

MDC'S WEST HARTFORD RESERVOIRS RECREATION AREA PARKING LOT TO OPEN TO FULL CAPACITY

March 12, 2021
For Immediate Release

(HARTFORD, CT) – The Metropolitan District (MDC) announced that the parking lot at the West Hartford Reservoirs recreation area located on Farmington Avenue will open to full capacity beginning Monday, March 15. A portion of the lot has been closed since last year to limit parking as part of the effort to safely manage staff and facility operations during the COVID-19 pandemic.

MDC requests that the public using the reservoir please park only in designated parking lots. As a reminder, per the CT Department of Public Health, anyone using public watershed recreational areas in Connecticut, must maintain social distancing of 6 feet or more when walking, hiking, jogging or biking.

MDC thanks everyone for their cooperation, which helped ensure the safety of the public and our employees, and allowed us to keep our recreation areas open throughout the pandemic.

***About MDC:** The MDC is a nonprofit municipal corporation chartered by the Connecticut General Assembly in 1929. The MDC provides water, wastewater treatment and other services to its member towns: Bloomfield, East Hartford, Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor. In addition, the District supplies treated water to portions of Glastonbury, South Windsor, Farmington, East Granby and Portland.*
