

In the opinion of Co-Bond Counsel, based on existing statutes and court decisions and assuming continuing compliance with certain covenants and procedures relating to requirements of the Internal Revenue Code of 1986, as amended (the "Code"), interest on the Notes is excluded from gross income for federal income tax purposes and is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax. Interest on the Notes is, however, includable in adjusted current earnings for purposes of computing the federal alternative minimum tax imposed on certain corporations. In the opinion of Co-Bond Counsel, based on existing statutes, interest on the Notes is excluded from Connecticut taxable income for purposes of the Connecticut income tax on individuals, trusts and estates, and is excluded from amounts on which the net Connecticut minimum tax is based in the case of individuals, trusts and estates required to pay the federal alternative minimum tax. See "Tax Matters" herein.

**THE METROPOLITAN DISTRICT
HARTFORD COUNTY, CONNECTICUT**

**\$95,000,000 GENERAL OBLIGATION BOND ANTICIPATION NOTES
BOOK-ENTRY ONLY**

DATED
March 1, 2017

DUE
August 30, 2017

<u>Amount</u>	<u>Coupon</u>	<u>Yield</u>	<u>CUSIP¹</u>
\$95,000,000	2.00%	1.00%	416489UG5

The Notes are not subject to redemption prior to maturity.

The Notes will be issued by means of a book-entry-only system and registered in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository for the Notes. Purchasers of the Notes will not receive certificates representing their ownership interest in the Notes. Principal of, and interest on the Notes will be payable by the District (as defined herein) or its agent to DTC or its nominee as registered owner of the Bonds. Ownership of the Notes may be in principal amounts of \$5,000 or integral multiples thereof. See "Book-Entry-Only Transfer System" herein.

The Notes will be general obligations of the District and the District will pledge its full faith and credit to pay the principal of and interest on the Notes when due. Unless paid from other sources, the Notes are payable from general tax revenues from member municipalities. The District is authorized to levy unlimited taxes upon the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor (the "Member Municipalities"). See "Security and Remedies" herein.

U.S. Bank National Association, 225 Asylum Street, 23rd Floor, Hartford, Connecticut will act as Certifying Agent, Registrar, Transfer Agent, and Paying Agent for the Notes.

The Notes are offered for delivery when, as and if issued, subject to the approving opinion of Hinckley, Allen & Snyder LLP, Co-Bond Counsel, of Hartford, Connecticut, and Soeder & Associates, LLC, Co-Bond Counsel, of Hartford, Connecticut. Certain other legal matters will be passed upon for the Underwriters by their counsel Squire Patton Boggs (US) LLP. It is expected that delivery of the Notes in book-entry-only form will be made to DTC in New York, New York on or about March 1, 2017.

This cover page contains certain information for quick reference only. It is NOT a summary of this issue. Investors must read the entire Official Statement to obtain information essential to the making of an informed investment decision.

The CUSIP number has been assigned by an independent company not affiliated with the District and is included solely for the convenience of the holders of the Notes. The District is not responsible for the selection or use of this CUSIP number, does not undertake any responsibility for its accuracy, and makes no representation as to its correctness on the Notes or as indicated above. The CUSIP number for a specific maturity is subject to being changed after the issuance of the Notes as a result of various subsequent actions including, but not limited to, a refunding in whole or in part of such maturity or as a result of the procurement of secondary market portfolio insurance or other similar enhancement by investors that is applicable to all or a portion of certain maturities of the Notes.

This Official Statement does not constitute an offer to sell the Notes or the solicitation of an offer to buy, nor shall there be any sale of the Notes by any person in any state or other jurisdiction to any person to whom it is unlawful to make such offer, solicitation or sale in such state or jurisdiction. No dealer, salesperson or any other person has been authorized to give any information or to make any representation other than those contained herein in connection with the offering of the Notes, and, if given or made, such information or representation must not be relied upon.

The information concerning DTC and the book-entry system set forth herein under the caption “NOTE INFORMATION — Book-Entry Only Transfer System” has been furnished by DTC. Such information is believed to be reliable but is not guaranteed as to accuracy or completeness and is not to be construed as a representation by the District. All other information set forth herein has been obtained from the District and other sources (other than DTC) that are believed to be reliable. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale of the Notes made hereunder shall create under any circumstances any indication that there has been no change in the affairs of the District or DTC since the date hereof. The Underwriters (as hereinafter defined) have provided the following sentence for inclusion in this Official Statement. *The Underwriters have reviewed the information in this Official Statement in accordance with and as part of their respective responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.*

IN CONNECTION WITH THE OFFERING OF THE NOTES, THE UNDERWRITERS MAY OVER-ALLOT OR EFFECT TRANSACTIONS THAT STABILIZE OR MAINTAIN THE MARKET PRICE OF THE NOTES OFFERED HEREBY AT LEVELS ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

**CAUTIONARY STATEMENTS REGARDING FORWARD-
LOOKING STATEMENTS IN THIS OFFICIAL STATEMENT**

Certain statements included or incorporated by reference in this Official Statement constitute “forward-looking statements.” Such statements are generally identifiable by the terminology used such as “plan,” “expect,” “estimate,” “anticipate,” “project,” “budget” or other similar words. Such forward-looking statements include, among others, certain statements in “PART II – Information Concerning The Metropolitan District” in this Official Statement. The achievement of certain results or other expectations contained in such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Neither the District nor any other party plans to issue any updates or revisions to those forward-looking statements if or when their expectations, or events, conditions or circumstances upon which such statements are based occur.

The Financial Advisor to the District has provided the following sentence for inclusion in this Official Statement. The Financial Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the District and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

PART I
INFORMATION CONCERNING THE NOTES
THE METROPOLITAN DISTRICT, HARTFORD COUNTY, CONNECTICUT
February 15, 2017

This Official Statement including the cover, Part I, Part II and the Appendices thereto, of The Metropolitan District, Hartford County, Connecticut (the "District") is provided for the purpose of presenting certain information relating to the District in connection with the original issuance and sale of \$95,000,000 General Obligation Bond Anticipation Notes (the "Notes") of the District.

Part I of this Official Statement, including the cover, and Appendices thereto, contains information relating to the Notes. Part II of this Official Statement contains information about the District. The cover page, Part I, Part II and the Appendices thereto should be read collectively and in their entirety.

NOTE ISSUE SUMMARY

The information in this Note Issue Summary and the front cover page is qualified in its entirety by the detailed information and financial statements appearing elsewhere in this Official Statement. This Official Statement speaks only as of its date and the information herein is subject to change

Issuer:	The Metropolitan District, Hartford County, Connecticut (the "District").
Issue:	\$95,000,000 General Obligation Bond Anticipation Notes (the "Notes").
Dated Date:	March 1, 2017.
Interest Due:	At maturity. August 30, 2017.
Principal Due:	At maturity. August 30, 2017.
Authorization and Purpose:	The proceeds of the Notes will be used to finance various sewer, water and public improvement projects of the District. See "Authorization and Purpose" herein.
Redemption:	The Notes are not subject to redemption prior to maturity.
Security:	The Notes will be general obligations of the District payable, unless paid from other sources, from general property tax revenues from Member Municipalities. The District is authorized to levy unlimited taxes upon the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor, Connecticut comprising the District, proportionately as provided in the District's Charter (as defined herein), to pay the principal of and interest on the Notes when due. See "Security and Remedies" herein.
Credit Ratings:	The District received a short-term credit rating of SP-1+ from S&P Global Ratings ("S&P") on the Notes. Currently the District has long-term credit ratings of "Aa2", with a negative outlook, from Moody's Investors Service, Inc. ("Moody's") and "AA", with a negative outlook, from S&P on its outstanding bonds. See "Ratings" herein.
Tax Exemption:	See "Tax Matters" herein.
Bank Qualification:	The Notes shall not be designated by the District as qualified tax-exempt obligations under the provisions of Section 265(b) of the Internal Revenue Code of 1986, as amended, for purposes of the deduction by financial institutions for interest expense allocable to the Notes.
Continuing Disclosure:	In accordance with the requirements of Rule 15c2-12 promulgated by the Securities and Exchange Commission, the District will agree to provide, or cause to be provided, notices of the occurrence of certain events, within 10 business days of the occurrence of such events, with respect to the Notes pursuant to a Continuing Disclosure Agreement to be executed by the District substantially in the form of Appendix C to this Official Statement.
Registrar, Transfer Agent, Certifying Agent and Paying Agent:	U.S. Bank National Association, 225 Asylum Street, 23 rd Floor, Hartford, Connecticut.
Legal Opinion:	Hinckley, Allen & Snyder LLP Hartford, Connecticut, and Soeder & Associates, LLC, Hartford, Connecticut, will serve as Co-Bond Counsel.
Delivery and Payment:	It is expected that delivery of the Notes in book-entry-only form will be made to The Depository Trust Company on or about March 1, 2017 against payment in Federal Funds.
Issuer Official:	Questions concerning the District and the Notes should be addressed to: Mr. John M. Zinzarella, Deputy Chief Executive Officer of Business Services/Chief Financial Officer/Treasurer, Telephone: 860-278-7850 Ext. 3345, The Metropolitan District, Hartford County, 555 Main Street, First Floor, Hartford, Connecticut 06103.
Financial Advisor:	FirstSouthwest, a Division of Hilltop Securities Inc., 628 Hebron Avenue, Suite 306, Glastonbury, Connecticut 06033, attention: Janette J. Marcoux, Director, Telephone: 860-290-3003; or Maureen Gurchigian, Managing Director, Telephone: 401-334-4267.

I. NOTE INFORMATION

INTRODUCTION

This Official Statement, including the cover page and appendices, is provided for the purpose of presenting certain information relating to The Metropolitan District, Hartford County, Connecticut (the “District”) in connection with the issuance of \$95,000,000 General Obligation Bond Anticipation Notes (the “Notes”) of the District.

This Official Statement is not to be construed as a contract or agreement between the District and the purchasers or holders of any of the Notes. Any statement made in this Official Statement involving matters of opinion or estimates is not intended to be a representation of fact, and no representation is made that any such opinion or estimate will be realized. Neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date hereof. All quotations from and summaries and explanations of provisions of statutes, charters, or other laws and acts and proceedings of the District contained herein do not purport to be complete and are qualified in their entirety by reference to the original official documents, and all references to the Notes and the proceedings of the District relating thereto are qualified in their entirety by reference to the definitive form of the Notes and such proceedings.

The presentation of information is intended to show recent historical trends and is not intended to indicate future or continuing trends in the financial or other positions of the District.

FirstSouthwest, a Division of Hilltop Securities Inc. (“FirstSouthwest”) is engaged as Financial Advisor to the District in connection with the issuance of the Notes. The Financial Advisor’s fee for services rendered with respect to the sale of the Notes is contingent upon the issuance and delivery of the Notes. FirstSouthwest, in its capacity as Financial Advisor, does not assume any responsibility for the information, covenants and representations contained in any of the legal documents with respect to the federal income tax status of the Notes, or the possible impact of any present, pending of future actions taken by any legislative or judicial bodies.

Set forth in Appendix A “Basic Financial Statements” hereto is a copy of the report of the independent auditors for the District with respect to the financial statements of the District included in that appendix. The report speaks only as of its date, and only to the matters expressly set forth therein. The auditors have not been engaged to review this Official Statement or to perform audit procedures regarding the post-audit period, nor have the auditors been requested to give their consent to the inclusion of their report in Appendix A. Except as stated in their report, the auditors have not been engaged to verify the financial information set out in Appendix A and are not passing upon and do not assume responsibility for the sufficiency, accuracy or completeness of the financial information presented therein.

Co-Bond Counsel are not passing upon and do not assume responsibility for the accuracy or adequacy of the statements made in this Official Statement (other than matters expressly set forth as their opinion in Appendix B “Forms of Opinion of Bond Counsel” herein), and they make no representation that they have independently verified the same.

Co-Bond Counsel express no opinion regarding, any tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Notes other than as set forth in “Tax Matters” herein.

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITERS MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE NOTES AT LEVELS ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

DESCRIPTION OF THE NOTES

The Notes will be dated March 1, 2017. The Notes will be due and payable as to both principal and interest at maturity, August 30, 2017. The Notes will be issued in denominations of \$5,000 or any integral multiples thereof. Interest will be calculated on the basis of a 360-day year, consisting of twelve 30-day months. A book-entry-only transfer system will be employed evidencing ownership of the Notes with transfers of ownership on the records of The Depository Trust Company, New York, New York (“DTC”), and its participants pursuant to rules and procedures established by DTC and its participants. See “Book-Entry-Only Transfer System” herein. The Certifying Agent, Paying Agent, Registrar, and Transfer Agent will be U.S. Bank National Association, 225 Asylum Street, 23rd Floor, Hartford, Connecticut (email: bhcorporatetrust@usbank.com). The legal opinions on the Notes will be rendered by Hinckley, Allen & Snyder LLP and Soeder & Associates, LLC, in substantially the forms set forth in Appendix B to this Official Statement.

The Notes are not subject to redemption prior to maturity.

BOOK-ENTRY-ONLY TRANSFER SYSTEM

This section describes how ownership of the Notes is to be transferred and how the principal of, premium, if any, and interest on the Notes are to be paid to and accredited by DTC while the Notes are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District believes the source of such information to be reliable, but takes no responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Notes, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Notes), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Notes. The Notes will be issued as fully-registered Notes registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Note certificate will be issued for each interest rate of the Notes, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the

Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Note documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with Notes held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment on the Notes to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the District or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, Note certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but neither the District nor the Underwriter take any responsibility for the accuracy thereof.

DTC PRACTICES

The District can make no assurances that DTC, Direct Participants, Indirect Participants or other nominees of the Beneficial Owners of the Notes will act in a manner described in this Official Statement. DTC is required to act according to rules and procedures established by DTC and its participants which are on file with the Securities and Exchange Commission.

SECURITY AND REMEDIES

The Notes will be general obligations of the District, and the District will pledge its full faith and credit to pay the principal of and interest on the Notes when due.

Unless paid from other sources, the Notes are payable from general property tax revenues from Member Municipalities. The District is authorized to levy unlimited taxes upon the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor (the “Member Municipalities”), comprising the District, proportionately as provided in the District’s Charter, to pay the principal of and interest on the Notes, and each Member Municipality is authorized to levy *ad valorem* taxes on all taxable property within its respective limits to pay such District taxes without limitation as to rate or amount, except as to certain classified property such as certified forest land taxable at a limited rate and dwelling houses of qualified elderly persons of low income or of qualified disabled persons taxable at limited amounts. Under existing statutes, the State of Connecticut (the “State”) is obligated to pay the Member Municipalities the amount of tax revenue which the Member Municipalities would have received except for the limitation on their power to tax such dwelling houses. See “Part II – Information Concerning the Metropolitan District – Tax Base Data – Tax Collection Procedures” herein.

Payment of the Notes is not limited to property tax revenues of the District or any other revenue source, but certain revenues of the District are restricted as to use and therefore may not be available to pay debt service on the Notes.

There are no statutory provisions for priorities in the payment of general obligations of the District. There are no statutory provisions for a lien on any portion of the tax levy to secure the Notes, or judgments thereon, in priority to other claims. The District is authorized to issue revenue bonds for sewer or other projects, which may be secured by a pledge of certain revenues. The District has issued \$225,000,000 of Clean Water Project Revenue Bonds which are secured by a pledge of and payable solely from the District’s Clean Water Project Charge (also known as the Special Sewer Service Surcharge).

The District is subject to suit on its general obligation debt, and a court of competent jurisdiction has the power in appropriate proceedings to render a judgment against the District. Courts of competent jurisdiction also have the power in appropriate proceedings to order payment of a judgment on such debt from funds lawfully available therefor or, in the absence thereof, to order the District take all lawful action to obtain the same, including the raising of the required amount in the next annual tax levy. In exercising their discretion as to whether to enter such an order, the courts may take into account all relevant factors, including the current operating needs of the District, and the availability and adequacy of other remedies.

Enforcement of a claim for payment of principal or interest on the debt would also be subject to the applicable provisions of Federal bankruptcy laws as well as other bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors’ rights heretofore or hereafter enacted and to the exercise of judicial discretion. Under the Federal bankruptcy code, the District may seek relief only, among other requirements, if it is specifically authorized to be a debtor under Chapter 9, Title 11 of the United States Code, or by State law or by a governmental officer or organization empowered by State law to authorize such entity to become a debtor under such Chapter. Section 7-566 of the Connecticut General Statutes, as amended, provides that no Connecticut municipality shall file a petition in bankruptcy under Chapter 9, aforesaid, without the express prior written consent of the Governor. This prohibition applies to any town, city, borough, metropolitan district and any other political subdivision of the State having the power to levy taxes and issue bonds or other obligations.

TAXES – LEVY, APPORTIONMENT, COLLECTION

Under the District’s Charter established by special Connecticut legislation, the District is authorized to levy an annual tax on each of its Member Municipalities in the aggregate amount sufficient to meet its budgeted sewer expenses. The tax is apportioned among the Member Municipalities on the basis of their respective tax receipts averaged over the prior three fiscal years. If the District is not paid by a municipality when due, the District is entitled to obtain the issuance of an execution against the goods and estate of the inhabitants of such municipality, such execution to be directed to a marshal for the seizure and sale of such goods sufficient to produce funds for payment of the District tax. See “Considerations for Bondholders” herein.

The District has never had to execute against the goods and estates of the inhabitants of its Member Municipalities due to the fact that all tax warrants have been paid to the District when declared due.

QUALIFICATION FOR FINANCIAL INSTITUTIONS

The Notes **shall not** be designated by the District as qualified tax-exempt obligations under the provisions of Section 265(b) of the Internal Revenue Code of 1986, as amended (the “Code”), for purposes of the deduction by financial institutions for interest expense allocable to the Notes.

AVAILABILITY OF CONTINUING DISCLOSURE

The District prepares, in accordance with State law, annual audited financial statements and files such annual audits with the State Office of Policy and Management within six months of the end of its fiscal year. The District provides, and will continue to provide, to the rating agencies ongoing disclosure in the form of annual audited financial statements, adopted budgets and other materials relating to its management and financial condition as may be necessary or requested. The District has adopted written disclosure procedures that it follows in the preparation of its annual information filings, material event notices and official statements.

In accordance with the requirements of Rule 15c2-12(b)(5) promulgated by the Securities and Exchange Commission, the District will agree to provide, or cause to be provided, timely notice of the occurrence of certain events, within 10 business days of the occurrence of such events, with respect to the Notes pursuant to a Continuing Disclosure Agreement to be executed by the District substantially in the form attached as Appendix C to this Official Statement.

The intent of such undertaking is to provide on a continuing basis the information described in the Rule. Accordingly, there is reserved the right to modify the disclosure thereunder or format thereof so long as any such modification is made in a manner consistent with the Rule. Furthermore, to the extent that the Rule no longer requires the issuers of municipal securities to provide all or any portion of such information to be provided under such undertaking, the obligation pursuant to the Rule to provide such information also shall cease immediately.

The purpose of such undertaking is to conform to the requirements of the Rule and not to create new contractual or other rights other than the remedy of specific performance in the event of any actual failure by the District to comply with its written undertaking.

The District has previously undertaken in continuing disclosure agreements entered into for the benefit of holders of certain of its general obligation bonds and notes to provide annual financial information and event notices pursuant to Rule 15c2-12. In the last five years, to the best of its knowledge, the District has not failed to comply with its obligations under its continuing disclosure agreements in all material respects.

As part of the District’s internal compliance activities, the District determined that certain of its annual financial filings, which were timely filed, were not properly associated with CUSIP numbers of certain State Clean Water Fund bond issues for which the District may have been an obligated person. The District amended the affected filings to properly associate them with the proper CUSIP numbers. The District determined that certain of its annual financial information filings, which were timely filed, were not properly associated with all of the CUSIP numbers of its outstanding securities, including certain issues that were defeased (and subsequently retired). The District amended the affected filings to properly associate them with the proper CUSIP numbers, and put in place compliance procedures to assure future filings are properly associated.

In making the foregoing disclosures, the District does not thereby admit that these matters are material.

AUTHORIZATION AND PURPOSE

The District has the power to incur indebtedness as provided by the Connecticut General Statutes and the District Charter. As of the date of this Official Statement, the District has authorized debt for various water, sewer and combined funding capital projects in the aggregate amount of \$2,574,135,111, of which \$1,326,008,464 has previously been funded, leaving a total of \$1,248,126,647 of authorized and unissued debt. See “Part VIII Debt Summary - Authorized But Unissued Debt – The District” herein. The Notes are being issued to finance various capital improvement projects of the District as set forth herein. See “Use of Note Proceeds” herein.

It is the District’s intention to refinance the 2017 BANs with another bond anticipation note (which would be refinanced with Bonds in 2018) or with bonds, based on market conditions at the time of maturity.

SOURCES AND USES OF NOTE PROCEEDS

Sources of Funds

Par Amount of the Notes.....	\$95,000,000.00
Original Issue Premium.....	469,300.00
Total Sources	\$95,469,300.00

Uses of Funds

Deposit to Project Fund.....	\$95,262,036.45
Underwriter Discount.....	107,263.55
Cost of Issuance ¹	100,000.00
Total Uses	\$95,469,300.00

¹ Includes legal fees, printing costs, rating agency fees and other miscellaneous costs of issuance.

RATINGS

The District received a short-term credit rating of SP-1+ from S&P Global Ratings (“S&P”) on the Notes. Currently the District has long-term credit ratings of “Aa2”, with a negative outlook from Moody’s Investors Service, Inc. (“Moody’s”) and “AA”, with a negative outlook from S&P, on its outstanding bonds.

The ratings reflect only the views of the rating agencies and an explanation of the significance of such ratings may be obtained from Moody’s at, 7 World Trade Center at 250 Greenwich Street, New York, New York 10007 and S&P at, 55 Water Street, 45th Floor, New York, New York 10041, respectively. There is no assurance that the

ratings will continue for any given period of time or that it will not be lowered or withdrawn entirely by such rating agencies if in its judgment circumstances so warrant. Any such downward change in or withdrawal of ratings may have an adverse effect on the marketability or market price of the District's bonds and notes.

TAX MATTERS

The Internal Revenue Code of 1986, as amended (the "Code"), imposes certain requirements which must be met at and subsequent to delivery of the Notes in order that interest on the Notes be and remain excluded from gross income for federal income tax purposes. Noncompliance with such requirements could cause interest on the Notes to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Notes, irrespective of the date on which such noncompliance occurs. The Tax Regulatory Agreement, which will be executed and delivered by the District concurrently with the Notes, contains representations, covenants and procedures relating to the use, expenditure and investment of proceeds of the Notes in order to ensure compliance with such requirements of the Code. Pursuant to the Tax Regulatory Agreement, the District also covenants and agrees that it shall perform all things necessary or appropriate under any valid provision of law to ensure interest on the Notes shall be excluded from gross income for federal income tax purposes under the Code.

In the opinion of Co-Bond Counsel, based on existing statutes and court decisions and assuming continuing compliance by the District with its covenants and the procedures contained in the Tax Regulatory Agreement, interest on the Notes is excluded from gross income for federal income tax purposes and is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax. Interest on the Notes is, however, includable in adjusted current earnings for purposes of computing the federal alternative minimum tax imposed on certain corporations.

Ownership of the Notes may also result in certain collateral federal income tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, certain foreign corporations doing business in the United States, certain S corporations with excess passive income, individual recipients of Social Security and Railroad Retirement benefits, taxpayers utilizing the earned income credit and taxpayers who have or are deemed to have incurred indebtedness to purchase or carry tax exempt obligations, such as the Notes. Prospective purchasers of the Notes, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of ownership and disposition of, or receipt of interest on, the Notes.

In the opinion of Co-Bond Counsel, based on existing statutes, interest on the Notes is excluded from Connecticut taxable income for purposes of the Connecticut income tax on individuals, trusts and estates, and is excluded from amounts on which the net Connecticut minimum tax is based in the case of individuals, trusts and estates required to pay the federal alternative minimum tax.

Prospective purchasers of the Notes are advised to consult their own tax advisors regarding other State and local tax consequences of ownership and disposition of and receipt of interest on the Notes. Co-Bond Counsel has not opined on any tax consequence not specifically stated in the opinions set forth in Appendix B.

Note Premium

Notice 94-84, 1994-2 C.B. 559, states that the Internal Revenue Service (the "Service") is studying whether the stated interest portion of the payment at maturity on a short-term debt obligation (such as the Notes), that matures not more than one year from the date of issue, bears a stated fixed rate of interest and is described in Section 103(a) of the Code, is (i) qualified stated interest that is excluded from the stated redemption price at maturity of the obligation (within the meaning of Section 1273 of the Code) but is excluded from gross income pursuant to Section 103(a) of the Code, or (ii) is not qualified stated interest and, therefore, is included by the taxpayer in the stated redemption price at maturity of the obligation, creating or increasing (as to that taxpayer) original issue discount on the obligation that is excluded from gross income pursuant to Section 103(a) of the Code. Notice 94-84 states that until the Service provides further guidance with respect to tax-exempt short-term debt obligations, a taxpayer holding such obligations may treat the stated interest payable at maturity either as qualified stated interest or as included in the stated redemption price at maturity of the obligation. However, the taxpayer must treat the amounts to be paid at maturity on all tax-exempt short-term debt obligations in a consistent manner. Notice 94-84 does not address various aspects necessary to the application of the latter method (including, for example, the treatment of a holder acquiring its Note other than in the original public offering or at a price other than the original offering price). Each prospective purchaser of the Notes should consult its own tax advisor with respect to the tax

consequences of ownership of and of the election between the choices of treatment of the stated interest payable at maturity on the Notes.

To the extent that a purchaser of a Note who treats the stated interest payable at maturity as qualified stated interest (as described above) acquires the Note at a price greater than the aggregate amount (other than such qualified stated interest) payable on such Note, such excess will constitute "bond premium" under the Code. Section 171 of the Code, and the Treasury Regulations promulgated thereunder, provide generally that bond premium on a non-callable tax-exempt obligation must be amortized over the remaining term of the obligation; the amount of premium so amortized will reduce the owner's basis in such Note for federal income tax purposes, but such amortized premium will not be deductible for federal income tax purposes. Consequently, an owner of a Note who purchased the Note with bond premium and held the Note until paid at maturity generally will not realize tax gain or loss on such Note. The rate and timing of the amortization of the bond premium and the corresponding basis reduction may result in an owner realizing a taxable gain when a Note owned by such owner is sold or disposed of for an amount equal to or in some circumstances even less than the original cost of the Note to the owner. Each prospective purchaser should consult its own tax advisors as to the computation and treatment of such amortizable bond premium, including, but not limited to, the calculation of gain or loss upon the sale, maturity or other disposition of a Note.

General

The opinion of Co-Bond Counsel is rendered as of its date and is based on existing law, which is subject to change. Co-Bond Counsel assumes no obligation to update or supplement its opinion to reflect any facts or circumstances that may come to their attention, or to reflect any changes in law that may thereafter occur or become effective.

Federal, state or local legislation, administrative pronouncements or court decisions may affect the tax-exempt status of interest on the Notes, gain from the sale or other disposition of the Notes, the market value of the Notes, or the marketability of the Notes, or otherwise prevent the owners of the Notes from realizing the full current benefit of the exclusion from gross income of the interest thereon. For example, federal legislative proposals have been made in recent years that would, among other things, limit the exclusion from gross income of interest on obligations such as the Notes for higher-income taxpayers. If enacted into law, such proposals could affect the tax exemption of interest on the Notes or the market price for, or marketability of, the Notes. Prospective purchasers of the Notes should consult their own tax and financial advisers regarding such matters.

CONSIDERATIONS FOR NOTEHOLDERS

In making an investment decision with respect to the Notes, investors should consider carefully the information in this Official Statement and, in addition to those investment characteristics of fixed-rate municipal debt obligations, consider the following factors.

If the District fails to comply with the terms of certain Federal and State environmental orders, it could be subject to penalties or restrictions on its operations that would impair its financial performance. If the District were unable to comply with the terms of the Federal and State orders referred to under "Clean Water Project" on page 23, regulators could take action to force the District to comply. This could include monetary penalties, injunctive proceedings, and amendments to these orders. These amendments could impose a requirement to proceed more swiftly in the District's efforts, and this may increase the cost of compliance. In addition, regulators could impose additional and more burdensome conditions in the District's permits, require redesign of certain aspects of the Clean Water Project or seek to prevent new connections until compliance was achieved. These steps could increase the costs of compliance and therefore increase the District's rates, adversely affect economic development, and otherwise materially adversely affect the District and its customers.

A significant portion of the District's Clean Water Project is expected to be funded through Federal and State loans and grants. The District currently expects grants and low interest loans from the State Clean Water Fund will fund 45-50% of the costs of the Clean Water Project. If the Clean Water Fund has insufficient resources to fund the Clean Water Project at this level, the District may be required to issue more debt than it expects or seek other financing, which will put the District's finances under greater pressure, or revise or delay the Clean Water Project. The Clean Water Fund receives significant funding from the State and Federal government, and a failure of the State or Federal government to continue necessary support could lead to these consequences. The current federal administration could implement a change in approach from the prior administration.

The District could seek protection from its creditors under the Federal Bankruptcy Act. Under current state law, the District is prohibited from filing for bankruptcy without the consent of the Governor of the State. The operations of the District as a whole could force it to seek such protection, as have other municipal bodies in other states.

The District's infrastructure may be vulnerable to terrorism, natural disasters such as floods, and other threats that may require expensive repairs. The District's infrastructure of reservoirs, dams, pipes and treatment plants has a large footprint. Some aspects of its infrastructure are not redundant. As a result, the infrastructure could be vulnerable to failures caused by terrorism or natural disasters such as floods. In particular, the District's Hartford wastewater treatment plant lies in a flood zone protected by levees. The District has identified vulnerabilities in these levees, which are maintained by other governmental entities and not by the District. If the levees were to fail during a flood event, the Hartford wastewater treatment plant could be damaged and require extensive emergency repairs, the cost of which could substantially exceed available insurance proceeds. This could have an adverse financial impact on the District, its service area and its ratepayers.

The District's remedies for the failure of a municipality to make its required payments may be controversial and may be resisted. If any Member Municipality fails to pay its taxes due to the District, the District is empowered under its Charter to execute against the goods and estate of the inhabitants of such Member Municipality. This remedy, which was prevalent for much of Connecticut's history, but virtually unused in modern times, would afford the District legal recourse to seize and sell real and personal property of inhabitants in a defaulting Member Municipality, jointly and severally. The District has never had to invoke this power. If invoked, this process may be the subject of litigation.

The District's ability to collect taxes from a Member Municipality would be impaired if the Member Municipality filed for bankruptcy under the Federal Bankruptcy Act. If a Member Municipality seeks protection from its creditors under the Federal Bankruptcy Act, the ability of the District to collect tax payments from the Member Municipality would be impaired. Under current State law, a municipality is prohibited from filing for bankruptcy without the express prior written consent of the Governor. If such consent was granted, a bankruptcy filing likely would act as a stay of the ability of the District to enforce its right to payment, including its right to execute on the goods and estate of the inhabitants of the Member Municipality. Under such circumstances, the District might not be able to collect the full amount of taxes owed to it by the Member Municipality. In the event that a Member Municipality is permitted to seek relief under the Federal Bankruptcy Act, it is difficult to predict whether the claim would prevail and what remedies, if any, a bankruptcy judge would permit the District to exercise. The bankruptcy case law is not fully developed in areas where a court has to consider and apply state law and to determine appropriate remedies in connection with the delivery of essential services. The same is true if the District were permitted to seek relief under the Federal Bankruptcy Act.

The City of Hartford is facing fiscal challenges which may impact the District. The City of Hartford (the "City") is the most populous Member Municipality and is responsible for approximately one quarter of the District's annual tax revenues. Financial and other information about the City is set out at page 61 of this Official Statement. The City has paid, on time and in full, all of its tax obligations to the District to date, including the installment due on January 18, 2017. Its next installment is due April 19, 2017.

In its adopted budget for the year ended June 30, 2017, the City appropriated \$552.9 million of expenditures. The budget assumed that the City would achieve employee concessions and other savings of \$16.5 million, which have not materialized, and drew down the City's \$8.4 million fund balance. The adopted budget also forecasts future City general fund deficits of \$32.8 million for its fiscal year ended June 30, 2018, rising to \$77.3 million for its fiscal year ended June 30, 2022. In an accompanying statement, the Mayor stated an intention to seek a regional consensus for a new fiscal framework for the City. In submissions to the Connecticut Municipal Finance Advisory Commission in September 2016, the Mayor advised that the City now projected a deficit for the fiscal year ended June 30, 2017 of \$22.6 million, and that it forecast serious cash flow issues by June 2017, at which time sufficient funding sources would not be available for the City to meet all of its obligations.

The District's management expects that the City will seek legislative action in the current General Assembly session to assist the City in its financial situation, and intends to monitor developments closely.

The District developed a contingency plan for addressing the possibility that the City will be unable or unwilling to meet its tax obligations to the District in a timely fashion.

In meetings with representatives of the Member Municipalities the Mayor of Hartford committed to the payment by the City of the District taxes to be levied in the first half of calendar year 2017, stating that those amounts were

within the City's budgeted appropriations and available resources. Because the City has not yet adopted a budget for its fiscal year beginning July 1, 2017, a similar commitment for the second half of the calendar year 2017 is premature. The Mayor further stated his continued desire in the current session of the State's General Assembly to seek the assistance of the State and the region in a resolution of the structural issues facing the City because of the significant amount of tax-exempt properties in the City and, consequently, its limited grand list.

In view of this commitment, the District's budget incorporates a contingency plan focused on the possibility that the City might be unwilling or unable to meet its tax obligations to the District in the second half of calendar year 2017. Under the plan, the District assessed an additional component of its annual tax due at the end of October 2017, in an amount sufficient to raise from the other seven Member Municipalities any part of the taxes assessed on the City and due in mid-July and mid-October that the City failed to pay. If the City paid all or a portion of those tax installments by December 31, 2017, the additional component would be reduced or returned promptly. In addition, if the District borrowed on a short term basis to handle a non-payment and spread the burden on the other Member Municipalities in a more manageable way, the additional component would be reduced or returned promptly.

On November 22, 2016, the Board of Finance and the District Board met in a special meeting and approved the District's 2017 budget incorporating the contingency plan. The 2017 budget includes expenditures of \$160,341,900, representing a 7.4% increase over the 2016 budget, and revenues of \$160,341,900, representing a 7.4% increase over the 2016 budget. The revenues include a tax obligation on the Member Municipalities of \$49,644,000, of which the City's share would be \$13,061,000. \$5,875,750 of the City's share would be due in the second half of 2017, and the 2017 budget includes a contingent tax obligation payable by the Member Municipalities of \$7,973,600 (\$5,875,750 of which is allocated to the Member Municipalities other than the City). See "Revenues and Appropriations" herein. The District Board met again on December 5, 2016 to address revisions to its industrial and raw water rates. At this meeting the District Board adopted a rate structure that eliminated the industrial rate class for both the MDC water rates and the Clean Water Project Charge. All customers will pay the same base water rate and Clean Water Project Charge regardless of their consumption level.

Management of the District believes that its existing resources, together with the contingent obligation of the other Member Municipalities for the second half of 2017, are sufficient to fund its operations for the full year if the City fails to make any portion of its 2017 tax installments. The District tax installments are larger in the second half of the calendar year than in the first, to accommodate the budgeting practices of the Member Municipalities, which operate on a June 30 fiscal year. Accordingly, the District may find it prudent to issue tax anticipation notes against the contingent obligations of the other Member Municipalities in the event of a non-payment by the City earlier in the year. If the City fails to meet its obligation to the District, the District Counsel has said he would expect to pursue all means at the District's disposal to cause the City's obligation to be satisfied, including enforcement action directly against the City.

The District intends to seek legislation in the current legislative session of the General Assembly (which began on January 4, 2017) to give it additional tools to handle such events, and thereby to enhance protection for the District and its Member Municipalities. This may take the form of an amendment to the District's Charter, or may be incorporated within measures that are specific only to the City. No assurance can be given that any such legislation will be enacted or, if enacted, that it will be effective in the event of a non-payment by the City.

II. LEGAL AND OTHER INFORMATION

LITIGATION

The District

The District is the defendant in a number of lawsuits. It is the opinion of the District Counsel that none of the lawsuits will have a material adverse effect on the financial position of the District. In addition, please see the discussion regarding the Connecticut Resources Recovery Authority, now known as the Materials Innovation and Recycling Authority (the “CRRA”) under “District Functions” on page 20 herein.

The Town of Glastonbury received a judgment against the District in a lawsuit challenging the imposition of a non-member town surcharge. Through this surcharge the MDC recaptures the proportional cost of the infrastructure utilized to provide Glastonbury and other non-member town customers with water. The District believes it possessed the authority to collect the surcharge. In 2014 the General Assembly passed Special Act 14-21 which, among other things, expressly provided for the surcharge but limited any surcharge to the amount of a customer service charge, effective January 1, 2015. Since January 1, 2015 the District has applied a surcharge consistent with Special Act 14-21 and expects the surcharge to collect \$1.7 million in fiscal years 2015 and 2016, compared to \$2.0 million in fiscal year 2014.

The District has appealed the decision and expects to prevail on appeal. The Town of Glastonbury did not ask for money damages in its suit. The suit is for the surcharge assessed to the Town of Glastonbury for its own municipal use of water. If the town prevails, it will have to file a second suit for the claimed overcharge damages. The statute of limitations would limit damages to the three years immediately preceding the filing of the second lawsuit. Since the legislature specifically authorized the charges currently in place, there could be no damages from January 1, 2015 onward. Even if successful, damages are expected to be minimal.

UNDERWRITING

Citigroup Global Markets Inc. (“Citigroup”) serving as representative for the Underwriters, Raymond James & Associates, Inc., and Siebert Cisneros Shank & Co., L.L.C. (the “Underwriters”) have agreed, subject to certain conditions, to purchase the Notes from the District at a net aggregate purchase price of \$95,362,036.45 (consisting of the principal amount of \$95,000,000.00 plus original issue premium of \$469,300.00 less Underwriters’ discount of \$107,263.55). The Underwriters will be obligated to purchase all such Notes if any such Notes are purchased. The Underwriters may offer and sell the Notes to certain dealers (including unit investment trusts and other affiliated portfolios of certain underwriters and other dealers depositing the into investment trusts) at prices lower than the public offering price stated on the cover page of this Official Statement, and such public offering price may be changed, from time to time, by the Underwriters.

The Underwriters and their affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. The Underwriters and their affiliates have, from time to time, performed, and may in the future perform, various investment banking services for the District for which they received or will receive customary fees and expenses.

In the ordinary course of their various respective business activities, the Underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the District.

Citigroup has entered into a retail distribution agreement with UBS Financial Services Inc. (“UBSFS”). Under this distribution agreement, Citigroup may distribute municipal securities to retail investors through the financial advisor network of UBSFS. As part of this arrangement, Citigroup may compensate UBSFS for their selling efforts with respect to the Notes.

LEGAL MATTERS

The validity of the Notes and certain other legal matters are subject to the approving opinion of Hinckley, Allen & Snyder LLP Co-Bond Counsel to the District and Soeder & Associates, LLC, Co-Bond Counsel to the District. A complete copy of the proposed form of Co-Bond Counsel’s opinions is set forth as Appendix B hereto.

Certain legal matters will be passed upon for the Underwriters by their counsel, Squire Patton Boggs (US) LLP, which undertakes no responsibility for the accuracy, completeness or fairness of this Official Statement.

FINANCIAL ADVISOR

FirstSouthwest, a division of Hilltop Securities Inc. (the “Financial Advisor”), has served as financial advisor to the District in connection with the financing described in this Official Statement. Financial Advisor has not audited, authenticated, or otherwise verified the information set forth in this Official Statement, or any other related information available to District, with respect to the accuracy and completeness of disclosure of such information, and no guaranty, warranty or other representation is made Financial Advisor respecting the accuracy and completeness of this Official Statement or any other matter related to this Official Statement.

CONCLUDING STATEMENT

This Official Statement is not to be construed as a contract or agreement between the District and the purchaser or holders of any of the Notes. Any statements made in this Official Statement involving matters of opinion or estimates are not intended to be representations of fact, and no representation is made that any of such opinion or estimate will be realized.

No representation is made that past experience, as might be shown by financial or other information herein, will necessarily continue or be repeated in the future. Neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date hereof. References to statutes, charters, or other laws herein may not be complete and such provisions of law are subject to repeal or amendment.

Certain information herein has been derived by the District from various officials, departments and other sources and is believed by the District to be reliable, but such information, other than that obtained from official records of the District, has not been independently confirmed or verified by the District and its accuracy is not guaranteed.

This Official Statement has been duly prepared and delivered by the District, and executed for and on behalf of the District by the following official:

**THE METROPOLITAN DISTRICT,
HARTFORD COUNTY, CONNECTICUT**

By: /s/ John M. Zinzarella

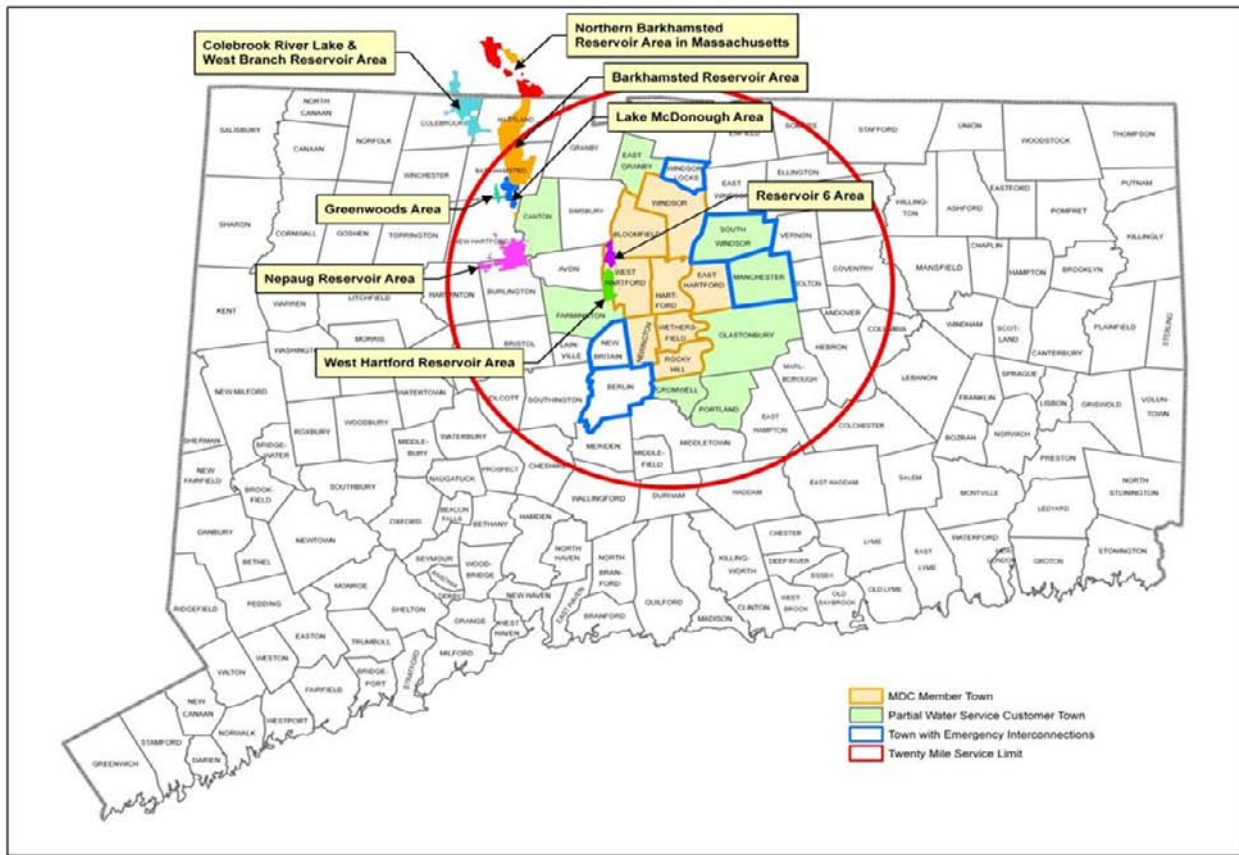

*John M. Zinzarella, Deputy Chief Executive Officer of
Business Services/Chief Financial Officer/Treasurer*

February 15, 2017

PART II
INFORMATION CONCERNING
THE METROPOLITAN DISTRICT, HARTFORD COUNTY, CONNECTICUT
February 15, 2017

This Part II contains information through February 15, 2017, concerning the District and includes the December 31, 2015 audited financial statements of the District prepared in accordance with generally accepted accounting principles ("GAAP") as Appendix A. This Part II and any appendices attached thereto, should be read collectively and in their entirety.

I. THE ISSUER

DESCRIPTION OF THE DISTRICT

The District was created by the Connecticut General Assembly in 1929 and operates as a specially chartered municipal corporation of the State under Act No. 511 of the 1929 Special Acts of the State, as amended (the “MDC Charter”). The District’s purpose is to provide, as authorized, a complete, adequate and modern system of water supply, sewage collection and disposal facilities for its Member Municipalities. Additionally, as a result of a Charter, amendment, approved by the Connecticut General Assembly in 1979, the District is also empowered to construct, maintain, and operate hydroelectric dams. The Member Municipalities incorporated in the District are the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor (the “Member Municipalities”). The District also provides sewage disposal facilities and supplies water, under special agreements, to all or portions of non-member towns as well as various state facilities. The towns currently include Berlin, East Granby, Farmington, Glastonbury, Manchester, New Britain, Portland, South Windsor, Unionville and Windsor Locks.

ORGANIZATIONAL CHART

THE DISTRICT BOARD

A 33-member Board of Commissioners, referred to as the District Board, governs the District. The Member Municipalities appoint seventeen of the commissioners, eight are appointed by the Governor, and four are appointed by the leadership of the Connecticut State Legislature. Four nonvoting commissioners are appointed from non-member municipalities, one each from the towns of Glastonbury, South Windsor, East Granby and Farmington. Appointments made by municipalities having three or more members are subject to the minority representation provisions of Section 9-167a of the Connecticut General Statutes. All commissioners serve without remuneration for terms of six years from January first in the year of their appointment until their successors are appointed and qualify.

DISTRIBUTION OF COMMISSION MEMBERSHIP

*Non-voting.

POWERS AND RESPONSIBILITIES OF THE DISTRICT BOARD

The District Board is authorized to establish ordinances or bylaws; organize committees and bureaus; define the powers and duties of such bodies; fix salaries and define the duties of all officers and employees; appoint deputies to any officers or agents of the District; and issue negotiable bonds, notes or other certificates of debt to meet the cost of public improvements or to raise funds in anticipation of taxes or water revenue, which debt shall be an obligation of the District and its inhabitants. The District Board has the power to levy a tax upon the Member Municipalities to finance the operational and capital budget of the General Fund.

The District Board refers a proposed budget of revenues and expenditures to the Board of Finance annually. The Board of Finance reviews the proposed budget, makes adjustments, if desired, and refers it back to the District Board for final enactment.

Capital project appropriations to be financed by the issuance of bonds, notes and other obligations of the District are subject to approval of the District Board upon recommendation of the Board of Finance.

ADMINISTRATION

Responsibility for the overall administration and management of District policy, operations and services rests with the Chief Executive Officer. The Chief Executive Officer has direct responsibility for the Human Resources and Information Technology functions and manages the remaining functions through the Deputy CEO of Engineering and Operations and Deputy CEO of Business Services. The Deputy CEO of Engineering and Operations has responsibility for design and construction of the District’s Clean Water Project, Asset Management and capital planning programs, engineering, maintenance operations, water pollution control, water treatment and supply, and

environment, health and safety functions of the District. The responsibilities of the Deputy CEO of Engineering and Operations have largely been assumed by the Director of Engineering on an interim basis. The Deputy CEO of Business Services has responsibility for the District's accounting, budgeting, treasury, procurement, risk management functions and customer service.

Connecticut General Statutes Sections 7-473c, 7-474, and 10-153a to 10-153n provide a procedure for binding arbitration of collective bargaining agreements between municipal employers and organizations representing municipal employees, including certificated teachers and certain other employees. The legislative body of an affected municipality may reject an arbitration panel's decision by a two-thirds majority vote. The State and the employee organization must be advised in writing of the reasons for rejection. The State then appoints a new panel of either one or three arbitrators to review the decisions on each of the rejected issues. The panel must accept the last best offer of either party. In reaching its determination, the arbitration panel gives priority to the public interest

and the financial capability of the municipal employer, including consideration of other demands on the financial capability of the municipal employer.

DISTRICT FUNCTIONS

Principal functions of the District are the development and maintenance of sewer and water systems within the boundaries of its Member Municipalities. Additionally, as a result of Charter amendments approved by the Connecticut General Assembly, the District is also empowered to construct, maintain and operate hydroelectric dams.

The District's Bureau of Public Works is responsible for the sanitary sewer system, which includes collection, transmission and treatment of sewage from within boundaries of the Member Municipalities and treatment of sewage received from non-member municipalities per special agreement. The Bureau of Public Works is empowered to authorize the layout and construction of additions and improvements to the sewer system, assess the betterments to property abutting the sanitary sewer line, defer assessments as authorized by ordinance and act on such other matters that by MDC Charter, Ordinances or By-Laws, must first be voted upon by the Bureau and then referred to the District Board for final authorization. Public hearings are held as needed. The Bureau of Public Works acts as a court for the assessment of betterments and appraisal of damages. Any party claiming to be aggrieved may take an appeal to the Superior Court of the Judicial District of Hartford.

The District's Water Bureau is responsible for the water system that includes storage, transmission, treatment and distribution of water to customers. In addition, the Water Bureau is responsible for acquisition, construction and operation of hydroelectric plants. This bureau is empowered to make such bylaws or regulations for the preservation, protection and management of the water operations as may be deemed advisable. These include the power to establish rates for the use of water, and adopt rates for the assessment of benefits upon lands and buildings resulting from installation of water mains and service pipes.

Several other committees are created by the Charter or established by the District Board to carry out various other functions.

Additionally, the General Assembly of the State passed special legislation enabling the District to maintain a series of parks (developed by Riverfront Recapture) along the Connecticut River. The cost of maintaining Riverfront Recapture's parks is incorporated into the District's water budget and recovered through water rates.

The District also engages in surveying and mapping as a service to its Member Municipalities and its own operations.

CRRA

The Connecticut Resources Recovery Authority (the "CRRA") and the District entered into a contract dated December 31, 1984, which defined the responsibilities of both parties with respect to the Mid-Connecticut Resource Recovery Facility ("Mid-Connecticut Project"). The agreement detailed contractual obligations of the District with respect to the operation of the waste-processing facility, the transfer stations, the Hartford landfill and the transportation systems between the transfer stations, the Hartford landfill and the waste processing facilities, as well as the contractual obligations of the CRRA to reimburse the District for direct and indirect costs incurred and indemnify the District for the services performed.

The term of the initial contract was for twenty seven (27) years and the CRRA had the option to extend the contract for an additional twenty (20) years under the same terms and conditions. The contract terminated on December 31, 2011. The District has been displaced from the Mid-Connecticut Project and the CRRA has contracted with a private contractor.

As of December 30, 2011, there were 82 District employees directly assigned to manage, repair, maintain and/or operate the facilities and processes under the Mid-Connecticut Project. Through agreements with two of its three affiliated bargaining units, the District agreed to relocate vested employees (those over ten years of continuous service) into capital improvement projects. Between the two bargaining units, there were 37 employees with ten years or more of continuous service. Of the 37 employees, three chose to retire with the remainder still actively employed.

As of December 30, 2011, there were 28 employees assigned to the Mid-Connecticut Project with less than ten years of service. These employees were either re-assigned to existing operational budgeted positions or were placed on lay-off status.

The District and CRRA entered into binding arbitration to resolve liability for a dispute related to costs concerning the termination of the CRRA contract and other disputed issues. Arbitration proceedings commenced on March 31, 2014. A decision on liability was issued on August 23, 2015.

The arbitration panel found CRRA liable for unpaid termination costs, unpaid retiree medical costs, unpaid pension costs, and for future retiree medical and pension for those individuals who retired from the plant during the last years of the project, 2010-2011.

The parties have exchanged claims of damage calculations and cannot agree on damages. The panel has convened and it is expected that hearings for the determination of damages will be held the week of February 6, 2017.

Source: District Officials.

Treatment: Water pollution control operations include the primary and secondary treatment of wastewater that flows into the facilities, septic tank loads received at the Hartford facility, and sludge delivered from regional towns. All treatment processes are in compliance with the District’s National Pollution Discharge Elimination permits issued by the State’s Department of Energy and Environmental Protection (“DEEP”).

Regulatory Compliance: The District entered into a consent order and a consent decree with the DEEP, the U.S. Department of Justice, and the U.S. Environmental Protection Agency to address sanitary sewer overflow, nitrogen reduction, and combined sewer overflow issues. On November 7, 2006, the voters of the District approved an \$800,000,000 referendum, “Clean Water Project”, to implement components of the previously mentioned consent order and decree. On November 6, 2012 the voters of the District approved a second \$800,000,000 referendum for the “Clean Water Project”.

Maintenance/Replacement: The District’s maintenance of its sewer system is part of the annual sewer operational budget. The District’s replacement program is funded through appropriations under the District’s Capital Improvement Budget.

Revenue: Effective January 1, 1982, the District formally adopted the Adjusted Ad Valorem sewer user charge method of funding its sewer operations. This method of funding allocates the estimated cost of providing sewer services to customers based on actual use of the sewer system. More specifically, the Adjusted Ad Valorem sewer user charge method recovers sewer system costs from three separate user classifications: (1) low flow users (less than 25,000 gallons of discharge per day); (2) high flow users (more than 25,000 gallons per day); and (3) non-municipal tax-exempt users.

Revenue from low flow users is derived from the tax levied on the District’s Member Municipalities and is shown under the revenue item “Tax on Member Municipalities”.

Revenue from high flow users is based on actual sewer flow discharges from those users. A surcharge is levied on high flow users whose share of costs, based on flow, exceeds the portion of their annual property tax payments rendered in support of the District’s sewer system. Conversely, high flow users are eligible for year-end rebates if their user charge, based on flow, is less than the portion of the property tax they pay in support of sewer services.

Revenue from non-municipal tax-exempt properties is based on sewer flows from those properties. In addition, sewer user charge revenues from non-member municipalities, per written agreement, are based on actual sewer flows.

Cost Recovery: The District’s ability to recover costs associated with the operations of the sewer system is defined in the MDC Charter and Ordinances. Authority to levy a tax on the Member Municipalities and to bill a Sewer User Charge is defined in Chapters 3 and 10, respectively, of the District Charter. Specific ordinances relating to the District’s Adjusted Ad Valorem Sewer User Charge are found in Section 12 of the District’s General Sewer Ordinances.

Section 12 of the District’s Sewer Ordinances was amended on October 1, 2007 by the District Board to allow the implementation of a Clean Water Project Charge (previously the Special Sewer Service Surcharge) to fund the debt issued for the Clean Water Project. The District currently has outstanding general debt commitments that can be paid by the District from this Clean Water Project Charge. The District’s outstanding Clean Water Project Revenue Bonds are being repaid from a portion of the Clean Water Project Charge. These Bonds are not general obligations of the District. See “Clean Water Project” herein.

CLEAN WATER PROJECT*

The Clean Water Project will address approximately one billion gallons of combined wastewater and storm water currently released each year to area waterways. The project is in response to an EPA SSO federal consent decree and a Connecticut DEEP CSO consent order to achieve the Federal Clean Water Act goals. The District's goal is to maximize the funding of the entire project with State and Federal grants; the use of State and Federal low-cost loans, and then fund the remainder with open market debt. Project financing is expected to be repaid with a Clean Water Project Charge (previously the Special Sewer Service Surcharge) to customers’ water bills. The Clean Water Project Charge is expected to increase annually up to a maximum, currently estimated at less than \$5.00 per hundred cubic feet of usage by Fiscal Year 2021, and then decline.

Cost Estimates

The total cost of the Clean Water Project was originally estimated to be approximately \$2.1 billion, comprised of three phases, and assumed to be completed in 2021, based on assumptions about, among other things, the design as originally conceived and the pace of design and construction and regulatory review and approval. Phase I features projects to control inflow and infiltration, sewer separation projects, projects to increase interceptors, and upgrades to the two treatment plants; it is nearing completion. Phase II features wet weather capacity improvements at the District’s treatment plants and a large storage and conveyance tunnel in the south of the District (the South Tunnel). Phase III features a large storage and conveyance tunnel in the north of the District running down to the South Tunnel (the North Tunnel) which is intended to mitigate overflows into the North Branch of the Park River. The North Tunnel has not yet been designed or definitively located.

*Note: The Clean Water Project, so called, should not be confused with references herein to the “Clean Water Fund”, a program of the State of Connecticut to provide loans and grants to municipal entities for funding sewerage projects generally.

Generally speaking, appropriations for the cost of the Clean Water Project must be approved by referendum vote of the voters of the Member Municipalities. Effective October 1, 2015, P.A. 15-114 excludes from the referendum requirement appropriations funded by Federal or State grants. An \$800 million appropriation was approved at referendum on November 7, 2006. An appropriation for an additional \$800 million was approved at referendum on November 6, 2012. An appropriation of \$140 million for a grant, not requiring a referendum, was approved by the District Board on October 5, 2016. Completion of Phase III of the Clean Water Project will require submission of one or more further appropriations for approval by voters. The District has made no determination as to when an additional referendum will be held. The District expects Phase I and Phase II will be completed within authorized appropriations, and to be placed in service without regard to the outcome of any additional referendum.

As the Clean Water Project has progressed, the District has revised the original design conception. The District has been able to refine certain design elements to achieve cost savings, has altered some aspects of the original design, and continues to examine the Clean Water Project for efficiencies that can be achieved through value engineering. The Long-Term Control Plan, which sets out the Clean Water Project, was resubmitted in 2012 and revised further in 2015. It incorporates longer underground storage tunnels with greater capacity, and less sewer separation work, than the original conception, and sets forth a completion of Phase II in 2024 and Phase III in 2029. The revised plan was approved in May 2015. The delays occasioned by the redesign and permitting process, in particular with respect to the South Tunnel, now lead the District to expect an increase in projected costs of the Clean Water Project as a whole, but the District has not re-estimated the overall cost, in part because design and siting work for Phase III has not yet been conducted in sufficient detail. For planning purposes the District is currently projecting a total cost of the Clean Water Project of \$2.5 billion.

Connecticut DEEP has confirmed that the District's next submission for an update to the Long Term Control Plan is in 2017. The District intends to comply with such request. Data from recent testing performed by the District indicates there are other sources of pollution affecting the North Branch of the Park River, which is causing the District to revisit the utility of the North Tunnel for its intended purposes and may result in the District proposing changes to its Long Term Control Plan.

The District awarded a contract on June 30, 2016 for the South Tunnel and entered into a funding agreement with the State for the bulk of the funding of the contract through grants and loans from the State's Clean Water Fund.

The District cannot give any assurances as to when the Clean Water Project will be completed or its total cost.

The District has issued to date \$225.0 million in Clean Water Project Revenue Bonds. The revenue bonds are being repaid from a portion of the Clean Water Project Charge (previously the Special Sewer Service Surcharge) and are not general obligations of the District.

III. WATER OPERATIONS

Shortly after the District was created in 1929, approval was obtained from the Connecticut General Assembly and the Member Municipalities' electorates to construct the Barkhamsted Reservoir located on the east branch of the Farmington River in the towns of Barkhamsted and Hartland. The Barkhamsted Reservoir is the largest single water supply reservoir in Connecticut and has a capacity of 30.3 billion gallons of water.

The District has sought and received legislative and voter approval for various water programs, all with the basic objective of providing a water supply and water distribution system sufficient in size to meet current and anticipated future needs. The District's average level of water production for 2015 was 49.61 million gallons per day.

Treatment: Standards for the quality of drinking water supplied to District customers are maintained in conformity with the public health code of the Connecticut Department of Public Health and as promulgated under Federal water quality standards, under the Safe Drinking Water Act.

The District is in compliance with the Safe Drinking Water Act, also known as Public Health Code Regulation 19-13-B102, “Standards for Quality of Public Drinking Water”, and all subsequent amendments. The District has consistently pursued a policy to provide its customers a safe, potable water supply.

Maintenance/Replacement: The District’s maintenance of its water system is part of the annual water operational budget. Its replacement program is funded through appropriations under the District’s Capital Improvement Budget.

Revenue: The Public Utilities Regulatory Authority does not have jurisdiction to establish rates for the use of water. Setting of rates for the use of water is vested in the Water Bureau, and as required by Charter, rates must be uniform throughout the District.

Billing Cycles: The District currently has approximately 101,446 quarterly and monthly customers; approximately 99,406 of these accounts are billed quarterly, and the remaining 2,040 accounts are billed monthly.

Cost Recovery: The District’s ability to recover costs associated with the operation of the water system is defined in its Charter and Ordinances. Authority to establish rates is defined in Chapter 5 of the Charter. Specific ordinances relating to the above are found in Section W-I of the District’s Water Supply Ordinances.

IV. HYDROELECTRIC DEVELOPMENT PROGRAM

The District's current hydroelectric program consisting of generating facilities at the Goodwin Dam in Hartland, Connecticut and at the Colebrook River Dam in Colebrook, Connecticut, was approved by the District Board on July 20, 1982. The Goodwin station began producing power on February 5, 1986, with commercial operations commencing on April 2, 1986. The Colebrook power station began producing power in May 1988, with full commercial operation commencing later that summer.

The District has agreements with the Connecticut Light & Power Company ("CL&P") for the purchase of electricity generated by the Colebrook and Goodwin generating facilities.

Deregulation: The Connecticut State Legislature mandated that CL&P divest its generating facilities and renegotiate all of its private power producer contracts. The District and CL&P negotiated a buydown agreement, effective March 1, 2001, for the original electrical power production contracts for the Colebrook and Goodwin generating facilities. The District received \$13,000,000 from the original buydown agreement.

The negotiated buydown agreement requires CL&P to purchase electricity from the District's Colebrook power generating facility over the remaining life of the original contract. The Colebrook contract expires March 31, 2017. The District has entered into a contract with CMEEC to purchase power generated at the Goodwin power generating facility. The contract expires on January 19, 2021.

Revenues from power sales and from the buydown agreement are estimated by the District to be adequate to finance budget commitments applicable to the hydroelectric program.

Operations and Maintenance: The maintenance of the District's hydroelectric facilities is part of the annual hydroelectric budget. Appropriations for operating and maintenance expenses are established annually as part of the overall budget process, and these expenses are funded primarily from power sales and proceeds from the CL&P and District buydown agreement.

VI. TAX BASE DATA

TAX COLLECTION PROCEDURE

The method for taxing Member Municipalities is set forth in Section 3-12 of the District Charter which grants the District Board, acting on the recommendation of the Board of Finance, the power to levy tax upon the Member Municipalities sufficient to finance the District's budgeted expenses. The tax is divided among the Member Municipalities in proportion to the total revenue received yearly from direct taxation in each Member Municipality, as averaged over the prior three years.

VII. FINANCIAL INFORMATION

FISCAL YEAR

Financial information for the District for fiscal years ended December 31, 2011 through December 31, 2015 and for the Member Municipalities for fiscal years ended June 30, 2012 through June 30, 2016, was taken from audited financial statements. Budget and audited financial data for the Member Municipalities of the District was provided by the Member Municipalities.

The District's fiscal year begins January 1 and ends December 31. The fiscal year for the Member Municipalities begins July 1 and ends June 30.

BASIS OF ACCOUNTING AND ACCOUNTING POLICIES

The District's accounting system is organized and operated on a fund accounting basis, conforming to the Charter and Ordinances of the District, the Governmental Accounting Standards Board ("GASB"), Generally Accepted Accounting Principles ("GAAP") for municipalities, and the American Institute of Certified Public Accountants industry audit guide, "Audits of State and Local Governmental Units". The District's proprietary funds apply all GASB pronouncements as well as follow pronouncements issued before November 30, 1989, unless they contradict GASB pronouncements: Statements and Interpretations of the Financial Accounting Standards Board, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedures. Please refer to Appendix A "Notes to the Financial Statements" herein for compliance and implementation details.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Actual data for the General Fund for the District and Member Municipalities is presented in this Official Statement on a modified accrual basis of accounting and a current financial resources measurement focus. Revenues are recorded when they become measurable and available to finance operations of the fiscal year and expenditures are recorded when the related liability has been incurred. Actual data for the Water Utility Fund, the Hydroelectric Fund, and the Mid-Connecticut Fund utilize the accrual basis of accounting. Revenues are recognized when they are earned and their expenses are recognized when they are incurred. Budget data for the District and all Member Municipalities are presented on a budgetary non-GAAP basis, whereby encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order, contract or other commitment is issued; and accordingly, encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year. All unencumbered budget appropriations lapse at the end of each fiscal year. Actual expenditures include current encumbrances, which method of accounting for encumbrances is different from that utilized by the GAAP accounting method.

BUDGETARY PROCEDURES

During the last quarter of the year, the ensuing year's proposed operating budget, including proposed expenditures/expenses and the means of financing them, is compiled by the Finance Department based upon estimates submitted by the various departments.

The proposed operating budget is then published in line item format in one or more local newspapers servicing the District for a period of three consecutive days, excluding holidays and Sundays. Prior to January 1, of the new year, the published budget is submitted to the District Board for acceptance and adoption.

Annual operating budgets are legally adopted for the General Fund and the Water Utility Enterprise Fund. A fund budget was adopted for the Hydroelectric Development Project. Formal budgetary integration is employed as a management control device for these funds. The unencumbered balance of appropriations in the General Fund lapses at year end. Encumbered appropriations are carried forward. Except for encumbrance accounting, the General Fund budget is prepared on a modified accrual basis. Budgetary and actual data are presented on a budgetary basis. Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with GAAP, the reconciliation of resultant basis, timing and perspective differences appear at the bottom of the actual vs. budget schedule. The legal level of budgetary control is at the functional level. Any revisions that alter total appropriations at the level of control must have the prior approval of the Board of Finance and the District Board. The amendments were made in the legally permissible manner described above.

Budgetary integration is employed on a continuing (project length) basis for capital projects funds, in which appropriations do not lapse at year end, but rather at the completion of the construction relating to a specific improvement project. Formal budgetary integration is not employed for the Debt Service Fund because effective budgetary control is alternately achieved through general obligation bond and note indenture provisions.

Encumbrances accounting, under which purchase orders, contracts and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund. Encumbrances outstanding at year end recorded in budgetary reports as expenditures of the current year, whereas, on a GAAP basis, encumbrances are recorded as either restricted, committed or assigned fund balance depending on the level of restriction.

DEBT ADMINISTRATION POLICY

Capital appropriations require approval by a two-thirds vote of the entire District Board and by a majority of the electors of the District at a referendum with the following exceptions:

1. Capital appropriations not exceeding \$20,000,000, indexed for inflation, excluding those portions of an appropriation payable from Federal or State grants for any single item within the capital section of the budget.
2. Appropriations for any reason involving not more than \$25,000,000 in any one year for the purpose of meeting a public emergency threatening the lives, health or property of citizens of the District.
3. Construction of or leasing headquarters facilities.
4. Any public improvement all or a portion of which is to be paid for by assessments of benefits or from funds established to pay for waste or water facilities.

With the exception of the two \$800,000,000 appropriations, and bond authorizations for the District's Clean Water Project approved at referenda in November, 2006 and November, 2012, which are expected to be supported by general obligation bonds, revenue bonds, and clean water fund obligations payable from a Clean Water Project Charge (previously the Special Sewer Service Surcharge), (*see "Clean Water Project" and "Authorized but Unissued Debt – The District" herein*), the District has followed a policy of financing capital expenditures by issuing general obligation bonds secured by unlimited taxes levied proportionately upon the Member Municipalities comprising the District (*See "Security and Remedies" herein*).

In addition to taxes, certain water charges, sewer user fees, and assessments are available to repay the general obligation bonds. Sewer bonds are payable from a municipal tax levy on each Member Municipality and from sewer user charges levied on tax-exempt and high-flow users. General obligation water bonds are paid from water sale revenues. Assessable sewer construction bonds are secured by liens against assessments on benefited properties. The receipts from assessments are deposited in a separate fund, and payments for debt service on assessable sewer construction bonds are made from such fund. Hydroelectric bonds are funded from power sales revenue deposited in a separate fund, and payments of the debt service on the Hydroelectric bonds are made from said fund.

ANNUAL AUDIT

Pursuant to its Charter and Connecticut law, the District is required to undergo an annual examination by an independent certified public accountant. The audit must be conducted under the guidelines issued by the State's, Office of Policy and Management and a copy of the report must be filed with such Office within six months of the end of the fiscal year. For the fiscal year ended December 31, 2015, the examination was conducted by the firm of Blum, Shapiro & Company, P.C., independent certified public accountants and business consultants, of West Hartford, Connecticut. The firm was appointed by the Board of Finance.

PENSION PLAN

The District has an employee retirement system with a pension plan, adopted January 1, 1944 and amended April 1, 1989. The Aetna Insurance Company is the administrator of the Metropolitan District Employees' Retirement System (MDERS), which is a defined benefit, single employer retirement system. The MDERS provides retirement, disability and death benefits to plan members and beneficiaries.

Management of the plans rests with the Personnel, Pension and Insurance ("PPI") Committee, which consists of 11 members.

The pension plan is included in the District's financial reporting entity and accounted for in the pension trust fund. The MDERS does not issue a stand alone financial report.

Participation in the plan is immediate upon employment for all full-time employees. Vesting in benefits occurs after ten years of service. Termination of employment before that time results in forfeiture of the District's portion of the accrued benefit.

The District's PPI Committee, as provided by the District's general ordinances, establishes the benefit provisions and the employer's and employees' obligations. Any bargaining or nonbargaining unit employee who becomes totally and permanently disabled and has completed 10 years of service will receive 100% of the pension that the employee would have been entitled to. Annual pension payments are determined at 2% times years of service times final average earnings, subject to a maximum of 32 years.

Six-Year Trend Information			
Year Ended	Annual Required Contribution (ARC)	Actual Contribution	% of ARC Funded
MDC			
2011	\$4,948,298	\$4,633,200	94%
2012	\$5,347,556	\$5,822,098	109%
2013	\$5,804,428	\$5,881,000	101%
2014	\$5,857,601	\$5,918,000	101%
2015	\$5,805,223	\$6,000,000	103%
2016 ¹	\$6,361,424	\$6,000,000	94%
MidCT			
2011	\$10,102,174	\$0	0%

¹ 2016 financial projection includes contributing the full ARC of \$6,361,424.

As noted elsewhere in this Official Statement under "Legal and Other Information", the District and CRRA are currently involved in arbitration with regard to contract termination expenses. The contract agreement between the District and CRRA expired on December 31, 2011 and the 2011 Mid-Connecticut Project annual required contribution amount, which was billed to CRRA, reflects a required contribution to bring the pension plan to 100% funding status with respect to Mid-Connecticut Project employees at December 31, 2011.

The District implemented GASB Statement No. 67 effective in Fiscal Year 2014. The following net pension liability of the District at December 31, 2015, determined by an actuarial valuation as of January 1, 2015 and based on actuarial assumptions as of that date, were as follows.

GASB 67 Schedules	
Total pension liability at December 31, 2015	\$246,828,827
Plan fiduciary net position	194,914,098
District's net pension liability	\$51,914,729
Plan fiduciary net position as % of total pension liability	78.97%

The following presents the net pension liability, calculated using the discount rate of 7.25% as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate.

	1% Decrease	Current	1% Increase
	(6.25%)	(7.25%)	(8.25%)
District Plan's net pension liability as of December 31, 2015	\$79,703,926	\$51,914,729	\$29,200,538

457(f) Nonqualified Deferred Compensation Plan

The District has a 457(f) Nonqualified Deferred Compensation Plan for certain qualified key employees as deemed eligible by the PPI Committee. The District will make contributions to the plan as deemed necessary.

Please refer to Appendix A "Basic Financial Statements" under section "Notes to Financial Statements - Note 4" herein for information on the District's Pension Plan.

OTHER POST EMPLOYMENT BENEFITS

The Retiree Health Plan (RHP) is provided through indemnity plans and health maintenance organizations. The RHP is a single-employer defined healthcare plan and provides medical, dental and life insurance benefits to eligible retirees and their spouses. District employees eligible to participate in the plan are as follows: 65 years old or 55 years old with 10 years of service or the sum of age and service is 85. Benefit provisions are established through negotiations between the District and the various unions representing the employees.

Expenses for postemployment benefits were paid out of the OPEB trust fund during fiscal year ended December 31, 2015. The plan does not issue a stand-alone financial report.

The contribution requirements of the plan members and the District are also negotiated with the various unions representing the employees. Active employees hired prior to October 4, 2015 are required to contribute 0.5% of regular earnings and active employees hired after October 4, 2015 are required to contribute 1.0% of regular earnings into the OPEB Trust Fund. Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts monthly towards the cost of the health insurance premiums.

The cost per month for District retiree spouse coverage under Connecticut Blue Cross/Blue Shield Century 94 plus Major Medical Blue Cross Dental Plan is 5% of the difference in cost between the individual coverage and the cost of the coverage selected. There is no cost for retirees. Retirees are eligible to receive term life insurance in the amount equal to one half of their group life insurance.

Employer contributions to the plan of \$5,000,000 were made in accordance with the actuarially determined requirements.

Fiscal Year Ending	Annual OPEB Cost (AOC)	Actual Contribution	Percentage of AOC Contributed
12/31/2011	\$19,247,038	\$26,995,985	140.3%
12/31/2012	\$14,346,459	\$7,932,085	55.3%
12/31/2013	\$15,162,000	\$6,512,592	43.0%
12/31/2014	\$15,682,151	\$5,588,854	35.6%
12/31/2015	\$14,689,454	\$5,000,000	34.0%
Net OPEB Obligation as of December 31, 2014.....			\$55,841,592
Net OPEB Obligation as of December 31, 2015.....			\$65,531,046

As of January 1, 2014, the most recent actuarial valuation date, the plan was 11.8% funded. The actuarial accrued liability for benefits was approximately \$203 million, and the actuarial value of assets was approximately \$26 million, resulting in an unfunded actuarial accrued liability of approximately \$177 million.

Please refer to Appendix A “Basic Financial Statements” under section “Notes to Financial Statements - Note 5” herein for information on the District’s Post Employment Healthcare Plan.

INVESTMENT POLICIES AND PRACTICES

Connecticut General Statutes define the legal investments available to municipalities and establish criteria for financial institutions to receive municipal deposits.

Sections 7-400 and 7-402 allow municipalities to invest in certificates of deposit, municipal bonds and notes, obligations of the United States of America, including joint and several obligations of the Federal Home Loan Mortgage Association, the Federal Savings and Loan Insurance Corporation, obligations of the United States Postal Service, all the Federal Home Loan Banks, all Federal Land Banks, the Tennessee Valley Authority, or any other agency of the United States government and money market mutual funds.

Sections 3-27a through 3-27i allow for the purchases of participation certificates in the Short Term Investment Fund (“STIF”) managed by the State Treasurer. STIF’s primary investment vehicles are United States Government Obligations, United States agency obligations, United States Postal Service obligations, certificates of deposit, commercial paper, corporate bonds, savings accounts and bank acceptances.

Section 36a-330 defines the collateralization requirements and risk-based capital ratios for financial institutions to accept municipal deposits. A financial institution must collateralize varying levels of public deposits depending on its risk-based capital ratio. A qualified public depository (financial institution) must collateralize 10% of its deposits, if its risk-based capital ratio is above 10%. However, if the public depository’s risk-based capital ratio is greater or equal to 8% but less than 10%, the public depository must collateralize 25% of its total public deposits. A financial institution must provide collateral equal to 100% of its public deposits, if its risk-based capital ratio is greater than or equal to 3% but less than 8%. If the financial institution’s risk-based capital is less than 3%, the firm’s public deposits must be collateralized at 120%.

DISTRICT CASH MANAGEMENT INVESTMENT POLICY

The District’s Cash Management Investment Policy further defines the investment and deposit of District funds. This policy is the direct responsibility of the Board of Finance with oversight of the District Board. The District’s funds are deposited and invested with qualified public depositories that have a risk-based capital ratio greater than or equal to 10%. In addition, the only investments allowed under this policy are obligations of the United States and certain of its agencies, fully collateralized repurchase agreements of such investment, certificates of deposit, the State of Connecticut Short Term Investment Fund, custodial pools, investment companies or investment trusts.

The District’s Cash Management Investment Policy defines the primary objectives of investment activities as safety, liquidity and return on investment.

RISK MANAGEMENT

The District purchases commercial insurance for all risks of loss except as follows. The District is self insured for health care, workers' compensation claims up to \$500,000 for each accident, deductibles for property damage up to \$100,000 for each location and general and automobile liability up to \$250,000 for each incident. Additionally, the District has provided for \$1.0 million of excess coverage for liability coverage with no limits for workers' compensation excess coverage. The District established an internal service fund, the self-insurance fund, to account for and finance the retained risk of loss.

COMPENSATED ABSENCES

The District's liability for accumulated unpaid vacation, sick pay and other employee time off is accrued when incurred in governmental and proprietary fund financial statements. The liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The remaining is recorded in the general long-term obligations account group. Accrued compensated absences as of December 31, 2015 were \$5,086,988.

¹ The District has the power to levy a tax upon the Member Municipalities sufficient to finance the District's budgeted expenses. The tax is divided among the Member Municipalities in proportion to the total revenue received yearly from direct taxation in each Member Municipality, as averaged over the prior three years.

² Amounts include \$7,973,600 in the event the City of Hartford does not make their July or October payments totaling \$5,875,750.

	Total Long-Term Debt		\$1,212,966,939	\$1,049,458,452	

Short-Term Debt:

The District will issue \$95,000,000 in General Obligation Bond Anticipation Notes on March 1, 2017 to temporarily finance various sewer, water and public improvement projects of the District. The notes will mature on August 30, 2017.

The District currently has \$341,780,959 of outstanding Interim Funding Obligations (“IFO’s”) issued under the State’s Clean Water Fund Program and Drinking Water State Revolving Fund Program. The amount drawn to date is \$82,226,605.

Other Long-Term Commitments:

The District has no other general obligation long term commitments.

CLEAN WATER FUND PROGRAM

The Metropolitan District is a participant in the State’s Clean Water Fund Program (Connecticut General Statutes Section 22a-475 et seq., as amended) which provides financial assistance through a combination of grants and loans bearing interest at the rate of 2% per annum. All participating municipalities receive funding for eligible expenses of 20% grant and 80% loan, except for combined sewer overflow projects (50% grant and 50% loan) and denitrification projects (30% grant and 70% loan). Loans are made pursuant to a Project Loan and Grant Agreement. During construction the municipality enters into a short-term borrowing agreement with the State called an Interim Funding Obligation (“IFO”) from which it pays project costs as needed. Each municipality is obligated to repay only that amount which it draws down for the payment of project costs. Upon project completion, or, in the case of certain larger projects, annually, a 20-year debt obligation called a Project Loan Obligation (“PLO”) is issued to the State. The municipal obligations issued to the State are secured by the full faith and credit of the municipality and/or a dedicated source of revenue of such municipality.

Amortization of each loan is required to begin one year from the earlier of the scheduled completion date specified in the Loan Agreement or the actual project completion date, or, in the case of certain larger projects, the earlier of such date or annually commencing one year after the date of the agreement. The final maturity of each loan is the earlier of twenty years from the scheduled completion date or twenty years from the date of the PLO. Principal and interest payments are made (1) in monthly installments commencing one month after the scheduled completion date, or (2) in single annual installments representing 1/20 of total principal not later than one year from the scheduled completion date specified in the Loan Agreement repayable thereafter in monthly installments. Monthly installments may be in level debt service or amortized with level principal. Loans made under loan agreements entered into prior to July 1, 1989 are repayable in annual installments. Borrowers may prepay their loans at any time prior to maturity without penalty.

DRINKING WATER STATE REVOLVING FUND PROGRAM

The Metropolitan District is a participant in the State’s Drinking Water State Revolving Fund Program (General Statutes Sections 22a-475 et seq., as amended), which provides financial assistance through loans bearing interest at rates ranging from 2% to 3% per annum and grants.

Loans and grants are made pursuant to a Project Loan and Subsidy Agreement. Each municipality is obligated to repay only that amount that is drawn down for the payment of project costs (“Loan Agreement”). Each municipality must deliver to the State an obligation secured by the full faith and credit of the municipality and/or a dedicated source of revenue of such municipality.

The amortization requirements, payment schedule and prepayment provisions are the same as under the Clean Water Fund Program.

ANNUAL BONDED DEBT MATURITY SCHEDULE - THE DISTRICT¹

As of March 1, 2017

**OVERLAPPING AND UNDERLYING NET DEBT
THE DISTRICT AND MEMBER MUNICIPALITIES**

As of March 1, 2017
(Pro Forma)

The outstanding indebtedness of the District is considered overlapping debt of the Member Municipalities.

The outstanding indebtedness of the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield, Windsor and the City of Hartford is considered underlying debt of the District:

Member Municipalities	Share of Net District Debt ¹	Net Direct District Debt Applicable to Member Municipalities as of 3/1/17 ²	Net Direct Debt of Member Municipalities	Underlying Debt Issued Since 6/30/2016	Underlying Net Debt Applicable to District
Bloomfield.....	7.36	\$70,603,512	\$52,515,000	\$0	\$52,515,000
East Hartford.....	12.14	116,457,423	38,755,000	14,835,000	53,590,000
Hartford.....	26.31	252,388,369	680,690,087 ³	0	680,690,087
Newington.....	9.01	86,431,745	6,255,000	0	6,255,000
Rocky Hill.....	5.94	56,981,639	54,925,000	29,000,000	83,925,000
West Hartford.....	22.28	213,729,109	148,301,300	17,000,000	165,301,300

Totals.....	100.00%	\$959,286,844	\$1,070,616,386	\$70,085,000	\$1,140,701,386

¹ The Member Municipalities' share of the District's Net Direct Debt is based on the annual tax levy of each Member Municipalities as of Fiscal Year 2016-17.

² Includes approximately \$709,201,597 of Interim Funding Obligations (IFO's), Permanent Loan Obligations (PLO's), General Obligation Bonds and Notes issued pursuant to authorizations totaling \$1.6 billion for the District's Clean Water Project which represents debt expected to be paid from the Clean Water Project Charge (previously the Special Sewer Service Surcharge). The Clean Water Project Charge is levied annually and added to customers' water bills, beginning in 2008. See pages 23 and 81 herein for further details.

³ Excludes the following long-term commitment of the City: The City of Hartford established the Hartford Stadium Authority ("the Authority"), which issued \$62.45 million in Lease Revenue Bonds in February, 2015 and \$6.195 million in Lease Revenue Bonds in March, 2016 for the acquisition and construction of a new AA minor league baseball stadium and related facilities. Under a Lease Agreement and a First Amendment to Lease Agreement, the City of Hartford as Lessee will make rent payments equal to the principal and interest on the bonds when due. The obligation to make such payments is an absolute and unconditional obligation of the City, subject to annual appropriation by the City.

¹ Represents School Construction Grants payable to the City over the life of certain School Bond issues.

² Please refer to page 71 footnote 2 under "Overlapping and Underlying Net Debt" herein for more details.

³ **Other Long-Term Commitment:** Excludes a Lease Agreement (the "Lease Agreement") with the Hartford Stadium Authority (the "Authority") dated as of February 1, 2015, by which the City is obligated to make certain lease payments to the Authority. The Authority issued \$62.45 of lease revenue bonds in February 2015 for the construction of a minor league baseball ballpark. Under the Lease Agreement, the City is required to make semiannual deposits to secure performance of its obligations to pay rent to the Authority which is due on each February 1 and August 1 during the lease term. Each payment of rent is to be an amount sufficient, together with other money on deposit with the trustee in the bond fund to be credited as rent, to pay the principal and interest due on the bonds issued by the Authority on each principal payment date and interest payment date. The obligation to make these payments pursuant to the Lease Agreement is an absolute and unconditional obligation of the City, subject to annual appropriation by the City. In March 2016 the Authority issued \$6.195 of lease revenue bonds. In connection with the issuance of the Series 2016 Bonds, the Authority and the City entered into a First Amendment to Lease Agreement, dated as of March 1, 2016 (the "First Amendment to Lease Agreement"), which increased the lease payments required pursuant to the Lease Agreement to pay the principal and interest due on the Series 2016 Bonds. The schedule of lease payments due under the Lease Agreement, as amended by the First Amendment to Lease Agreement are \$2.836 million in Fiscal Year 2016, and approximately \$4.64 million annually in Fiscal Years 2017 through 2042 inclusively. The Lease Revenue Bonds outstanding at June 30, 2016 totaled \$68.645 million. (Source: March 2016 Official Statement, Hartford Stadium Authority).

Note: Does not include capital lease obligations and authorized but unissued debt.

BOND AUTHORIZATION

The District has the power to incur indebtedness by issuing its bonds or notes as authorized by the General Statutes of the State subject to applicable debt limitations and the procedural requirements of the District Charter.

TEMPORARY FINANCING

When general obligation bonds have been authorized, bond anticipation notes may be issued with maturity dates not exceeding two years (CGS Sec. 7-378). Temporary notes may be renewed up to ten years from their original date of issue if the legislative body schedules principal reductions by the end of the third year and for all subsequent years during which such temporary notes remain outstanding. The term of the bond issue is reduced by the amount of time temporary financing exceeds two years, or, for sewer projects, by the amount of time temporary financing has been outstanding.

Temporary notes must be permanently funded no later than ten years from the initial borrowing date except for sewer notes issued in anticipation of State and/or Federal grants. If a written commitment exists, the municipality may renew the notes from time to time in terms not to exceed six months until such time that the final grant payments are received (CGS Sec. 7-378b).

Temporary notes may also be issued for up to fifteen years for certain capital projects associated with the operation of a waterworks system (CGS Sec. 7-244a) or a sewerage system (CGS Sec. 7-264a). In the first year following the

completion of the project(s), or in the sixth year (whichever is sooner), and in each year thereafter, the notes must be reduced by at least 1/15 of the total amount of the notes issued by funds derived from certain sources of payment.

Temporary notes may be issued in one year maturities for up to fifteen years in anticipation of sewer assessments receivable, such notes to be reduced annually by the amount of assessments received during the preceding year (CGS Sec. 7-269a).

LIMITATION ON INDEBTEDNESS

The District Charter provides that the total outstanding indebtedness of the District, for non-water purposes, shall not exceed:

5.00% of the combined Grand Lists of its Member Municipalities.

In accordance with the District's Charter Section 4-3, no bonds, notes or other certificates of debt, except such as are to mature in six months or less and to be paid from current taxes shall be issued if such issue shall bring the total outstanding indebtedness of the District to an amount in excess of five per centum of the combined grand lists of said District unless otherwise provided by special act. The grand lists for the purpose of this section shall be deemed to include the assessed value of all shares of capital stock the taxes on which are required by section 1205 of the Connecticut General Statutes, revision of 1918, as amended, to be remitted annually to the municipalities by the State. In computing the total outstanding indebtedness of the District there shall be deducted the amount of the District's sinking fund, the amount of bonds issued for the supply of water or for the construction of subways or underground conduits for cables, wires or pipes and of such other bonds of the District as may be issued under any act of the legislature, especially providing that the bonds issued thereunder shall be deducted in computing the total outstanding indebtedness of the District. Bonds and notes issued for a sewerage system, and secured solely by a pledge of sewerage system use charges, are not included in computing the aggregate indebtedness of the District for this purpose.

The Charter also provides for exclusion from the debt limitation of any debt to be paid from a funded sinking fund. The District's Clean Water Project Revenue Bonds are also excluded from the debt limitation. Special Act 14-21 also excludes other revenue bonds issued under the District's Charter from the debt limitation.

¹ The District's Charter does not limit its borrowing capacity for water purposes, but limits its capacity for nonwater purposes to 5% of the combined Grand Lists of its Member Municipalities. The nature of this limitation requires the aggregation of obligations which normally appear in separate account groups.

² It is expected that these obligations issued pursuant to authorizations totaling \$1.6 billion for the District's Clean Water Project will be supported by a Clean Water Project Charge (previously the Special Sewer Service Surcharge) levied annually and added to customers' water bills. See pages 23, 71, and 81 herein for further details.

³ The Series 2008 General Obligation bonds of the district have been refunded and the proceeds of the new bonds have been deposited in an irrevocable trust to provide for all future debt service payments on the bonds. Accordingly, the trust account assets and the liability for the refunded bonds are not included in the outstanding debt of the District. At December 31, 2016, the District's portion of prior year refunded bonds outstanding, but removed from the District's financial statements was approximately \$48,000,000 (unaudited).

Note: The District has issued \$225.0 million in Clean Water Project Revenue Bonds. The bonds are being repaid from a portion of the Clean Water Project Charge (previously the Special Sewer Service Surcharge) and are not general obligations of the District.

¹ Includes an authorization of \$800 million approved by the Member Municipalities in November 2006 and a further \$800 million authorization for Phase II of the Clean Water Project; the overall cost was originally estimated at approximately \$2.1 billion. The Clean Water Project will address approximately one billion gallons of combined wastewater and storm water currently released each year to area waterways. The Clean Water Project is in response to a federal consent decree and a Connecticut DEEP consent order to achieve the Federal Clean Water Act goals by 2020. A Clean Water Project Charge (previously the Special Sewer Service Surcharge) adopted in October 2007 and implemented in January 2008 will be used exclusively for the payment of debt service on bonds and loans to be issued to finance the Clean Water Project and for capital expenditures for the Clean Water Project. The District's goal is to fund project costs with State and Federal grants and State and Federal low-cost loans as they become available, and open market debt. Bonds and loans that are solely supported by the Clean Water Project Charge will not be included in the calculation of overlapping debt of the Member Municipalities. As of March 1, 2017 the District has issued \$658,924,953 as IFO's, and PLO's, under the State's Clean Water Fund Program. The District has issued \$225.0 million in Clean Water Project Revenue Bonds. The bonds are being repaid from a portion of the Clean Water Project Charge and are not general obligations of the District.

² Includes projects which qualify for the State of Connecticut Clean Water Fund and Drinking Water Revolving Fund Program (See "Clean Water Project" herein.).

CAPITAL IMPROVEMENT PROGRAMS AND FUTURE BORROWINGS

Each year the District adopts a Capital Improvement Program (“CIP”) for its capital infrastructure and facility needs. The program requires a series of decisions about the amount, timing, purpose and structure of debt issuance. Annual capital project appropriations and the issuance of debt are approved in accordance with budgetary policies and procedures as presented under the Budget Procedure and Policy of Debt Administration. The Finance Department manages all District borrowings, paying particular attention to debt affordability and timing of borrowings to take advantage of favorable market conditions. The goal is to repay debt rapidly, maintain a conservative level of outstanding debt, and ensure the District’s continued positive financing standing in the bond market. For 2017, the CIP continues to focus on implementing a comprehensive asset management program for wastewater, water and combined programs.

FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM

<u>Capital Projects</u>	<u>Estimated Costs</u>
Wastewater Programs....	\$209,375,000
Water Programs.....	152,900,000
Combined.....	106,300,000
Total.....	\$468,575,000

The adopted 2017 Capital Improvement Program (“CIP”) Budget is \$84.8M. The CIP Budget will be funded with approximately \$84.4M of General Obligation Bonds and \$400,000 of Assessable Fund Contributions.

The District has also initiated a comprehensive Clean Water Project. The Clean Water Project combines the elimination of sanitary sewer overflows, the design and construction of a combined sewer overflow Long-Term Plan and the treatment and reduction of nitrogen from the water pollution control facilities. The Clean Water Project was originally estimated to cost \$2.1 billion and have a 15 year implementation requirement. An appropriation of \$800 million was authorized by the Member Municipalities at a referendum in November 2006. Approval for an additional \$800 million was authorized by the Member Municipalities at a referendum on November 6, 2012. Approval for an additional grant of \$140 million was authorized by the District Board on October 5, 2016. The Clean Water Project will require submission of a further appropriation for approval by voters. A Clean Water Project Charge (previously the Special Sewer Service Surcharge), adopted in October 2007 and implemented in January 2008, will be used exclusively for the payment of debt service on bonds and loans issued to finance the Clean Water Project. The District’s goal is to fund project costs with State and Federal grants and State and Federal low-cost loans as they become available, and open market debt. Bonds and loans that are solely supported by the Clean Water Project Charge will not be included in the calculation of overlapping debt of the Member Municipalities. See “Clean Water Project” herein on page 23.

Independent Auditors' Report

To the Board of Finance
The Metropolitan District
Hartford, Connecticut

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Metropolitan District as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Metropolitan District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Metropolitan District as of December 31, 2015 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 7 to the financial statements, during the fiscal year ended December 31, 2015, the Metropolitan District adopted new accounting guidance, GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. The net position of the District has been restated to recognize the net pension liability. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 13, the budgetary comparison information on pages 63 through 68, and the pension and OPEB schedules on pages 69 through 72 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Metropolitan District's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2016 on our consideration of the Metropolitan District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Metropolitan District's internal control over financial reporting and compliance.

**The Metropolitan District
Management's Discussion and Analysis
December 31, 2015**

The management of the Metropolitan District (the District) offers readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the year ended December 31, 2015. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

Financial Highlights

- On a government-wide basis, the assets of the District exceeded its liabilities at the close of the current year by \$613,571,771 and \$220,670,449 for the Governmental Activities and the Business-Type Activities, respectively.
- As of the close of the current year, the District's governmental funds reported combined ending fund balances of \$57,161,665, an increase of \$1,687,837 in comparison with the prior year, which is primarily due to the timing of reimbursements and significant permanent financing.
- On a government-wide basis, the District's total net position increased by \$69,019,217 and decreased by \$4,400,075 for the Governmental Activities and Business-Type Activities, respectively.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the current year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes, charges for services, operating grants and contributions, capital grants and contributions (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges and capital grants and contributions (business-type activities). The governmental activities of the District include general government, operations, plants and maintenance, and Interest on long-term debt. The business-type activities of the District include Water and Hydroelectricity facilities as well as the Mid-Connecticut Project.

The government-wide financial statements can be found on pages 14-15 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 4 individual funds. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, the Debt Service Fund and the Capital Project Funds, of which the General Fund, Debt Service Fund, Clean Water Project Fund, and Capital Project Fund are considered to be major funds.

The District adopts an annual appropriated budget for its General Fund and Water Utility Fund. Budgetary comparison schedules have been provided for the General Fund and Water Utility Fund to demonstrate compliance with this budget. These can be found on pages 63-68 of this report.

The basic governmental fund financial statements can be found on pages 16-19 of this report.

Proprietary Funds - The District maintains three enterprise type funds. Enterprise funds report the same functions as presented by the business-type activities in the government-wide financial statements. The District uses enterprise funds to account for its water and hydroelectricity operations and Mid-Connecticut Project.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for water operations and the Mid-Connecticut Project, which are considered to be major funds of the District, and hydroelectricity operations, which is nonmajor.

The basic proprietary fund financial statements can be found on pages 20-22 of this report.

Fiduciary Funds - Fiduciary funds are used to account for assets held by the District in a trustee capacity for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 23-24 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 25-62 of this report.

The notes to this report also contain certain supplementary information concerning the District’s progress in funding its obligation to provide pension benefits to its employees.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position and an important determinant of its ability to finance services in the future. In the case of the District, assets exceeded liabilities by \$613,571,771 and \$220,670,449 for the governmental activities and business-type activities, respectively, at the close of the most recent fiscal year.

By far, the largest portion of the District’s assets is its investment in capital assets (e.g., infrastructure, plants, machinery and equipment). It is presented in the statement of net position less any related debt used to acquire those assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District’s investment in its capital assets, net of accumulated depreciation, is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The District's net position increased by \$ 64,619,142 overall during the fiscal year with ending net position of Governmental Activities and Business-Type Activities of \$613,571,771 and \$220,670,449, respectively.

Governmental Activities

Net position of governmental activities increased by \$69,019,217 in 2015.

Major Revenue Factors Include:

- Approximately 28% of the governmental activity revenues were derived from taxes levied on our member towns. These taxes increased from the prior year.
- The primary component of charges for services consists of sewer user fees of \$54,093,916, which decreased by \$3,132,474 due to decreased consumption.
- The primary component of capital grants and contributions consists of intergovernmental revenues of \$39,706,369, which increased by \$10,095,992 from the prior year. The intergovernmental revenue increase is due to increased project activity receiving The State of Connecticut Clean Water Fund grants to fund the MDC's Clean Water Project.

Major Expenditure Factors Include:

During 2015, expenses decreased by \$5,437,861 with the largest decrease occurring in plants and maintenance (almost \$5 million) due to a decrease in capital assets related to plants and maintenance and the application of the new GASB 68 pension standard related to deferred outflows on investments and assumptions.

Business-Type Activities

Net position of business-type activities decreased by \$4,400,075 in 2015.

Major Revenue Factors Include:

- Water sales revenue decreased by \$48,185 or .07% due to decreased water consumption. During 2015, there were \$0 charges for services due to a contract termination affecting the operation of the Mid-Connecticut Project. Energy sales decreased by \$151,263 due to lower precipitation resulting in a lower production of electricity as a result of reduced stream flow.

Major Expense Factors Include:

- Expenses increased by \$6,000,409 or more than 7.30% with most of the increase attributable to employee benefits and other (over \$15 million) due to an increase in the net pension liability and OPEB obligation.

Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balances may serve as a useful measure of a government's net resources available for spending at the end of the year.

As of the end of the current year, the District's governmental funds reported combined ending fund balance of \$57,161,665, an increase of \$1,687,837 in comparison with the prior year. Of the fund balances, \$155,110,707 is restricted for debt service, \$3,307,432 is nonspendable and reserved for inventory and prepaid assets, and \$2,637,663 is committed for other capital improvements. The remaining capital projects show a deficit unassigned balance of \$103,894,137.

The General Fund is the chief operating fund of the District. At the end of the current year, the General Fund total fund balance was \$17,489,167, of which \$2,987,472 is nonspendable and reserved for inventory and prepaid assets. The remaining balance is an unassigned fund balance of \$14,501,695. The \$794,269 fund balance increase in the General Fund is attributable to both an increase in revenues and a decrease in spending.

The Debt Service fund increase of \$2,790,798 in fund balance is a result of closing capital project funds and due to premium received on bond issuances.

The Clean Water Project Fund has an increase in fund balance of \$6,822,691, which is a result of the issuance of Clean Water Fund loans.

The Capital Project Fund has a decrease in fund balance of \$8,719,921, which is a result of capital expenditures for capital projects prior to receiving the bond funding.

Proprietary Funds

The District's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Overall proprietary funds net position total \$220,670,449 at the end of the year.

Unrestricted net position of the Water Utility Fund at the end of the year amounted to \$19,602,032, or 7.84% of total net position of the fund. Net investment in capital assets amounted to \$230,397,952, or 92.16% of the total net position of the fund. The Hydroelectricity Fund has unrestricted net position of \$1,433,313, or 16.42% of total net position. Net investment in capital assets amounted to \$7,295,751, or 83.58% of total net position of the fund.

General Fund Budgetary Highlights

During the 2015 budget year, total revenues and other financing sources were below the budget by \$2,124,886 or 3.42%, and expenditures and other financing uses were less than budget by \$2,919,155 or 4.69%.

Some of the major highlights are as follows:

- Revenues were unfavorable to budget due to lower than expected use of contributions from other funds because revenues from sludge and septage handling as well as sewer user charge revenue were favorable to budget.
- Lower expenditures were attributable to favorable debt service and lower payroll expenditures associated with vacancy levels versus budgeted amounts.

Water Utility Fund Budgetary Highlights

During the 2015 budget year, total revenues were below the budget by \$1,700,875 or 2.11%, and expenses were less than budget by \$6,020,266 or 7.45%.

Some of the major highlights are as follows:

- Revenues were unfavorable due to lower than expected water consumption versus budgeted assumptions.
- Lower expenses were attributable to favorable debt service and lower payroll expenses associated with vacancy levels versus budgeted amounts.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets (net of accumulated depreciation) for its governmental and business-type activities as of December 31, 2015 amounted to \$1,335,235,414 and \$485,183,567, respectively. This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities, and sewer and water pipes.

Major capital asset additions in 2015 consisted of infrastructure improvements, contributions of capital assets by developers and continued construction in progress, including the continuation of the Clean Water Project.

Additional information on the District's capital assets can be found in Note 3D on pages 35-42 of this report.

Long-Term Debt

At the end of the current year, the District had total bonded debt outstanding of \$659,526,514. All of the Governmental Activities debt, \$787,362,734, is backed by the full faith and credit of the District's member towns.

**Metropolitan District Commission
OUTSTANDING DEBT
December 31, 2015 and 2014**

	2015			2014		
	Governmental Activities	Business-Type Activities	Total	Governmental Activities	Business-Type Activities	Total
General obligation/Revenue bonds	\$ 468,476,973	\$ 191,049,541	\$ 659,526,514	\$ 441,435,503	\$ 129,789,914	\$ 571,225,417

Compensated absences	2,430,440	2,656,548	5,086,988	2,980,521	2,911,156	5,891,677
Net pension liability	15,428,353	36,486,376	51,914,729	6,499,823	28,420,853	34,920,676
OPEB obligation	26,727,213	38,803,833	65,531,046	20,185,146	35,656,446	55,841,592
Total	<u>\$ 787,362,734</u>	<u>\$ 309,350,646</u>	<u>\$ 1,096,713,380</u>	<u>\$ 693,802,984</u>	<u>\$ 225,567,966</u>	<u>\$ 919,370,950</u>

The District enjoys a strong financial position from an AA+ rating from Standard & Poor's to an Aa1 rating from Moody's for general obligation debt.

The District's Charter limits the amount of general obligation debt it may issue up to 5% of the combined Grand List of its member towns. The current debt limitation for the District is \$1,211,556,756, which is significantly more than the District's outstanding general obligation debt.

Additional information on the District's long-term debt can be found in Note 3G on pages 44-47 of this report.

Economic Factors

- The District strives to minimize the tax impact to its member municipalities by limiting increases in General Fund expenditures.
- Inflationary trends in the region are consistent with budgeted General Fund expenditure increases.
- Water consumption continues to decline due to weather patterns and poor economic conditions in the greater Hartford area.

All of these factors were considered in preparing the District's 2015 year budget.

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, Metropolitan District Commission.

BASIC FINANCIAL STATEMENTS

**THE METROPOLITAN DISTRICT
STATEMENT OF NET POSITION
DECEMBER 31, 2015**

	<u>Governmental Activities</u>	<u>Business-Type Activities</u>	<u>Total</u>
Assets:			
Cash and cash equivalents	\$ 153,306,351	\$ 65,051,345	\$ 218,357,696

**THE METROPOLITAN DISTRICT
RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
DECEMBER 31, 2015**

Amounts reported for governmental activities in the statement of net position (page 14) are different because of the following:

Fund balances - total governmental funds (page 16) \$ 57,161,665

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Governmental capital assets	\$ 1,638,785,178	
Less accumulated depreciation	<u>(303,549,764)</u>	
Net capital assets		1,335,235,414

Other long-term assets are not available to pay for current-period expenditures and, therefore, are reported as unavailable revenue in the funds.

Sewer assessment receivables	1,491,057
Deferred charge on refunding	767,184
Deferred outflows related to pension investment experience	6,967,355
Deferred outflows related to changes in pension assumptions	5,212,233

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.

Bonds payable	(428,649,423)
Premiums	(39,827,550)
Notes payable	(274,299,755)
Interest payable on long-term debt	(5,673,178)
Compensated absences	(2,430,440)
Net pension liability	(15,428,353)
Deferred inflows related to difference between expected and actual pension plan experience	(227,225)
OPEB obligation	<u>(26,727,213)</u>

Net Position of Governmental Activities (page 14) \$ 613,571,771

The accompanying notes are an integral part of the financial statements

The accompanying notes are an integral part of the financial statements

**THE METROPOLITAN DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2015**

Amounts reported for governmental activities in the statement of activities (page 15) are different because of the following:

Net change in fund balances - total governmental funds (page 18) \$ 1,687,837

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlays, net	162,349,655
Depreciation expense	(13,797,662)

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins and donations) is to increase net position. In the statement of activities, only the loss on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital assets sold. (36,845)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Sewer assessment revenue	(219,874)
Change in deferred outflow related to pension investment experience	6,967,355
Change in deferred outflow related to changes in pension assumptions	5,212,233

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

Proceeds from Clean Water Fund loan obligations	(66,766,625)
Proceeds from issuance of bonds	(39,070,781)
Premiums on issuance of bonds	(3,352,904)
Bond payments	13,538,021
Amortization of bond premium and deferred charge on refunding	1,705,310
Clean Water Fund loan payments	15,168,861
Change in accrued interest	782,377

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences	550,081
Change in net pension liability	(8,928,530)
Change in deferred inflows related to difference between expected and actual pension plan experience	(227,225)
Change in OPEB obligation	<u>(6,542,067)</u>

Change in Net Position of Governmental Activities (page 15) \$ 69,019,217

The accompanying notes are an integral part of the financial statements

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General

The Metropolitan District (the District) was empowered in 1929 by the General Assembly of Connecticut. The District provides the following services as authorized by its Charter: design, construction and maintenance of sewage, hydroelectric and water systems and plants, stream and watercourse controls, the sale and delivery of water and hydroelectric power, and resources recovery.

The financial statements include all of the funds of the District that meet the criteria for inclusion as set forth in Statement of Governmental Accounting Standards No. 14 issued by the Governmental Accounting Standards Board (GASB).

Accounting principles generally accepted in the United States of America (GAAP) require that the reporting entity include the primary government and its component units, entities for which the government is considered to be financially accountable and other organizations, which by the nature and significance of their relationship with the primary government, would cause the financial statements to be incomplete or misleading if excluded. Blended component units, although legally separate entities, are, in substance, part of the government's operations; therefore, data from these units are combined with data of the primary government. Based on these criteria, there are no component units requiring inclusion in these financial statements.

B. Basis of Presentation

The accompanying financial statements have been prepared in conformity with the requirements of statements issued by the Governmental Accounting Standards Board. The more significant of the District's accounting policies are described below.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District's primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those expenses that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or benefit directly from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Sewer taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues, including sewer assessments, to be available if they are collected within 60 days after the end of the current fiscal period.

Taxes on member municipalities, sewer assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. In determining when to recognize intergovernmental revenues (grants and entitlements), the legal and contractual requirements of the individual programs are used as guidance. Revenues are recognized when the eligibility requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those resources required to be accounted for in another fund.

The *Debt Service Fund* is used to account for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The *Clean Water Project Fund* accounts for financial resources to be used for the Clean Water Project, which was first authorized on November 7, 2006. The first phase of the Clean Water Project includes programs to limit inflow and infiltration, separating certain existing combined sewer systems, construction of larger interceptor pipes and certain upgrades to the two large water pollution control facilities. The second phase of the Clean Water Project includes programs that continue the work of the first phase by upgrading and expanding the capacity of the Hartford water pollution control facility and includes the construction of a large storage tunnel to hold waste water for ultimate release and treatment at the Hartford water pollution control facility.

THE METROPOLITAN DISTRICT NOTES TO FINANCIAL STATEMENTS

The *Capital Project Fund* is used for projects of greater than one year's duration. Most of the capital outlays are financed by the issuance of general obligation bonds and current tax revenues.

The District reports the following major proprietary funds:

The *Water Utility Fund* and the *Mid-Connecticut Project Fund* are the District's funds used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Additionally, the District reports the following fund types:

The *Internal Service Fund* is used to account for the District's self-insurance program for accident and health insurance coverage of employees as well as natural disaster and liability claims for the District.

The *Pension and Other Employee Benefit Trust Funds* are used to account for the activities of the District's defined benefit plan, which accumulates resources for pension benefit payments to qualified employees, and to account for the activities of the District's postemployment welfare benefits (including retiree medical, dental and life insurance benefits) to the current and former eligible employees of the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenue includes all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed. Unrestricted resources are used in the following order: committed, assigned then unassigned.

C. Cash Equivalents

For purposes of reporting cash flows, all savings, checking, money market accounts and certificates of deposit with an original maturity of less than 90 days from the date of acquisition are considered to be cash equivalents.

D. Investments

Investments are stated at fair value.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

E. Inventories and Prepaid Items

All inventories are valued at the lower of cost (average cost) or market method. Inventory in the governmental and enterprise funds is recorded as an expenditure when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

F. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All receivables are presented net of an allowance for uncollectibles.

G. Compensated Absences

All vacation and sick pay is accrued when incurred in the government-wide, proprietary and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

H. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets such as water and sewer mains, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 and an estimated useful life of more than two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recognized at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of assets or materially extend their lives are expensed currently.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50-75
Machinery and equipment	6-20
Infrastructure	50-150

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

I. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period or periods and so will not be recognized as an outflow of resources expenditure until then. The District reports a deferred charge on refunding and deferred outflows related to pension in the government-wide statement of net position and statement of net position - proprietary funds. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. A deferred outflow of resources related to pension results from differences between expected and actual experience, changes in assumptions or other inputs or contributions made to the plan after the measurement date. These amounts are deferred and included in pension expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active employees and inactive employees).

In addition to liabilities, the statement of net position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period or periods and so will not be recognized as an inflow of resources until that time. The District reports deferred inflows of resources related to pensions in the government-wide statement of net position and statement of net position - proprietary funds. A deferred inflow of resources related to pension results from differences between expected and actual experience. These amounts are deferred and included in pension expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active employees and inactive employees). The District reports unavailable revenue for governmental funds which arises only under the modified accrual basis of accounting. The governmental funds report unavailable revenues from special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

J. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums, discounts and losses on bond refundings are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount and unamortized losses on bond refundings. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

K. Net Pension Liability

The net pension liability is measured as the portion of the actuarial present value of projected benefits that is attributed to past periods of employee service (total pension liability), net of the pension plan's fiduciary net position. The pension plan's fiduciary net position is determined using the same valuation methods that are used by the pension plan for purposes of preparing its statement of fiduciary net position. The net pension liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

L. Fund Equity

The equity of the fund financial statements is defined as "fund balance" and is classified in the following categories:

Nonspendable Fund Balance

This balance represents amounts that cannot be spent due to form (e.g., inventories and prepaid amounts).

Restricted Fund Balance

This balance represents amounts constrained for a specific purpose by external parties, such as grantors, creditors, contributors or laws and regulations of their governments.

Committed Fund Balance

This balance represents amounts constrained for a specific purpose by a government using its highest level of decision-making authority (District Board). Amounts remain committed until action is taken by the District Board (resolution) to remove or revise the limitations.

Assigned Fund Balance

This balance includes amounts constrained for the intent to be used for a specific purpose by the District Board that has been delegated authority to assign amounts by the Charter.

Unassigned Fund Balance

This balance represents fund balance in the General Fund in excess of nonspendable, restricted, committed and assigned fund balance. If another governmental fund has a fund balance deficit, it is reported as a negative amount in unassigned fund balance.

In the government-wide financial statements, net position is classified in the following categories:

Net Investment in Capital Assets

This category represents all capital assets, net of accumulated depreciation and related debt.

Restricted Net Position

This category represents amounts restricted to use by outside parties. The District has no assets under restrictions as of December 31, 2015.

Unrestricted Net Position

This category represents the net position of the District not restricted for use.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

During the last quarter of the year, the ensuing year’s proposed operating budget, including proposed expenditures/expenses and the means of financing them, is compiled by the Finance Department based upon estimates submitted by the various departments.

The proposed operating budget is then published in line item format in one or more local newspapers servicing the District for a period of three consecutive days, excluding holidays and Sundays. Prior to January 1 of the new year, the published budget is submitted to the District Board for acceptance and adoption.

Annual operating budgets are legally adopted for the General Fund and the Water Utility Enterprise Fund. A fund budget was adopted for the Hydroelectric Development Project. Formal budgetary integration is employed as a management control device for these funds. The unencumbered balance of appropriations in the General Fund lapses at year end. Encumbered appropriations are carried forward. Except for encumbrance accounting, the General Fund budget is prepared on a modified accrual basis. Budgetary and actual data in this report have been presented on a budgetary basis. Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with GAAP, the reconciliation of resultant basis, timing and perspective differences appear at the bottom of the actual vs. budget schedule. The legal level of budgetary control is at the functional level. Any revisions that alter total appropriations at the level of control must have the prior approval of the Board of Finance and the District Board. The amendments were made in the legally permissible manner described above. There were no amendments or supplemental appropriations made during the year.

Budgetary integration is employed on a continuing (project length) basis for capital projects funds, in which appropriations do not lapse at year end, but rather at the completion of the construction relating to a specific improvement project. Formal budgetary integration is not employed for the Debt Service Fund because effective budgetary control is alternatively achieved through general obligation bond and note indenture provisions.

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund. Encumbrances outstanding at year end recorded in budgetary reports as expenditures of the current year, whereas, on a GAAP basis, encumbrances are recorded as either restricted, committed or assigned fund balance depending on the level of restriction.

B. Deficit Fund Equity

Certain individual funds had fund balance deficits at December 31, 2015 as follows:

Capital Projects	\$ 115,758,169
Mid-Connecticut Project	31,016,227
Internal Service	7,042,372

The Capital Projects Funds’ deficits have arisen because bonds and loans authorized for these projects have not yet been issued. When the bonds and loans are issued, or the General Fund appropriates and transfers amounts to these funds, the deficits will be eliminated.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

3. DETAILED NOTES ON ALL FUNDS

A. Cash, Cash Equivalents and Investments

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a “qualified public depository” as defined by Statute or, in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit, in an “out of state bank” as defined by the Statutes, which is not a “qualified public depository.”

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: 1) obligations of the United States and its agencies, 2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof, and 3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the State Short-Term Investment Fund (STIF) and the State Tax Exempt Proceeds Fund (TEPF). These investment pools are under the control of the State Treasurer, with oversight provided by the Treasurer’s Cash Management Advisory Board, and are regulated under the State Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the fair value of the position in the pool is the same as the value of the pool shares.

Deposits

Deposit Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the District’s deposit will not be returned. The District does not have a deposit policy for custodial credit risk. The deposit of public funds is controlled by the Connecticut General Statutes. Deposits may be placed with any qualified public depository that has its principal place of business in the State of Connecticut. Connecticut General Statutes require that each depository maintain segregated collateral (not required to be based on a security agreement between the depository and the municipality and, therefore, not perfected in accordance with federal law) in an amount equal to a defined percentage of its public deposits based upon the depository’s risk-based capital ratio.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, \$12,956,852 of the District's bank balance of \$13,206,852 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ 11,636,167
Uninsured and collateral held by the pledging bank's trust department, not in the District's name	<u>1,320,685</u>
Total Amount Subject to Custodial Credit Risk	<u>\$ 12,956,852</u>

Cash Equivalents

At December 31, 2015, the District's cash equivalents amounted to \$176,020,728. The following table provides a summary of the District's cash equivalents as rated by nationally recognized statistical rating organizations. The pool has maturities of less than one year.

	<u>Standard & Poor's</u>
State Short-Term Investment Fund (STIF)	AAAm

Investments

As of December 31, 2015, the District's Pension Trust Fund had the following investments:

<u>Investment Type</u>	<u>Fair Value</u>
Fiduciary Type:	
CIF International Research Equity Fund	\$ 19,788,277
CIF Research Equity Fund	80,461,721

The above investments have no rating or maturity.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. To the extent possible, the District attempts to match its investments with anticipated cash flow requirements.

Credit Risk - Investments

As indicated above, State Statutes limit the investment options of the District. The District has no investment policy that would limit its investment choices due to credit risk.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

Concentration of Credit Risk

The District has no policy limiting an investment in any one issuer that is in excess of 5% of the District's total investments.

Custodial Credit Risk

Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the District or that sells investments to or buys them for the District), the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At December 31, 2015, the District did not have any uninsured and unregistered securities held by the counterparty, or by its trust department or agent that were not in the District's name.

B. Receivables

Receivables as of year end for the District's individual major funds in the aggregate, including the applicable allowances for uncollectible amounts, are as follows:

	<u>General</u>	<u>Clean Water Project</u>	<u>Capital Projects Funds</u>	<u>Water Utility</u>	<u>Mid-Connecticut Project</u>	<u>Hydroelectric Development Project</u>	<u>Internal Service Fund</u>	<u>Trust Funds</u>	<u>Total</u>
Sewer use charges	\$ 1,467,933	\$ 14,176,637		\$	\$	\$	\$	\$	\$ 15,644,570
Customers and employees	2,030,005			24,488,259		87,296			26,605,560
Assessments			2,151,659	1,017,737					3,169,396
Accrued interest			425,197	179,051					604,248
Intergovernmental		24,950,506						244,002	25,194,508
Other	220,189		21,592		54,579,096		48,236	35,660,284	90,529,397

C. Interfund Receivables, Payables and Transfers

Interfund loans are generally used to transfer monies as a result of cash flow. Interfund receivables and payables balances at December 31, 2015 are as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Mid-Connecticut Project Fund	\$ 7,772,434
Water Utility Fund	Mid-Connecticut Project Fund	<u>936,923</u>
Total		<u>\$ 8,709,357</u>

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

Interfund transfers are generally used to supplement revenues of other funds. Interfund transfers for the year ended December 31, 2015 were as follows:

	<u>Transfers In</u> <u>Debt Service</u> <u>Fund</u>
Transfers out:	
General Fund	\$ 17,847,927
Clean Water Project Referendum Fund	32,753,294
Capital Projects Fund	<u>1,901,304</u>
Total Transfers In	<u>\$ 52,502,525</u>

D. Capital Assets

E. Bond Anticipation Notes

The District uses bond anticipation notes during the construction period of various projects prior to the issuance of the bonds at the completion of the project.

The District issued the following bond anticipation notes during 2015:

<u>Issuance Date</u>	<u>Amount</u>	<u>Interest Rate</u>	<u>Maturity Date</u>
March 19, 2015:			
A	\$ 81,500,000	\$ 1.25%	3/18/16
B	35,000,000	5.00%	11/4/15
July 28, 2015			
C	25,000,000	1.00%	3/18/16

Bond anticipation note transactions for the year ended December 31, 2015 were as follows:

Outstanding - December 31, 2014	\$ 163,459,000
New borrowings	141,500,000
Repayments	<u>(198,459,000)</u>
Outstanding - December 31, 2015	<u>\$ 106,500,000</u>

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

Subsequent Events

The District issued general obligation bond anticipation notes as follows:

<u>Date of issuance</u>	<u>Series</u>	<u>Amount</u>	<u>Premium</u>	<u>Interest Rate</u>	<u>Maturity Date</u>
2/18/2016	A	\$ 113,500,000	\$ 1,419,885	2.00%	12/1/16

F. Operating Leases

Total operating lease payments for the year ended December 31, 2015 were \$391,623. Commitments under an operating lease agreement with the Army Corps of Engineers for water storage rights require minimum annual rental payments, including interest at 3.14% over 50 years. The total cost of this lease was \$204,222 for the year ended December 31, 2015. Other operating lease payments for office equipment totaled \$187,401 for the year ended December 31, 2015. Future operating lease commitments are as follows:

	<u>Amount</u>
2016	\$ 419,596
2017	406,145
2018	359,616
2019	<u>216,549</u>
Total	<u>\$ 1,401,906</u>

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

G. Long-Term Debt

Changes in Long-Term Liabilities

Long-term liability activity for the year ended December 31, 2015 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental Activities:					
General obligation bonds	\$ 179,116,663	\$ 39,070,781	\$ 10,028,021	\$ 208,159,423	\$ 11,876,950
Revenue bonds	224,000,000		3,510,000	220,490,000	3,680,000

Total Governmental Activities Long-Term Liabilities	\$ 693,802,984	\$ 126,597,782	\$ 33,038,032	\$ 787,362,734	\$ 81,798,303
Business-Type Activities:					
General obligation bonds	\$ 123,398,337	\$ 63,884,220	\$ 7,766,994	\$ 179,515,563	\$ 10,683,049
Premiums	6,391,577	5,659,153	516,752	11,533,978	
Total bonds payable	129,789,914	69,543,373	8,283,746	191,049,541	10,683,049
Drinking water fund loans	28,789,597	12,874,492	1,309,741	40,354,348	22,082,978
Compensated absences	2,911,156	2,302,291	2,556,899	2,656,548	2,479,812
Net pension liability	28,420,853	8,065,523		36,486,376	
OPEB obligation	35,656,446	3,147,387		38,803,833	
Total Business-Type Activities Long-Term Liabilities	\$ 225,567,966	\$ 95,933,066	\$ 12,150,386	\$ 309,350,646	\$ 35,245,839

For the governmental activities, claims and judgments, pension obligation, OPEB obligation and compensated absences are generally liquidated by the General Fund.

General Obligation Bonds

General obligation bonds are direct obligations of the District for which full faith and credit are pledged and are payable from taxes levied on member towns and other operating revenues. General obligation bonds currently outstanding are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities	Various	\$ 208,159,423
Business-type activities	Various	179,515,563
		<u>\$ 387,674,986</u>

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

Annual debt service requirements to maturity for general obligation bonds are as follows:

	<u>Governmental Activities</u>		<u>Business-Type Activities</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2016	\$ 11,876,950	\$ 8,387,468	\$ 10,683,049	\$ 7,182,078
2017	12,070,760	7,843,240	10,844,239	6,722,401

2036-2040	12,155,000	1,683,287		
Total	\$ <u>208,159,423</u>	\$ <u>81,445,844</u>	\$ <u>179,515,563</u>	\$ <u>61,508,495</u>

Authorized But Unissued Bonds

The total of authorized but unissued bonds at December 31, 2015 is \$1,487,383,716. In most cases, interim financing is obtained through bond anticipation notes or other short-term borrowings until the issuance of long-term debt.

Revenue Bonds

Revenue bonds are direct obligations of the District for which full faith and credit are pledged and are payable from the Special Sewer Service Surcharge. Revenue bonds currently outstanding are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities	Various	\$ <u>220,490,000</u>

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

Annual debt service requirements to maturity for revenue bonds are as follows:

	Governmental Activities	
	Principal	Interest
2016	\$ 3,680,000	\$ 10,516,850
2017	3,760,000	10,386,450
2018	3,870,000	10,239,800
2019	4,015,000	10,065,050
2020	4,075,000	9,959,750
2021-2025	22,690,000	46,723,250
2026-2030	28,055,000	40,783,000
2031-2035	63,250,000	30,311,125
2036-2040	69,710,000	12,782,150
2041-2042	17,385,000	1,314,500
	<u>\$ 220,490,000</u>	<u>\$ 183,081,925</u>
Total	<u>\$ 220,490,000</u>	<u>\$ 183,081,925</u>

Clean Water Fund Loans

The District participates in the State of Connecticut's Clean and Drinking Water programs, which provide low-interest loans bearing 2% interest for eligible waste water and 2% interest for eligible drinking water projects. Projects are financed by interim loan obligations until project completion, at which time internal loan obligations are replaced by permanent loan obligations. In the case of certain large projects, permanent loan obligations may be issued annually.

Clean Water Fund loans finance the sewer infrastructure and facility improvements (governmental activities) and will be repaid from future taxation and user fees.

Drinking Water Fund loans finance the water infrastructure and facility improvements (business-type activities) and will be financed by user charges.

Permanent loan obligations mature as follows:

	Governmental Activities	
	Principal	Interest
2016	\$ 14,320,297	\$ 4,047,085
2017	13,630,791	3,765,816
2018	13,630,791	3,493,200
2019	13,450,904	3,221,756
2020	13,223,814	2,955,297
2021-2025	62,879,058	10,923,394
2026-2030	56,504,628	4,872,412
2031-2035	21,218,248	642,627
	<u>\$ 208,858,531</u>	<u>\$ 33,921,587</u>

There were no outstanding encumbrances at December 31, 2015.

4. EMPLOYEE RETIREMENT PLAN

A. Plan Description and Benefits Provided

The District has an employee retirement system with a pension plan adopted January 1, 1944 and amended April 1, 1989. The Aetna Insurance Company is the administrator of the Metropolitan District Employees' Retirement System (MDERS), which is a defined benefit, single employer retirement system. The MDERS provides retirement, disability and death benefits to plan members and beneficiaries.

Management of the plans rests with the Personnel, Pension and Insurance Committee (PPI), which consists of 11 members.

The pension plan is included in the District's financial reporting entity and accounted for in the pension trust fund. The MDERS does not issue a stand-alone financial report.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

At January 1, 2015, which is the last date of actuarial valuation, membership consisted of:

Retirees, disabled and beneficiaries currently receiving benefits	579
Terminated members entitled to but not yet receiving benefits	20
Current active members	516
Nonvested former participants	<u>21</u>
Total Members	<u><u>1,136</u></u>

Participation in the plan is immediate upon employment for all full-time employees. Vesting in benefits occurs after ten years of service. Termination of employment before that time results in forfeiture of the District's portion of the accrued benefit.

The District's Personnel, Pension and Insurance Committee, as provided by the District's general ordinances, establishes the benefit provisions and the employer's and employees' obligations. Any bargaining or nonbargaining unit employee who becomes totally and permanently disabled and has completed 10 years of service will receive 100% of the pension that the employee would have been entitled to. Annual pension payments are determined at 2% times years of service times final average earnings subject to a maximum of 32 years.

B. Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting

The Pension Trust Fund's financial statements are prepared on the accrual basis of accounting. Employee and employer contributions are recognized as revenues in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with plan provisions. Administrative costs of the plan are financed through investment earnings.

Valuation of Investments

Investments are valued at fair value. Securities traded on national exchanges are valued at the last reported sales price.

C. Funding Policy

Employees hired prior to October 4, 2015 are required to contribute 5% of their annual covered salary and employees hired thereafter are required to contribute 7% of their annual covered salary.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

D. Investments

Investment Policy

The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Personnel, Pension and Insurance Committee by a majority vote of its members. It is the policy of the Personnel, Pension and Insurance Committee to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy as of December 31, 2015:

<u>Asset Class</u>	<u>Target Allocation</u>
Core Fixed Income	15.00%
Global Funds	12.50%
Large Cap US Equities	30.00%
Mid Cap US Equities	10.00%
Small Cap US Equities	10.00%
Developed Foreign Equities	10.00%
Real Estate (REITS)	6.00%
Private Real Estate Property	1.50%
Commodities	5.00%

Rate of Return

For the year ended December 31, 2015, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 1.58%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Receivables

The Pension Trust Fund has amounts owed from Mid-CT for amounts under contributed to fund the net pension obligation. Refer to Note 6C for additional information on this receivable.

E. Net Pension Liability of the District

The components of the net pension liability of the District at December 31, 2015 were as follows:

Total pension liability	\$ 246,828,827
Plan fiduciary net position	<u>194,914,098</u>
Net Pension Liability	<u>\$ 51,914,729</u>
Plan fiduciary net position as a percentage of the total pension liability	78.97%

The net pension liability is recorded in the Water Utility Fund, the Mid-Connecticut Project Fund (Major Proprietary Funds), and the Governmental Activities of the District. The Mid-Connecticut Project Fund net pension liability has remained static pending the outcome of ongoing litigation, and the District's governmental activities are accounting for the Mid-Connecticut Projects share of the additional liability.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of January 1, 2015, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary increases	3.50%, average, including inflation
Investment rate of return	7.25%, net of pension plan investment expense, including inflation
Mortality rates	RP-2000 Combined Healthy Mortality tabled blended 75% Blue Collar, 25% White Collar, with generational projection per Scale AA.
Actuarial cost method	Entry Age Normal

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2015 (see the discussion of the pension plan's investment policy) are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Rate of Return</u>
Core Fixed Income	2.57%
Global Funds	1.30%
Large Cap US Equities	5.38%
Mid Cap US Equities	6.01%
Small Cap US Equities	6.64%
Developed Foreign Equities	6.36%
Real Estate (REITS)	5.42%
Private Real Estate Property	3.79%
Commodities	3.92%

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the District contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate was changed from 7.50% in the January 1, 2014 valuation to 7.25% in the January 1, 2015 valuation due to actuarial experience.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

Benefit payments, including refund to employee contributions	(15,844,541)	(15,844,541)	-
Administrative expenses		(35,213)	35,213
Net changes	<u>13,007,616</u>	<u>(3,986,437)</u>	<u>16,994,053</u>
Balances as of December 31, 2015	\$ <u>246,828,827</u>	\$ <u>194,914,098</u>	\$ <u>51,914,729</u>

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the District, calculated using the discount rate of 7.25%, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
District's Net Pension Liability \$	79,703,926	\$ 51,914,729	\$ 29,200,538

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2015, the District recognized pension expense of (\$2,319,426), which is recorded within the Water Utility fund, and the Governmental Activities of the District in the amounts of \$(5,121,763) and \$2,802,337, respectively. At December 31, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Metropolitan District Employees' Retirement System	
	Deferred Inflows of Resources	Deferred Outflows of Resources
Differences between expected and actual experience	\$ (288,353)	\$
Changes of assumptions		6,614,441
Net difference between projected and actual earning on pension plan investments		8,841,729
Total	<u>\$ (288,353)</u>	<u>\$ 15,456,170</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ended December 31,

2016	\$ 3,528,368
2017	3,528,368
2018	3,528,368
2019	3,528,369
2020	1,054,344

F. 457(f) Nonqualified Deferred Compensation Plan

The District has a 457(f) Nonqualified Deferred Compensation Plan for certain qualified key employees as deemed eligible by the Personnel, Pension and Insurance Committee. The District will make contributions to the plan as deemed necessary. The District contributed \$14,453 to the plan during 2015.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

5. POSTEMPLOYMENT HEALTHCARE PLAN - RETIREE HEALTH PLAN

Plan Description

The Retiree Health Plan (RHP) is provided through indemnity plans and health maintenance organizations. The RHP is a single-employer defined benefit healthcare plan and provides medical, dental and life insurance benefits to eligible retirees and their spouses. District employees eligible to participate in the plan are as follows: 65 years old or 55 years old with 10 years of service or the sum of age and service is 85. Benefit provisions are established through negotiations between the District and the various unions representing the employees.

Expenses for postemployment benefits were paid out of the OPEB trust fund during fiscal year ended December 31, 2015. The plan does not issue a stand-alone financial report.

At January 1, 2014, plan membership consisted of the following:

	Retiree Health Plan
Retired members	428
Spouses of retired members	459
Active plan members	<u>510</u>
Total Participants	<u><u>1,397</u></u>

Funding Policy

The contribution requirements of plan members and the District are also negotiated with the various unions representing the employees. Active employees hired prior to October 4, 2015 are required to contribute 0.5% of regular earnings and active employees hired after October 4, 2015 are required to contribute 1.0% of regular earnings into the OPEB Trust Fund. Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts monthly towards the cost of health insurance premiums.

The cost per month for District retiree spouse coverage under Connecticut Blue Cross/Blue Shield Century 94 plus Major Medical Blue Cross Basic Dental Plan is 5% of the difference in cost between the individual coverage and the cost of the coverage selected. There is no cost for retirees. Retirees are eligible to receive term life insurance in the amount equal to one half of their group life insurance.

Employer contributions to the plan of \$5,000,000 were made in accordance with actuarially determined requirements.

Annual OPEB Cost and Net OPEB Obligations

The District's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

The following table shows the components of the District’s annual OPEB cost for the year, the amount actually contributed to the plan and changes in the District’s net OPEB obligation:

	Retiree Health Plan
Annual required contribution (ARC)	\$ 14,765,820
Interest on net OPEB obligation	2,792,080
Adjustment to annual required contribution	<u>(2,868,446)</u>
Annual OPEB cost	14,689,454
Contributions made	<u>5,000,000</u>
Increase in net OPEB obligation	9,689,454
Net OPEB obligation, beginning of year	<u>55,841,592</u>
Net OPEB Obligation, End of Year	<u>\$ 65,531,046</u>

The District’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the three fiscal years ended December 31, 2015, 2014 and 2013 are presented below:

Fiscal Year Ended	Annual OPEB Cost (AOC)			Actual Contribution			Percentage of AOC Contributed		
	District	Mid-Connecticut	Total	District	Mid-Connecticut	Total	District	Mid-Connecticut	Total
12/31/2013	\$ 12,807,000	\$ 2,355,000	\$ 15,162,000	\$ 6,512,592		\$ 6,512,592	50.9%	0.0%	43.0%
12/31/2014	13,327,151	2,355,000	15,682,151	5,588,854		5,588,854	41.9%	0.0%	35.6%
12/31/2015	12,334,454	2,355,000	14,689,454	5,000,000		5,000,000	40.5%	0.0%	34.0%

As of January 1, 2014, the most recent actuarial valuation date, the plan was 11.8% funded. The actuarial accrued liability for benefits was approximately \$203 million, and the actuarial value of assets was approximately \$26 million, resulting in an unfunded actuarial accrued liability (UAAL) of approximately \$177 million. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$41 million.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as accrual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections for benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

In the January 1, 2014 actuarial valuation, projected unit credit method was used. The annual medical cost trend rate is 7.1% initially, reduced by decrements to an ultimate rate of 4.7% for pre-65 and 4.8% for post-65. Years until ultimate medical inflation rate are 70 for pre-65 and 72 for post-65. The discount rate assumption is 5.0%. The actuarial value of assets was determined using the closed group method. The UAAL is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at January 1, 2014 was 25 years.

6. OTHER INFORMATION

A. Clean Water Project

The MDC has entered into a consent decree of the United States District Court of the District of Connecticut, with the United States Department of Justice and the U.S. Attorney's Office.

The Clean Water Project will address approximately one billion gallons of combined wastewater and storm water currently released each year to area waterways. The project is in response to an EPA SSO federal consent decree and a Connecticut DEEP CSO consent order to achieve the federal Clean Water Act goals. The District's goal is to maximize the funding of the entire project with State and Federal grants; the use of State and Federal low-cost loans, and then fund the remainder with open market debt. Project financing is expected to be repaid with a Special Sewer Service Surcharge to customers' water bills. The Special Sewer Service Surcharge is expected to increase annually up to a maximum, currently estimated at less than \$5.00 per hundred cubic feet of usage by Fiscal Year 2021, and then decline.

Cost Estimates

The total cost of the Clean Water Project was originally estimated to be approximately \$2.1 billion, comprise three phases, and assumed to be completed in 2021, based on assumptions about, among other things, the design as originally conceived and the pace of design and construction and regulatory review and approval. Phase I features projects to control inflow and infiltration, sewer separation projects, projects to increase interceptors and upgrades to the two treatment plants; it is nearing completion. Phase II features wet weather capacity improvements at the District's treatment plants and a large storage and conveyance tunnel in the south of the District (the South Tunnel). Phase III currently features a large storage and conveyance tunnel in the north of the District running down to the South Tunnel (the North Tunnel). This tunnel has not yet been designed or definitively located.

Generally speaking, appropriations for the cost of the Clean Water Project must be approved by referendum vote of the voters of the member municipalities. Effective October 1, 2015, P.A. 15-114 will exclude from the referendum requirement appropriations funded by federal or state grants. An \$800 million appropriation was approved at referendum on November 7, 2006. An appropriation for an additional \$800 million was approved at referendum on November 6, 2012. Completion of the Clean Water Project will require submission of one or more further appropriations for approval by voters. The District has made no determination as to when an additional referendum will be held. The District expects Phase I and Phase II will be completed within authorized appropriations, and to be placed in service without regard to the outcome of any additional referendum.

THE METROPOLITAN DISTRICT NOTES TO FINANCIAL STATEMENTS

As the Project has progressed, the District has revised the original design conception. The Long-Term Control Plan, which sets out the project, was resubmitted in 2012 and revised further in 2015. It incorporates longer underground storage tunnels with greater capacity, and less sewer separation work, than the original conception, and sets forth a completion of Phase II in 2024 and Phase III in 2029. The revised plan was approved in May 2015. The delays occasioned by the redesign and permitting process, in particular with respect to the South Tunnel, now lead the District to expect an increase in projected costs of the Clean Water Project as a whole, but the District has not re-estimated the overall cost, in part because design and siting work for Phase III has not yet been conducted in sufficient detail. For planning purposes, the District is currently projecting a total cost of the project of \$2.4 billion.

The District has recently received bids for the construction contract for the South Tunnel, which were favorable to engineering estimates. The District expects to award this contract by the end of the second quarter of 2016, and to enter into a funding agreement with the State of Connecticut for the bulk of the funding of the contract through grants and loans from the State's Clean Water Fund.

As actual design and construction of the Clean Water Project have progressed, the District has been able to refine certain design elements to achieve cost savings, has altered some aspects of the original design and continues to examine the Clean Water Project for efficiencies that can be achieved through value engineering. In addition, some elements of construction have been completed at lower than estimated costs. The District expects the design and siting of the North Tunnel to be informed by its experience with construction of the South Tunnel and is exploring opportunities that may exist (such as more aggressive cleaning of its existing system) that may allow for further savings.

The District cannot give any assurances as to when the Clean Water Project will be completed or its total cost.

The District has issued to date \$225.0 million in Clean Water Project Revenue Bonds. The revenue bonds are being repaid from a portion of the Special Sewer Service Surcharge and are not a general obligation of the District.

Through December 31, 2015, the Clean Water Project has been funded through the issuance of long-term debt in the amount of \$499.4 million, which is comprised of \$203.2 million of Clean Water Fund Loans and \$71.2 million of General Obligation Bonds and \$225 million of Revenue Bonds.

B. Risk Management

The District is exposed to various risks of loss including torts; officers' and employees' liabilities; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District purchases commercial insurance for all risks of loss except those risks described in the next paragraph. The District established an internal service fund, the self-insurance fund, to account for and finance the retained risk of loss.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

The District is self-insured for health care, workers' compensation claims up to \$500,000 for each accident, deductibles for property damage up to \$100,000 for each location, and general and automobile liability up to \$250,000 for each incident. Additionally, the District has provided for \$1 million of excess coverage for liability coverage with no limits for workers' compensation excess coverage. The self-insurance fund is primarily supported by contributions from the General Fund and the Water Utility Enterprise Fund. Administration for workers' compensation and general and auto liability claims is performed in-house and through third-party administrators whose administrative fees are paid by the self-insurance fund. Blue Cross and Blue Shield administer the District's medical insurance plan for which the District pays a fee. The medical insurance plan provides coverage for most District employees. The District has purchased a stop loss policy for total medical claims in any one year exceeding an aggregate of 110% of expected claims. Settled claims have not exceeded this commercial coverage in any of the past three years. There has been no reduction in any coverage during the year from that of the prior year.

The claims liability of \$5,494,379 for the self-insurance fund reported at December 31, 2015 is based on the requirements of GASB Statement No. 10, which requires that a liability for estimated claims incurred but not reported be recorded. The District's policy is to have an actuarial study performed annually.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that has been incurred but not reported (IBNR). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example for salvage or subrogation, are another component of the claims liability estimate. Changes in the claims liability for the past two years are as follows:

		Accrued Liability Beginning of Fiscal Year		Current Year Claims and Changes in Estimates		Claim Payments		Accrued Liability End of Fiscal Year
2014	\$	4,856,698	\$	2,326,727	\$	2,267,247	\$	4,916,178
2015		4,916,178		4,035,961		3,457,760		5,494,379

C. Contingent Liabilities

Environmental Matters

The Clean Water Project includes all the programs needed to comply with the Consent Decree from the United States Department of Justice, the EPA and CT DEEP to eliminate eight SSOs and the Consent Order from CT DEEP to implement the Long-Term Control Plan for Combined Sewer Overflow Abatement and to reduce nitrogen from the District's water pollution control facilities as required by CT DEEP general permit. The District is utilizing the State of Connecticut Clean Water Fund to finance the eligible portions of these projects to the extent funding is available. The Clean Water Fund provides a grant and loan combination for some of this work and a loan only for certain projects.

THE METROPOLITAN DISTRICT NOTES TO FINANCIAL STATEMENTS

The Consent Decree issued on August 23, 2006 by the U.S. Department of Justice, the EPA and CT DEEP for the elimination of SSOs requires the overflows to be eliminated within five years of the approval of an elimination plan by the EPA in Wethersfield, Rocky Hill and Windsor, and within ten years in West Hartford and Newington. The Consent Decree also carried an \$850,000 civil penalty that was paid in 2006. The Consent Decree requires many interim action reports and construction necessary to reduce the infiltration and inflow of clean water into the sewer systems in the towns outside Hartford including individual homeowner actions. The Clean Water Fund can supply loans at 2% interest for this design and construction.

A Consent Order issued on November 6, 2006 by CT DEEP establishes a compliance schedule for the full implementation of the Long-Term Control Plan for Combined Sewer Overflow Abatement by 2021. The work includes separation of sewers in portions of Hartford to eliminate certain overflows, construction of new conveyance sewers, treatment plant expansion for wet weather flows and a large storage tunnel for retention of flow for later treatment. Meeting the schedule will require extensive and timely capital expenditures, currently projected to be more than \$2 billion over the next 15 years. Construction costs for portions of the sewer separation projects and for construction of conveyance and storage tunnels are eligible for State Clean Water Fund financing with a 50% grant and loan at 2% for the balance to the extent funding is available. Funding for the treatment plant expansion work is eligible for State Clean Water Fund support with a 20% grant and a 2% loan for the balance. In the case that funding was unavailable through the Clean Water Fund, the District would be obligated to issue bonds for the construction, adding increased debt service to its budget.

The third component of the Clean Water Project includes the reduction of nitrogen in the treatment facilities' effluent to meet the state general permit to reduce nitrogen to Long Island Sound. The current permit, effective January 1, 2016, maintains 2014 nitrogen discharge limits through 2018. New facilities are eligible for financing by the Clean Water Fund with a 30% grant and loan at 2% for the balance.

Arbitrage

The District may be subject to rebate penalties to the federal government relating to various bond and note issues. The District expects such amounts, if any, to be immaterial.

Mid-Connecticut Project

The CRRA and the District entered into a contract dated December 31, 1984, which defined the responsibilities of both parties with respect to the Mid-Connecticut Resource Recovery Facility. The agreement detailed contractual obligations of the District with respect to the operation of the waste-processing facility, the transfer stations, the Hartford landfill and the waste processing facilities, as well as the contractual obligations of the CRRA to reimburse the Metropolitan District Commission (MDC) for direct and indirect costs incurred and indemnify the District for the services performed.

The term of the initial contract was for twenty-seven (27) years and the CRRA had the option to extend the contract for an additional twenty (20) years under the same terms and conditions. The contract terminated in December 31, 2011. The MDC has been displaced from the Mid-Connecticut Project and the CRRA has contracted with a private contractor.

As of December 30, 2011, there were 82 District employees directly assigned to manage, repair, maintain and/or operate the facilities and processes under the Mid-Connecticut Project. Through agreements with two of its three affiliated bargaining units, the District agreed to relocate vested employees (those over ten years of continuous service) into capital improvement projects. Between the two bargaining units, there were 37 employees with 10 years or more of continuous service. Of the 37 employees, 3 chose to retire with the remainder still actively employed.

**THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS**

As of December 30, 2011, there were 28 employees assigned to the Mid-Connecticut Project with less than 10n years of service. These employees were either re-assigned to existing operational budgeted positions or were placed on lay-off status.

The District and CRRA entered into binding arbitration to resolve liability for a dispute related to costs concerning termination of the CRRA contract and other disputed issues. Arbitration proceedings commenced on March 31, 2014. A decision on liability was issued on August 23, 2015.

The arbitration panel found CRRA liable for unpaid termination costs, unpaid retiree medical costs, unpaid pension costs, and for future retiree medical and pension for those individuals who retired from the plant during the last years of the project, 2010-2011.

The parties have exchanged claims of damage calculations and cannot agree on damages. The panel has convened and scheduled the hearings for the determination of damages in November 2016.

A receivable from CRRA is recognized in the Mid-Connecticut Project as disclosed in Note 3B.

Other

There are other various suits and claims pending against the District, none of which, individually or in the aggregate, is believed by counsel to be likely to result in judgment or judgments that could materially affect the District’s financial position.

7. RESTATEMENT

The Debt Service Fund, Clean Water Project and Capital Projects Funds’ beginning net position were restated in order to record a reclassification of previously recorded bond premiums. The impact of this restatement on the Debt Service Fund, Clean Water Project and Capital Project funds’ beginning net position is as follows:

	<u>Debt Service</u>	<u>Clean Water Project</u>	<u>Capital Projects Fund</u>
Beginning fund balance, as originally reported	\$ 7,107,697	\$ 142,725,481	\$ (111,054,248)
Reclassification of bond premiums	<u>(5,676,000)</u>	<u>1,660,000</u>	<u>4,016,000</u>
Beginning Fund Balance, as Restated	<u>\$ 1,431,697</u>	<u>\$ 144,385,481</u>	<u>\$ (107,038,248)</u>

THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS

The Water Utility Fund, Mid-Connecticut Project and Internal Service Funds' beginning net position were restated in order to record starting case reserves, record the impact of the pension changes as a result of the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* - an amendment of GASB Statement No. 27, and starting bonds payable and bond interest payable balances as a result of the District's re-assessment of their prior classification of these liabilities. The impact of this restatement on the Water Utility Fund, Mid-Connecticut Project and Internal Service Funds' beginning net position is as follows:

	<u>Water Utility Fund</u>	<u>Internal Service Fund</u>
Net position at December 31, 2014 as previously reported	\$ 276,387,063	\$ (3,674,334)
Adjustments:		
Record case reserves		(1,845,500)
Eliminate net pension asset reported per GASB No. 27	(6,913,855)	
Record net pension liability per GASB No. 68	(7,992,558)	
Record additional bonds payable from governmental activities	(9,128,062)	
Record additional capital assets from governmental activities	1,248,252	
Record accrued interest on IFO	(335,203)	
Record additional bond interest payable from governmental activities	<u>(486,393)</u>	
Net Position at January 1, 2015, as Restated	<u>\$ 252,779,244</u>	<u>\$ (5,519,834)</u>

THE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS

The Governmental Activities and Business-Type Activities beginning net position were restated in order to record starting case reserves, record the impact of the pension changes as a result of the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* - an amendment of GASB Statement No. 27, and starting bonds payable and bond interest payable balances as a result of the District's re-assessment of their prior classification of these liabilities. The impact of this restatement on the Governmental Activities and Business-Type Activities beginning net position is as follows:

	<u>Governmental Activities</u>	<u>Business Type Activities</u>
Net position at December 31, 2014 as previously reported	\$ 549,538,389	\$ 250,523,843
Adjustments:		
Record case reserves		(1,845,500)
Eliminate net pension asset reported per GASB No. 27	(5,656,791)	(6,913,855)
Record net pension liability per GASB No. 68	(6,499,823)	(7,992,558)
Record additional bonds payable from governmental activities	9,128,062	(9,128,062)
Record transfer of capital assets from governmental activities to business-type activities	(1,248,252)	1,248,252
Record accrued interest on IFO	(1,195,424)	(335,203)
Record transfer of bond interest payable from governmental activities to business-type activities	<u>486,393</u>	<u>(486,393)</u>
Net Position at January 1, 2015 as Restated	<u>\$ 544,552,554</u>	<u>\$ 225,070,524</u>

Notes to Schedule

Valuation date: January 1, 2015
Measurement date: December 31, 2015
Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which contributions are reported

Methods and assumptions used to determine contribution rates:

Actuarial cost method: Entry Age Normal
Amortization method: Level percent, closed
Remaining amortization period: 18 years
Asset valuation method: 5-year asset average, spreading investment gains and losses
Inflation: 2.75%
Salary increases: 3.50%
Investment rate of return: 7.25%
Retirement age: Aged based rates
Turnover: Aged based rates
Mortality: RP-2000 Combined Mortality table blended 75% Blue Collar, 25% White Collar with generational projection per Scale AA

APPENDIX B – FORM OF OPINION OF CO-BOND COUNSEL TO THE DISTRICT

FORM OF OPINION OF CO-BOND COUNSEL TO THE DISTRICT

_____, 2017

The Metropolitan District
Hartford, Connecticut

Ladies and Gentlemen:

In connection with our representation of The Metropolitan District, Hartford County, Connecticut (the “District”) as bond counsel, we have examined certified copies of the proceedings of the “District, a Tax Regulatory Agreement of the District dated March 1, 2017 (the “Tax Regulatory Agreement”) and other proofs submitted to us relative to the issuance and sale of the \$95,000,000 Metropolitan District, Hartford County, Connecticut General Obligation Bond Anticipation Notes, dated March 1, 2017 and maturing on August 30, 2017, consisting of Note No. R-1 in the aggregate principal amount of \$95,000,000, bearing interest at the rate of 2.00% per annum with principal and interest payable at maturity (collectively, the “Notes”). The Notes are not subject to redemption prior to maturity.

The Notes are originally registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), to effect a book-entry system for the ownership and transfer of the Notes. So long as DTC or its nominee is the registered owner, principal and interest payments on the Notes will be made to DTC.

We have not been engaged or undertaken to review the accuracy, completeness or sufficiency of any official statement or other offering material relating to the Notes and we express no opinion relating thereto.

Based on such proceedings and proofs, we are of the opinion that the District has the authority to issue the Notes under authority of the Constitution and statutes of the State of Connecticut and that the Notes are valid and binding general obligations of the District for the payment of the principal of and interest on which the full faith and credit of the District are pledged, that the District is authorized to levy unlimited taxes upon the City of Hartford and the Towns of Bloomfield, East Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor comprising the District, proportionately as provided in the District’s Charter to pay the principal of the Notes and interest thereon, and that such city and towns are authorized to levy ad valorem taxes on all taxable property within their respective limits to pay such District taxes

without limitation as to rate or amount except as to property classified under the statutes of the State, such as certified forest lands taxable at a limited rate and dwelling houses of qualified elderly persons of low income or of qualified disabled persons taxable at limited amounts. We are further of the opinion that the Tax Regulatory Agreement is a valid and binding agreement of the District.

The rights of owners of the Notes and the enforceability of the Notes and the Tax Regulatory Agreement may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally and by application of equitable principles, whether considered at law or in equity.

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements that must be met at and subsequent to the issuance and delivery of the Notes in order that interest on the Notes be and remain excluded from gross income for federal income tax purposes. The opinion set forth below is subject to the condition that the District comply with all such requirements. The District has covenanted in the Tax Regulatory Agreement that it will at all times perform all acts and things necessary or appropriate under any valid provision of law to ensure that interest paid on the Notes shall be excluded from gross income for federal income tax purposes under the Code. Failure to comply with certain of such requirements may cause interest on the Notes to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Notes.

In our opinion, under existing statutes and court decisions, interest on the Notes is excluded from gross income for federal income tax purposes and is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax. Interest on the Notes is, however, includible in adjusted current earnings for purposes of computing the alternative minimum tax imposed on certain corporations. We express no opinion regarding any other federal income tax consequences caused by ownership or disposition of, or receipt of interest on, the Notes.

In rendering the foregoing opinions regarding the federal tax treatment of interest on the Notes, we have relied upon and assumed (i) the material accuracy of the representations, statements of intention and expectations, and certifications of fact contained in the Tax Regulatory Agreement, and (ii) compliance by the District with the covenants and procedures set forth in the Tax Regulatory Agreement as to such tax matters.

We are further of the opinion that, under existing statutes, interest on the Notes is excluded from Connecticut taxable income for purposes of the Connecticut income tax on individuals, trusts and estates, and is excluded from amounts on which the net Connecticut minimum tax is based in the case of individuals, trusts and estates required to pay the federal

alternative minimum tax. We express no opinion regarding any other State or local tax consequences caused by ownership or disposition of, or receipt of interest on, the Notes.

This opinion is given as of the date hereof and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Very truly yours,

APPENDIX C- CONTINUING DISCLOSURE AGREEMENT

The Metropolitan District, Hartford County, Connecticut

\$95,000,000 General Obligation Bond Anticipation Notes
Dated March 1, 2017

WHEREAS, The Metropolitan District, Hartford County, Connecticut (the "District") has authorized the issuance of its \$95,000,000 General Obligation Bond Anticipation Notes, dated March 1, 2017, maturing August 30, 2017 (the "Notes") , as set forth in the District's Official Statement dated February 15, 2017 describing the Notes (the "Official Statement"); and

WHEREAS, the Notes have been sold pursuant to a Note Purchase Agreement dated February 15, 2017 (the "Purchase Contract"); and

WHEREAS, in the Purchase Contract, the District acknowledged that an underwriter may not purchase or sell the Notes unless it has reasonably determined that the District has undertaken in a written agreement for the benefit of the beneficial owners of the Notes to provide certain continuing disclosure as required by the Securities and Exchange Commission Rule 15c2-12(b)(5), as amended from time to time (the "Rule"), and the District desires to assist the underwriter of the Notes to meet the requirements of the Rule; and

WHEREAS, the District is authorized pursuant to Section 3-20e of the General Statutes of Connecticut to make such representations and agreements for the benefit of the beneficial owners of the Notes to meet the requirements of the Rule; and

WHEREAS, in order to assist the underwriter of the Notes to meet the requirements of the Rule, this Continuing Disclosure Agreement (this "Agreement") is to be made, executed and delivered by the District in connection with the issuance of the Notes and to be described in the Official Statement, all for the benefit of the beneficial owners of the Notes, as they may be from time to time;

NOW, THEREFORE, the District hereby represents, covenants and agrees as follows:

SECTION 1. Definitions. In addition to the definitions above, the following capitalized terms shall have the following meanings:

"Listed Events" shall mean any of the events listed in Section 2 of this Agreement.

"MSRB" shall mean the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, as amended, or any successor thereto.

"Repository" shall mean the Electronic Municipal Market Access system of the MSRB as described in 1934 Act Release No. 57577 for purposes of the Rule or any other nationally recognized municipal securities information repository or organization recognized by the SEC from time to time for the purposes of the Rule.

“SEC” shall mean the Securities and Exchange Commission of the United States or any successor thereto.

SECTION 2. Reporting of Listed Events.

(a) This Section 2 shall govern the giving of notices of the occurrence of any of the following events:

1. Principal and interest payment delinquencies;
2. Non-payment related defaults, if material;
3. Unscheduled draws on debt service reserves reflecting financial difficulties;
4. Unscheduled draws on credit enhancements reflecting financial difficulties;
5. Substitution of credit or liquidity providers, or their failure to perform;
6. Receipt of an adverse tax opinion; the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Notes, or other material events affecting the tax-exempt status of the Notes;
7. Modifications to rights of noteholders, if material;
8. Note calls, if material, and tender offers;
9. Defeasances;
10. Release, substitution or sale of property securing repayment of the Notes, if material;
11. Rating changes;
12. Bankruptcy, insolvency, receivership, or other similar event of any obligated person;
13. The consummation of a merger, consolidation, or acquisition involving any obligated person or the sale of all or substantially all of the assets of any obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake any such action or the termination of a definitive agreement related to such actions, other than pursuant to its terms, if material; and
14. Appointment of a successor or additional trustee or the change of a name of a trustee, if material.

(b) Whenever the District obtains knowledge of the occurrence of a Listed Event, the District shall, in a timely manner not in excess of ten (10) business days after the

occurrence of the Listed Event, provide or cause to be provided a notice of such occurrence to the Repository in electronic format, accompanied by identifying information, as prescribed by the MSRB.

SECTION 3. Termination of Reporting Obligation. The District's obligations under this Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Notes.

SECTION 4. Dissemination Agent. The District may, from time to time, appoint or engage an agent to assist it in carrying out its obligations under this Agreement and may discharge any such agent with or without appointing a successor agent.

SECTION 5. Amendment; Waiver. Notwithstanding any other provision of this Agreement, the District may amend this Agreement (and any provision of this Agreement may be waived), provided that the following conditions are satisfied:

(a) It may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of the District or of the type of business conducted by the District;

(b) This Agreement, as so amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Notes, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The District receives an opinion of counsel expert in federal securities laws to the effect that, the amendment or waiver does not materially impair the interests of the holders of the Notes.

A copy of any such amendment will be filed in a timely manner with the Repository in electronic format. The Annual Report provided on the first date following the adoption of any such amendment will explain, in narrative form, the reasons for the amendment and the impact of the change in the type of financial information or operating data provided.

SECTION 6. Additional Information. Nothing in this Agreement shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Agreement or any other means of communication, or including any other information in any notice of occurrence of a Listed Event, in addition to that which is required by this Agreement. If the District chooses to include any information in any notice of occurrence of a Listed Event, in addition to that which is specifically required by this Agreement, the District shall have no obligation under this Agreement to update such information or include it in any future notice of occurrence of a Listed Event.

SECTION 7. Enforceability. The District agrees that its undertaking pursuant to the Rule set forth in this Agreement is intended to be for the benefit of and enforceable by the beneficial owners of the Notes. In the event of a failure of the District to comply with any provision of this Agreement, the District shall have the option to cure such failure after its receipt of written notice from any beneficial owner of the Notes of such failure. In the event the District

does not cure such failure, the right of any beneficial owner of the Notes to enforce the provisions of this undertaking shall be limited to a right to specific performance to cause the District to comply with its obligations under this Agreement. A default under this Agreement shall not be deemed a default of the District with respect to the Notes. No person or entity shall have any right to any monetary damages for any default under this Agreement.

SECTION 8. Indemnification. The District agrees to indemnify and save its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorneys' fees) of defending against any claim of liability, but excluding liabilities due any such person's willful misconduct. The obligations of the District under this Section shall survive payment of the Notes.

SECTION 9. Miscellaneous.

- (a) All documents provided by the District to a Repository pursuant to the District's undertakings set forth in Section 2 of this Agreement shall be in an electronic format as prescribed by the MSRB from time to time and shall be accompanied by identifying information as prescribed by the MSRB from time to time.
- (b) This Agreement shall be governed by the laws of the State of Connecticut.
