SEWER RATES

Sewer Customer Service Charge

- Billing rate = \$7.00 per month.
- Recovers certain sewer costs, previously paid through a portion of Ad Valorem, including private property sewer work to investigate backups, unclog sewer laterals, excavate and repair sewer laterals and for 24-hour sewer emergency response. This work is separate from the treatment and disposal of sewage released from a property that is paid for via the Ad Valorem tax method.

Sewer User Charge

- Billing rate = \$5.15 per 100 cubic feet (ccf).
- Most MDC member town customers pay for their sewer service via Ad Valorem as part of their municipal property taxes.
- All non-municipal tax-exempt users (hospitals, churches, etc.) and high-flow users (industrial/commercial customers with an average daily sewage discharge of more than 25,000 gallons) pay a sewer user charge in lieu of the Ad Valorem tax.

FEDERAL/STATE REGULATORY CHARGES

The Clean Water Project Charge (CWPC)

- Billing rate = \$4.10 per 100 cubic feet (ccf).

The CWPC is based on metered water consumption. The CWPC is charged to District customers who have both water and sewer services provided by the District.

The CWPC was established to create a dedicated fund for the payment of debt and capital associated with the Clean Water Project (CWP).

The CWP was developed in order to comply with a federal consent decree from the Environmental Protection Agency and a state consent order from the CT Department of Energy and Environmental Protection.

Referendums passed in 2006 and 2012 authorized the spending of \$1.6 billion for the Clean Water Project.
