirements may cause interest on the Notes to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Notes.

In our opinion, under existing statutes and court decisions, interest on the Notes is excludable from gross income for federal income tax purposes and is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax. Interest on the Notes is, however, includible in adjusted current earnings for purposes of computing the alternative minimum tax imposed on certain corporations. We express no opinion regarding any other federal income tax consequences caused by ownership or disposition of, or receipt of interest on, the Notes.

In rendering the foregoing opinions regarding the federal tax treatment of interest on the Notes, we have relied upon and assumed (i) the material accuracy of the representations, statements of intention and expectations, and certifications of fact contained in the Tax Regulatory Agreement, and (ii) compliance by the District with the covenants and procedures set forth in the Tax Regulatory Agreement as to such tax matters.

We are further of the opinion that, under existing statutes, interest on the Notes is excluded from Connecticut taxable income for purposes of the Connecticut income tax on individuals, trusts and estates, and is excluded from amounts on which the net Connecticut

The Metropolitan District
_____, 2013

Page 3 of 3

minimum tax is based in the case of individuals, trusts and estates required to pay the federal alternative minimum tax. We express no opinion regarding any other State or local tax consequences caused by ownership or disposition of, or receipt of interest on, the Notes.

This opinion is given as of the date hereof and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Very truly yours,

HINCKLEY, ALLEN & SNYDER, LLP

ATTORNEYS AT LAW

[FORM OF OPINION OF FINN DIXON & HERLING LLP]

November __, 2013

The Metropolitan District
555 Main Street
P.O. Box 800
Hartford, Connecticut 06142-0800

Ladies and Gentlemen:

In connection with our representation of The Metropolitan District, Hartford County, Connecticut (the “District”) as bond counsel, we have examined certified copies of the proceedings of the District, a Tax Regulatory Agreement of the District November 5, 2013 (the “Tax Regulatory Agreement”), and other proofs submitted to us relative to the issuance and sale of \$15,500,000 Metropolitan District, Hartford County, Connecticut General Obligation Bond Anticipation Notes, Series C, dated November 5, 2013 and maturing on March 25, 2014, consisting of Note No. R-__ in the aggregate principal amount of \$_____, bearing interest at the rate of ___% per annum and [Note No. R-__ in the aggregate principal amount of \$_____, bearing interest at the rate of ___% per annum] with principal and interest payable at maturity, and the \$30,000,000 Metropolitan District, Hartford County, Connecticut General Obligation Bond Anticipation Notes, Series D, dated November 5, 2013 and maturing on March 25, 2014, consisting of Note No. R-__ in the aggregate principal amount of \$_____, bearing interest at the rate of ___% per annum and [Note No. R-__ in the aggregate principal amount of \$_____, bearing interest at the rate of ___% per annum] with principal and interest payable at maturity (collectively, the “Notes”). The Notes are not subject to redemption prior to maturity.

The Notes are originally registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), to effect a book-entry system for the ownership and transfer of the Notes. So long as DTC or its nominee is the registered owner, principal and interest payments on the Notes will be made to DTC.

We have not been engaged or undertaken to review the accuracy, completeness or sufficiency of any official statement or other offering material relating to the Notes and we express no opinion relating thereto.

We are of the opinion that such proceedings and proofs show lawful authority for the issuance and sale of the Notes under authority of the Constitution and statutes of the State of Connecticut and that the Notes are valid and binding general obligations of the District for the

payment of the principal of and interest on which the full faith and credit of the District are pledged, that the District is authorized to levy unlimited taxes upon the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor comprising the District, proportionately as provided in the District's Charter to pay the principal of the Notes and interest thereon, and that such city and towns are authorized to levy ad valorem taxes on all taxable property within their respective limits to pay such District taxes without limitation as to rate or amount except as to property classified under the general statutes, such as certified forest lands taxable at a limited rate and dwelling houses of qualified elderly persons of low income or of qualified disabled persons taxable at limited amounts. We are further of the opinion that the Tax Regulatory Agreement is a valid and binding agreement of the District.

The rights of owners of the Notes and the enforceability of the Notes and the Tax Regulatory Agreement may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally and by application of equitable principles, whether considered at law or in equity.

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements that must be met at and subsequent to the issuance and delivery of the Notes in order that interest on the Notes be and remain excluded from gross income for federal income tax purposes. The opinion set forth below is subject to the condition that the District comply with all such requirements. The District has covenanted in the Tax Regulatory Agreement that it will at all times perform all acts and things necessary or appropriate under any valid provision of law to ensure that interest paid on the Notes shall be excludable from gross income for federal income tax purposes under the Code. Failure to comply with certain of such requirements may cause interest on the Notes to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Notes.

In our opinion, under existing statutes and court decisions, interest on the Notes is excludable from gross income for federal income tax purposes and is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax. Interest on the Notes is, however, includible in adjusted current earnings for purposes of computing the alternative minimum tax imposed on certain corporations. We express no opinion regarding any other federal income tax consequences caused by ownership or disposition of, or receipt of interest on, the Notes.

In rendering the foregoing opinions regarding the federal tax treatment of interest on the Notes, we have relied upon and assumed (i) the material accuracy of the representations, statements of intention and expectations, and certifications of fact contained in the Tax Regulatory Agreement, and (ii) compliance by the District with the covenants and procedures set forth in the Tax Regulatory Agreement as to such tax matters.

We are further of the opinion that, under existing statutes, interest on the Notes is excluded from Connecticut taxable income for purposes of the Connecticut income tax on individuals, trusts and estates, and is excluded from amounts on which the net Connecticut minimum tax is based in the case of individuals, trusts and estates required to pay the federal

alternative minimum tax. We express no opinion regarding any other State or local tax consequences caused by ownership or disposition of, or receipt of interest on, the Notes.

This opinion is given as of the date hereof and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Very truly yours,

APPENDIX C – CONTINUING DISCLOSURE AGREEMENT

APPENDIX C- CONTINUING DISCLOSURE AGREEMENT

The Metropolitan District, Hartford County, Connecticut
\$15,500,000 General Obligation Bond Anticipation Notes, Series C
Dated November 5, 2013
\$30,000,000 General Obligation Bond Anticipation Notes, Series D
Dated November 5, 2013

WHEREAS, The Metropolitan District, Hartford County, Connecticut (the “District”) has authorized the issuance of \$15,500,000 General Obligation Bond Anticipation Notes, Series C, dated November 5, 2013 (the “Series C Notes”) and the issuance of the \$30,000,000 General Obligation Bond Anticipation Notes, Series D, dated November 5, 2013 (the “Series D Notes” and collectively with the Series C Notes, the “Notes”), to mature on March 25, 2014 as set forth in the District’s Official Statement dated October 17, 2013 describing the Notes (the “Official Statement”); and

WHEREAS, the Notes have been sold by competitive bidding pursuant to a Notice of Sale dated October 8, 2013 (the “Notice of Sale”); and

WHEREAS, in the Notice of Sale, the District acknowledged that an underwriter may not purchase or sell the Notes unless it has reasonably determined that the District has undertaken in a written agreement for the benefit of the beneficial owners of the Notes to provide certain continuing disclosure as required by the Securities and Exchange Commission Rule 15c2-12(b)(5), as amended from time to time (the “Rule”), and the District desires to assist the underwriter of the Notes to meet the requirements of the Rule; and

WHEREAS, the District is authorized pursuant to Section 3-20e of the General Statutes of Connecticut to make such representations and agreements for the benefit of the beneficial owners of the Notes to meet the requirements of the Rule; and

WHEREAS, in order to assist the underwriter of the Notes to meet the requirements of the Rule, this Continuing Disclosure Agreement (this “Agreement”) is to be made, executed and delivered by the District in connection with the issuance of the Notes and to be described in the Official Statement, all for the benefit of the beneficial owners of the Notes, as they may be from time to time;

NOW, THEREFORE, the District hereby represents, covenants and agrees as follows:

SECTION 1. Definitions. In addition to the definitions above, the following capitalized terms shall have the following meanings:

"Listed Events" shall mean any of the events listed in Section 2 of this Agreement.

“MSRB” shall mean the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, as amended, or any successor thereto.

"Repository" shall mean the Electronic Municipal Market Access system of the MSRB as described in 1934 Act Release No. 57577 for purposes of the Rule or any other nationally

recognized municipal securities information repository or organization recognized by the SEC from time to time for the purposes of the Rule.

“SEC” shall mean the Securities and Exchange Commission of the United States or any successor thereto.

SECTION 2. Reporting of Significant Events.

(a) This Section 2 shall govern the giving of notices of the occurrence of any of the following events:

1. Principal and interest payment delinquencies;
2. Non-payment related defaults, if material;
3. Unscheduled draws on debt service reserves reflecting financial difficulties;
4. Unscheduled draws on credit enhancements reflecting financial difficulties;
5. Substitution of credit or liquidity providers, or their failure to perform;
6. Receipt of an adverse tax opinion; the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Notes, or other material events affecting the tax-exempt status of the Notes;
7. Modifications to rights of noteholders, if material;
8. Note calls, if material, and tender offers;
9. Defeasances;
10. Release, substitution or sale of property securing repayment of the Notes, if material;
11. Rating changes;
12. Bankruptcy, insolvency, receivership, or other similar event of any obligated person;
13. The consummation of a merger, consolidation, or acquisition involving any obligated person or the sale of all or substantially all of the assets of any obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake any such action or the termination of a definitive agreement related to such actions, other than pursuant to its terms, if material; and
14. Appointment of a successor or additional trustee or the change of a name of a trustee, if material.

(b) Whenever the District obtains knowledge of the occurrence of a Listed Event, the District shall, in a timely manner not in excess of ten (10) business days after the occurrence of the Listed Event, provide or cause to be provided a notice of such occurrence to the Repository in electronic format, accompanied by identifying information, as prescribed by the MSRB.

SECTION 3. Termination of Reporting Obligation. The District's obligations under this Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Notes.

SECTION 4. Dissemination Agent. The District may, from time to time, appoint or engage an agent to assist it in carrying out its obligations under this Agreement and may discharge any such agent with or without appointing a successor agent.

SECTION 5. Amendment; Waiver. Notwithstanding any other provision of this Agreement, the District may amend this Agreement (and any provision of this Agreement may be waived), provided that the following conditions are satisfied:

(a) It may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of the District or of the type of business conducted by the District;

(b) This Agreement, as so amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Notes, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The District receives an opinion of counsel expert in federal securities laws to the effect that, the amendment or waiver does not materially impair the interests of the holders of the Notes.

A copy of any such amendment will be filed in a timely manner with the Repository in electronic format. The Annual Report provided on the first date following the adoption of any such amendment will explain, in narrative form, the reasons for the amendment and the impact of the change in the type of financial information or operating data provided.

SECTION 6. Additional Information. Nothing in this Agreement shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Agreement or any other means of communication, or including any other information in any notice of occurrence of a Listed Event, in addition to that which is required by this Agreement. If the District chooses to include any information in any notice of occurrence of a Listed Event, in addition to that which is specifically required by this Agreement, the District shall have no obligation under this Agreement to update such information or include it in any future notice of occurrence of a Listed Event.

SECTION 7. Enforceability. The District agrees that its undertaking pursuant to the Rule set forth in this Agreement is intended to be for the benefit of and enforceable by the beneficial owners of the Notes. In the event of a failure of the District to comply with any provision of this Agreement, the District shall have the option to cure such failure after its receipt of written notice from any beneficial owner of the Notes of such failure. In the event the District does not cure such failure, the right of any beneficial owner of the Notes to enforce the provisions of this undertaking shall be limited to a right to specific performance to cause the District to comply with its obligations under this Agreement. A default under this Agreement shall not be deemed a default of the District with respect to the Notes. No person or entity shall have any right to any monetary damages for any default under this Agreement.

SECTION 8. Indemnification. The District agrees to indemnify and save its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorneys' fees) of defending against any claim of liability, but excluding liabilities due any such person's willful misconduct. The obligations of the District under this Section shall survive payment of the Notes.

IN WITNESS WHEREOF, the District has caused this Continuing Disclosure Agreement to be executed in its name by the undersigned officers, duly authorized, all as of the date first written above.

APPENDIX D - NOTICE OF SALE

NOTICE OF SALE
THE METROPOLITAN DISTRICT
HARTFORD COUNTY, CONNECTICUT
\$15,500,000 GENERAL OBLIGATION BOND ANTICIPATION NOTES, SERIES C
\$30,000,000 GENERAL OBLIGATION BOND ANTICIPATION NOTES, SERIES D

Sealed proposals and electronic bids via **PARITY**[®] (as described herein) will be received by The Metropolitan District, Hartford County, Connecticut, (the “District”), until 11:30 A.M. (E.D.T.) **Thursday**

October 17, 2013

for the purchase of the \$15,500,000 The Metropolitan District, Hartford County, Connecticut General Obligation Bond Anticipation Notes, Series C (the “Series C Notes”) and the \$30,000,000 The Metropolitan District, Hartford County, Connecticut General Obligation Bond Anticipation Notes, Series D (the “Series D Notes”) and collectively with the Series C Notes, the “Notes”). Sealed proposals will be received at the offices of Hinckley, Allen & Snyder, LLP, 20 Church Street, Crandall Room, Hartford, CT 06103. (See “Sealed Proposal Procedures”.) Electronic bids must be submitted via **PARITY**[®]. (See “Electronic Bidding Procedures”).

The Notes

The Notes will be dated November 5, 2013. The Notes will be payable to the registered owners on March 25, 2014, as further described in the Preliminary Official Statement for the Notes dated October 8, 2013 (the “Preliminary Official Statement”). The Notes will bear interest (which interest will be computed on a 360-day year, 30-day month basis) payable at maturity at the rate or rates per annum fixed in the proposal or proposals accepted for their purchase, which rates shall be in multiples of 1/1000 of 1% per annum.

Registration

The Notes will be issued by means of a book-entry system with no physical distribution of note certificates made to the public in the form described below. The Notes will be issued in registered form and one note certificate for each interest rate and series will be issued to The Depository Trust Company, New York, New York (“DTC”), registered in the name of its nominee, Cede & Co., and immobilized in their custody. A book-entry system will be employed, evidencing ownership of the Notes in principal amounts of \$1,000 or integral multiples thereof, with transfers of ownership effected on the records of DTC and its participants pursuant to rules and procedures adopted by DTC and its participants. The winning bidder, or bidders, as a condition to delivery of the Notes, will be required to deposit the note certificates with DTC, or its custodian, registered in the name of Cede & Co. Principal of and interest on the Notes will be payable by the District or its agent in same-day funds to DTC or its nominee as registered owner of the Notes. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC; transfer of principal and interest payments to beneficial owners by participants of DTC will be the responsibility of such participants and other nominees of beneficial owners. The District will not be responsible or liable for payments by DTC to its participants or by DTC participants to beneficial owners or for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants.

Nature of Obligation

The Notes will be general obligations of the District payable, unless paid from other sources, from general property tax revenues from member municipalities. The District is authorized to levy unlimited taxes upon the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor, comprising the District, proportionately as provided in the District’s Charter, to pay the principal of and interest on the Notes, and such city and towns are authorized to levy ad valorem taxes on all

taxable property within their respective limits to pay such District taxes without limitation as to rate or amount except as to classified property such as certified forest lands taxable at a limited rate and dwelling houses of qualified elderly persons of low income or of qualified disabled persons taxable at limited amounts.

Bank Qualification

The Notes **SHALL NOT** be designated by the District as qualified tax exempt obligations under the provisions of Section 265(b) of the Internal Revenue Code of 1986, as amended, for purposes of the deduction by financial institutions for interest expense allocable to the Notes.

Electronic Bidding Procedures

Any prospective bidder intending to submit an electronic bid must submit its electronic bid through the facilities of **PARITY®**. Subscription to the i-Deal LLC BiDComp Competitive Bidding System is required in order to submit an electronic bid and the District will neither confirm any subscription nor be responsible for the failure or any prospective bidder to subscribe.

An electronic bid made through the facilities of **PARITY®** shall be deemed an irrevocable offer to purchase the Notes on the terms provided in this Notice of Sale, and shall be binding upon the bidder as if made by a signed, sealed bid delivered to the District. The District shall not be responsible for any malfunction or mistake made by, or as a result of the use of the facilities of, **PARITY®**, the use of such facilities being the sole risk of the prospective bidder.

If any provisions of this Notice of Sale shall conflict with information provided by **PARITY®** as the approved provider of electronic bidding services, this Notice of Sale shall control. Further information about **PARITY®**, including any fee charged, may be obtained from **PARITY®**, 1359 Broadway, 2nd Floor, New York, New York 10018, Attention: Customer Service Department (telephone: (212) 849-5021 – email notice: munis@ipreo.com).

For purposes of the electronic bidding process, the time as maintained by **PARITY®** shall constitute the official time. For information purposes only, bidders are requested to state in their electronic bids the net interest cost to the District, computed and rounded to six decimal places, as described under “Bid Specifications/Basis of Award” below. All electronic bids shall be deemed to incorporate the provisions of this Notice of Sale.

Sealed Proposal Procedures

Bids will be accepted in written form on the form of Proposal for Purchase at the place and time indicated above. Bids must be enclosed in sealed envelopes marked “Proposal for Notes” and addressed to John Zinzarella, Deputy Chief Executive Officer of Business Services/Treasurer, The Metropolitan District, c/o Hinckley, Allen & Snyder, LLP, 20 Church Street, Crandall Room, Hartford, CT 06103.

Bid Specifications/Basis of Award

Proposals for the purchase of the Notes must be in the form of the proposals for purchase attached hereto or, if submitted electronically, in accordance with the requirements prescribed herein. Proposals shall be made separately for Series C Notes and for Series D Notes. A proposal may be for all or any part of the Notes but any proposal for a part must be for \$100,000, or a whole multiple thereof and a separate proposal will be required for each part of the Notes for which a separate interest rate is bid. Unless all bids are rejected, the Notes will be awarded to the bidder or bidders offering to purchase the Notes at the lowest net interest cost, computed as to each interest rate stated by adding the total interest which would be paid at such rate and deducting therefrom the premium offered, if any. The District may award the Series C Notes and the Series D Notes to different bidders, in its sole discretion. As between proposals resulting in the same lowest net interest cost to the District, the award will be made on the basis of the highest principal amount of the Notes specified. No bid for

less than par and accrued interest, if any, will be considered and the District reserves the right to award to any bidder all or any part of the Notes bid for in its proposal. If a bidder is awarded only part of the Notes bid for in its proposal, any premium offered in in such proposal will be proportionately reduced so that the resulting net interest cost to the District with respect to the Notes awarded is the same as that contained in the bidder's proposal with respect to the entire amount bid, carried to six decimal places. The purchase price must be paid in Federal Funds.

The District reserves the right to reject any and all bids and to waive any irregularity or informality with respect to any bid. The District further reserves the right to postpone the sale to another time and date in its sole discretion for any reason, including internet difficulties or market conditions. The District will use its reasonable best efforts to notify prospective bidders in a timely manner of any need for a postponement.

Closing Documents and Legal Opinion

The Notes will be certified by U.S. Bank National Association, Hartford, Connecticut. The legality of the Notes will be passed upon by Hinckley, Allen & Snyder, LLP of Hartford, Connecticut and Finn Dixon & Herling LLP, of Stamford, Connecticut, as Bond Counsel, and the winning bidder will be furnished with their opinions without charge. The winning bidder will also be furnished with a signature and no litigation certificate, a receipt of payment satisfactory in form to Bond Counsel, a signed copy of the final Official Statement prepared for this sale, a certificate signed by the appropriate officials of the District relating to the accuracy and completeness of information contained in the final Official Statement, and an executed continuing disclosure agreement.

The legal opinions will further state that, under existing statutes and court decisions (i) interest on the Notes is excludable from gross income for federal income tax purposes, (ii) such interest is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax. Interest on the Notes is, however, includable in adjusted current earnings for purposes of computing the federal alternative minimum tax imposed on certain corporations, (iii) under existing statutes, interest on the Notes is excluded from Connecticut taxable income for purposes of the Connecticut income tax on individuals, trusts and estates, and (iv) such interest is excluded from amounts on which the net Connecticut minimum tax is based in the case of individuals, trusts and estates required to pay federal alternative minimum tax. In rendering the legal opinions, Bond Counsel will rely upon and assume the material accuracy of the representations and statements of expectation contained in the Tax Regulatory Agreement entered into by the District for the benefit of the owners of the Notes, and further, will assume compliance by the District with the covenants and procedures set forth in such Tax Regulatory Agreement.

Settlement of the Notes

It shall be the responsibility of the winning bidder(s) to certify to the District before delivery of the Notes the price(s) at which a substantial amount of the Notes of each maturity were initially offered and sold to the public.

The Notes will be available for delivery on or about November 5, 2013. The deposit of the Notes with DTC, or its custodian under a book-entry system requires the assignment of CUSIP numbers prior to delivery. It shall be the responsibility of the winning bidder or bidders to obtain CUSIP numbers for the Notes prior to delivery and the District will not be responsible for any delay occasioned by the failure of the winning bidder to obtain such numbers and to supply them to the District in a timely manner. The District assumes no responsibility for any CUSIP Service Bureau charge or other charge that may be imposed for the assignment of such numbers, which charges shall be the responsibility of and shall be paid for by the purchaser.

The Preliminary Official Statement is in a form "deemed final" by the District for purposes of SEC Rule 15c2-12(b)(1). The winning bidder will be furnished 25 copies of the final Official Statement prepared for the Notes at the District's expense. Additional copies may be obtained by the winning bidder(s) at its own expense by arrangement with the printer. The copies of the Official Statement will be made available to the winning bidder no later than seven business days after the bid opening at the office of the District's financial advisor. If the District's

financial advisor is provided with the necessary information from the winning bidder by 12:00 p.m. (noon) on the day after the bid opening, the copies of the final Official Statement will include an additional cover page and other pages, if necessary, indicating the interest rate(s), rating(s), yields or reoffering price(s), the name of the winning underwriter.

Continuing Disclosure

The District will undertake in a Continuing Disclosure Agreement entered into in accordance with the requirements of Rule 15c2-12(b)(5), promulgated by the Securities and Exchange Commission, to provide timely notice of the occurrence of certain material events with respect to the Notes. The winning bidder's obligation to purchase the Notes shall be conditioned upon its receiving, at or prior to the delivery of the Notes, an executed copy of the Continuing Disclosure Agreement for the Notes.

Related Information

For more information regarding the Notes and the District, reference is made to the Preliminary Official Statement. Copies of the Preliminary Official Statement may be obtained from the undersigned, or from Janette Marcoux, Senior Vice President, First Southwest Company, 628 Hebron Avenue, Suite 306, Glastonbury, CT. Telephone No. (860) 290-3003.
