**WATER BUREAU & BOARD OF FINANCE  
RAW WATER MASTER PLAN AND RATE STABILIZATION FUND**

To: District Board

December 4, 2023

From: Water Bureau & Board of Finance

In 2017 the District began a master planning project for upgrading the District's raw water system, including its transmission mains and drinking water treatment facilities, and has developed estimated costs totaling up to \$647 million for the necessary system upgrades. Estimated costs for Phase 1 of the master plan (2023-2029) are \$47 million and Phase 2 (2030-2043) are \$264 million. There are further estimated costs for condition-dependent transmission upgrades ranging from \$0 to \$336 million. The master planning project and these estimated costs were presented to the Water Bureau at its June 13, 2023 & August 30, 2023 meetings.

At its September 27, 2023 meeting, the Water Bureau approved the following resolution recommending to the Board of Finance and District Board the creation of a water rate stabilization fund for funding future raw water master plan upgrades.

**RESOLVED:** That the master planning project for necessary upgrades to the District's raw water system, including transmission mains and drinking water treatment facilities, carries estimated costs totaling up to \$647 million.

**FURTHER**

**RESOLVED:** In order to fund these significant estimated future expenses, it is prudent to establish a designated water rate stabilization fund by allocating a portion of revenues generated from the water rate to said fund, said portion to be determine annually through the budget process.

**FURTHER**

**RESOLVED:** The Board of Finance recommends to the District Board the creation of a water rate stabilization fund dedicated solely for funding, in part, raw water master plan upgrades, and that \$0.11 of the 2024 District water rate be allocated to said fund.

At its October 25, 2023 meeting, the Board of Finance approved the following resolution:

**RESOLVED:** That the master planning project for necessary upgrades to the District's raw water system, including transmission mains and drinking water treatment facilities, carries estimated costs totaling up to \$647 million.

**FURTHER RESOLVED:** In order to fund these significant estimated future expenses, it is prudent to establish a designated water rate stabilization fund by allocating a portion of revenues generated from the water rate to said fund, said portion to be determine annually through the budget process.

**FURTHER RESOLVED:** The Board of Finance recommends to the District Board the creation of a water rate stabilization fund dedicated solely for funding, in part, raw water master plan upgrades, ~~and that \$0.11 of the 2024 District water rate be allocated to said fund.~~

At its November 9, 2023 meeting, the Board of Finance approved the following resolution:

Due to surpluses in this 2023 fiscal year, the Board of Finance recommends to the District Board restricting \$2.0 million of the Water Utility fund's Net Position for use in a newly created Water Rate Stabilization Fund which will be used to mitigate the impact of debt service payments associated with the Raw Water Master Plan.

**CERTIFICATIONS:**

In accordance with Section 3-8 of the Compiled Charter of The Metropolitan District, I hereby certify that there exists sufficient retained earnings in the Water Utility Fund to restrict \$2.0 million of its Net Position to fund a Water Rate Stabilization fund to mitigate the impact of future appropriations necessary to make debt service payments associated with the Raw Water Master Plan.

---

Robert Barron  
Chief Financial Officer

**RESOLVED:** That a Water Rate Stabilization Fund if adopted by the District Board be funded by restricting \$2.0 million of the Water Utility's Net Position for the exclusive use of mitigating the impact of debt service payments associated with the Raw Water Master Plan.

It is therefore **RECOMMENDED** that the District Board approve the following resolution:

**RESOLVED:** That the master planning project for necessary upgrades to the District's raw water system, including transmission mains and drinking water treatment facilities, carries estimated costs totaling up to \$647 million.

**FURTHER RESOLVED:** In order to fund these significant estimated future expenses, it is prudent to establish a designated water rate stabilization fund by allocating a portion of revenues generated from the water rate to said fund, said portion to be determine annually through the budget process.

**FURTHER RESOLVED:** That a Water Rate Stabilization Fund be funded by restricting \$2.0 million of the Water Utility's Net Position for the exclusive use of mitigating the impact of debt service payments associated with the Raw Water Master Plan.

### **WATER BUREAU REVISIONS TO DISTRICT WATER RATES**

To: District Board

December 4, 2023

From: Water Bureau

The 2024 budget in support of Water Operations calls for the water use, customer service charge, fixed surcharge and fire protection rates to remain unchanged; however, the surcharge outside the Metropolitan District for capital improvements will change. These rates will become effective January 1, 2024. A discussion of several rates that comprise the proposed schedule for 2024 and the recommendations pertaining to each follows:

#### **Water Used Charge – Treated Water**

Staff recommends that the rate charged for the use of treated water based on actual metered consumption ***remain unchanged at \$3.80 per CCF.***

**Water Used Charge – Untreated Water**

The District provides untreated water to other agencies and water companies for a fixed rate based on actual consumption. The current rate for this untreated or “raw” water is \$1.50 per hundred cubic feet of consumption. Staff recommends that the rate charged for the use of untreated water based on actual consumption ***remain unchanged at \$1.50 per CCF.***

**Customer Service Charge**

Revenues from this customer service charge are intended to support a portion of the fixed operating, maintenance and debt costs associated with water operations. Staff recommends that the following Customer Service Charges by meter size ***remain unchanged,*** as follows:

<b><u>SIZE OF METER</u></b>	<b><u>MONTHLY BILLING</u></b>
5/8”	\$14.98
3/4”	\$14.98
1”	\$14.98
1 1/2”	\$48.60
2”	\$77.80
3”	\$145.89
4”	\$243.55
6”	\$486.07
8”	\$771.16
10”	\$1,777.77
12”	\$1,896.38

**Surcharge Outside the Metropolitan District**

A fixed “surcharge” rate is added to all accounts for service outside the boundaries of the District. The surcharge is based on the size of the meter that serves each delivery point. Revenues from this charge are for the reimbursement of assets deployed. The surcharge rates have been set at the same rates as the Customer Service Charges. Staff recommends that the following fixed Surcharge Outside the Metropolitan District by meter size ***remain unchanged,*** as follows:

<b><u>SIZE OF METER</u></b>	<b><u>MONTHLY BILLING</u></b>
5/8”	\$14.98
3/4”	\$14.98
1”	\$14.98
1 1/2”	\$48.60
2”	\$77.80
3”	\$145.89
4”	\$243.55
6”	\$486.07
8”	\$771.16
10”	\$1,777.77
12”	\$1,896.38

**Private Fire Protection Charge**

Rates for private fire protection are charged to all fire service accounts, including combination services, based on the size of the service connection. Staff recommends monthly that the monthly Private Fire Protection charges *remain unchanged*, as follows:

<u>SIZE OF CONNECTION</u>	<u>MONTHLY CHARGE</u>
1"	\$5.00
2"	\$22.85
3"	\$33.75
4"	\$60.00
6"	\$135.00
8"	\$240.00
10"	\$375.00
12"	\$540.00
16"	\$960.00
20"	\$1,500.00
24"	\$2,160.00

**Conclusion**

Staff believes that the foregoing rate recommendations are justified, reflect the sound financial administration that has earned the District support among credit rating agencies and financial advisors, and are consistent with the policy direction of the Commission.

At a meeting of the Water Bureau on November 8, 2023, it was:

The WATER USED CHARGE for such customers subject to § S12x of The Metropolitan District Sewer Ordinances who purchase more than 802 CCF of water per day, as averaged over a monthly billing period, as follows:

For each of the first 802 CCF of water used per day:

**Further Voted:**

That following the public hearing held on November 2, 2023, as required by Special Act 01-3 adopted by the General Assembly of the State of Connecticut, and Section 2-14 of the Compiled Charter of The Metropolitan District, the Water Bureau recommends to the District Board, through the Committee on MDC Government, approval of the following **“REVISIONS TO WATER SUPPLY ORDINANCES”** by the enactment of said proposed ordinances. (Additions are indicated in red and deletions by strikethrough).

**REVISIONS TO WATER SUPPLY ORDINANCES**

**Surcharge Outside the Metropolitan District for Capital Improvements**

A surcharge is added to the water rate to recover the cost of major capital improvements and/or upgrades such as water main extensions, pump stations, etc. in non-member towns. The surcharge is calculated based on the aggregate hydraulic capacity of each meter size in each non-member town.

**SEC. W1f SURCHARGE OUTSIDE THE METROPOLITAN DISTRICT FOR CAPITAL IMPROVEMENTS**

In towns outside the limits of The Metropolitan District for which capital improvements or layout and assessment projects are constructed, in addition to the charges set forth in SEC. W1a, W1b and W1c, there shall be a surcharge on the water rates determined from the size of the meter installed on the premises, as follows:

1. On or before the end of each fiscal year, The Metropolitan District shall determine the actual cost of each capital improvement constructed for each non-member town and the

net cost (cost less assessments) of layout and assessment projects constructed for each non-member town. The costs and/or net costs, as applicable, shall be allocated to the towns for which the work was performed and shall be a surcharge on the water rates of the users located in such towns.

2. The annual surcharge to be added to each user's water rate shall equal the total amount of the costs and/or net costs, as applicable, allocated to the town in which such user is located [excluding costs which the town has paid as set forth in Section W1f(3)] amortized over a twenty year period using an interest rate computed by the District which approximates the District's long-term cost of funds for its General Obligation Bond portfolio—multiplied by the percentage of hydraulic capacity of each user's meter size (based on the American Water Works Association meter size capacity) of the aggregate hydraulic capacity of all meters in such town. The surcharge shall be billed in either quarterly or monthly installments, as applicable, commencing with the first bill sent out in the fiscal year succeeding the fiscal year in which the work was performed and continuing over the twenty year period.

3. The District shall, as soon as possible after the completion of each capital improvement project or separate phase thereof, provide to the non-member towns for which a capital improvement was constructed a compilation of the costs associated with the construction of such project(s). If, on or before the end of the District's fiscal year in which such construction was completed, a non-member town agrees to pay and does in fact pay all or a portion of the cost of a capital improvement constructed for such town, then the amount paid by such town shall be deducted from the total amount of costs and/or net costs allocated to such town as described in Section W1f(1) and used to calculate the individual surcharges as set forth in Section W1f(2).

**BUREAU OF PUBLIC WORKS  
FISCAL YEAR 2024 - REVISIONS TO DISTRICT SEWER USER CHARGE RATES  
AND OTHER SEWER CHARGES**

To: District Board

December 4, 2023

From: Bureau of Public Works

In accordance with Section S12j of the District's Ordinances, sewer use unit charge rates

shall be determined annually in conjunction with adoption of the District Budget. The 2024 budget in support of sewer operations calls for a sewer user charge rate to remain unchanged at \$5.90 per ccf or 0.0% change effective January 1, 2024.

Additionally, in support of the 2024 budget and in accordance with Section S12l of the District's Ordinances, the monthly sewer customer service charge per connection will remain at \$9.00 or 0.0% change effective January 1, 2024.

There will be an Administrative Review Fee for work performed by the Utility Services department, Engineering, Real Estate, Environment, Health & Safety, and others related to customer requests. The Administrative Review Fee includes, but is not limited to, the following individual services: availability and capacity analysis, assessment calculation, permit applications for non-domestic sewage wastewater discharges (including, but not limited to, individual permits, Significant Industrial Users, Categorical Industrial User Wastewater to a POTW, Food Service Establishment Wastewater, Groundwater Remediation Wastewater, Miscellaneous Industrial User (MIU) Wastewater, Vehicle Maintenance Wastewater), encroachment permits, abandonment of infrastructure, Engineering/Environmental surveys and documentation requests; this fee will be \$670.

The Annual Wastewater Discharge Compliance Fee of \$150 for all permitted wastewater discharges categorized as non-domestic sewage discharges, including but limited to, individual permits, Significant Industrial Users, Categorical Industrial User Wastewater to a POTW, Food Service Establishment Wastewater, Groundwater Remediation Wastewater, Miscellaneous Discharges of Sewer Compatible (MISC) Wastewater, Vehicle Maintenance Wastewater will be split into 12 monthly increments at a billing rate of \$12.50. The charge is related to costs associated with annual administration and review of discharge monitoring reports, verification of discharges and inventorying and management of customer data.

Following the cost trend for the sewer user charge rate, it is recommended the BOD and COD rates remain unchanged at \$0.70 per pound or effective January 1, 2024. In addition, the suspended solids strength charge will also remain unchanged at \$0.58 per pound effective January 1, 2024. These unit charges, which apply to high flow users, low flow/high strength users and non-municipal tax-exempt users, are for the following:

A Fiscal Year 2024 Tax Levy on The Metropolitan District's member municipalities in the amount of **\$53,076,600** is recommended in support of the proposed 2024 budget. In accordance with the District Board's policy, taxes may be paid in quarterly installments. **COMMITTEE ON MDC GOVERNMENT  
REVISION TO WATER SUPPLY ORDINANCE § W1f**

To: District Board

December 4, 2023

From: Committee on MDC Government

District staff, through the Office of District Counsel, submits the following ordinance revisions to The Metropolitan District Water Supply Ordinances for consideration by the District Board.

At a meeting of the Committee on MDC Government held on December 4, 2023, it was:

**VOTED:** That the Committee on MDC Government recommends to the District Board passage of the following resolution:

**RESOLVED:** That the following revisions to The Metropolitan District Water Supply Ordinances be adopted as follows:

**SEC. W1f SURCHARGE OUTSIDE THE METROPOLITAN DISTRICT FOR CAPITAL IMPROVEMENTS**

In towns outside the limits of The Metropolitan District for which capital improvements or layout and assessment projects are constructed, in addition to the charges set forth in SEC. W1a, W1b and W1c, there shall be a surcharge on the water rates determined from the size of the meter installed on the premises, as follows:

1. On or before the end of each fiscal year, The Metropolitan District shall determine the actual cost of each capital improvement constructed for each non-member town and the net cost (cost less assessments) of layout and assessment projects constructed for each non-member town. The costs and/or net costs, as applicable, shall be allocated to the towns for which the work was performed and shall be a surcharge on the water rates of the users located in such towns.
2. The annual surcharge to be added to each user's water rate shall equal the total amount of the costs and/or net costs, as applicable, allocated to the town in which such user is located [excluding costs which the town has paid as set forth in Section W1f(3)] amortized over a twenty year period using an interest rate computed by the District which approximates the District's long-term cost of funds for its General Obligation Bond portfolio—multiplied by the percentage of hydraulic capacity of each user's meter size (based on the American Water Works Association meter size capacity) of the aggregate hydraulic capacity of all meters in such town. The surcharge shall be billed in either quarterly or monthly installments, as applicable, commencing with the first bill sent out in the fiscal year succeeding the fiscal year in which the work was performed and continuing over the twenty year period.
3. The District shall, as soon as possible after the completion of each capital improvement project or separate phase thereof, provide to the non-member towns for which a capital improvement was constructed a compilation of the costs associated with the construction of such project(s). If, on or before the end of the District's fiscal year in which such construction was completed, a non-member town agrees to pay and does in fact pay all or a portion of the cost of a capital improvement constructed for such town, then the amount paid by such town shall be deducted from the total amount of costs and/or net costs allocated to such town as described in Section W1f(1) and used to calculate the individual surcharges as set forth in Section W1f(2).

Jamie Sullivan of the firm of Logan, Vance, Sullivan and Kores to represent me regarding the MDC Internal Audit Committee’s charge that I had acted in violation of the District’s Charter as advanced in its “Investigation Report Relating to Sandler and Mara, P.C. Invoices” of April 4, 2023, prepared by Attys. Patrick J. McHale and Jennifer L. Dixon of Kainen, Escalera and McHale, P.C.

The charge is unfounded and unsupported; the “Report” ignores, and the proceedings as documented by the Report and the Minutes and Transcripts of the Meetings, conceal exculpatory documentation readily available and known to the IAC’s investigation team and; I am never informed that I am a subject of the investigation and as all discussion(s) on the charge are conducted in Executive Session(s) I am not provided with the ability to respond, my right to an open (public) forum never offered and my expectation for advice, non-conflicted counsel and representation as a Commissioner by the Office of District Counsel is blocked by the participation of that office in the Investigation itself.

The charge(s) are damaging to me personally and as a longstanding volunteer Commissioner in service to the District and my own community with an exemplary record of dedication and accomplishment in the execution of my duties as a member of the Commission and the various Committees I have served on for over 30 years.

It became necessary for me to be assisted by an attorney in attempting to understand the CT/FOIA and its impact on both the proceedings and the production of documentation and communications found in and “not found” in the Report. Having been charged with a “violation of the Charter” which I have been unable to understand to this day, and the fact that absolutely no documentation or communication has ever been presented either in the report or elsewhere that supports this charge. In fact, in my own review and investigation there are numerous documents and communications that actually prove the opposite, that in fact, there was no violation of the Charter.

My requests for documentation through my attorney have produced at least some of the documents I requested that were not produced at my request alone. These services will continue to be necessary as we produce my final response to the Report and ask the District Board to provide a forum wherein the Report can be challenged along with the proceedings leading to its production.

I respectfully request that the issue of providing for the reimbursement of private Atty’s fees provided in my defense in the matter of the “Investigation Report Relating to Invoices of Sandler and Mara, P.C.” and its charge against me, be placed on the Agenda of the December 4, 2023, District Board Meeting.

***Commissioner Taylor made a motion to refer Commissioner Salemi’s request for indemnification and reimbursement of private attorney fees to the Board of Finance. The motion to refer was approved by majority vote of those present. Commissioners Pane, Mandyck, Magnan, Bush, Avedisian, Patel and Drake opposed.***
