

CONSTRUCTION NOTICE – Work to Begin

WATER MAIN REPLACEMENT & SEWER REHABILITATION

(Westland Street Area - Hartford)

In the coming week(s), the Metropolitan District (MDC) their contractor, Coastline Construction, and subcontractor, National Water Main will begin construction to make improvements to the existing water and sewer infrastructure in your neighborhood.

Water Main Work

The water main installation project will occur first. This work includes replacing the existing water main and installing new meter pits and services to each property on Westland, Garden and Risley Streets. These activities are expected to take 6 months to complete.

External Property Assessments

In preparation for the Sewer Separation phase of the work, MDC's subcontractor, **Martinez, Couch & Associates (MCA)** will be conducting external property assessments. These activities include, taking measurements and photos to document existing stormwater connections to our sewer system. MCA staff will need to work on and around properties (front and back) to collect the data and but they do not need to enter your premises for this data collection.

Sewer Lining and Rehabilitation

Sewer separation activities* (separating the current "combined" sewer system) will include the rehabilitation (pipe-lining) of existing sewer mains in the street and sewer house connections to each building and installing a new stormwater pipe to each property. This work is expected to take 12 months to complete. **Some components of this phase may take place concurrently with the water main work.** (*Permission Forms Required for House Connection Lining)

MDC Utility Services – Sewer Back-up Prevention

Work will also include basement assessments to install protective devices on subsurface (basement) fixtures to prevent sewer back-ups. **All of this work is done at no cost to the property owner. To schedule an appointment for your free basement assessment, please call MDC Utility Services at (860) 278-7850 ext. 3123.** (*Permission Forms Required for activities related to Sewer Backup Prevention)

Project Outreach and *Permission Forms

A dedicated Outreach Team will be assigned to these projects to keep you informed throughout each phase of work. Staff will be door knocking and handing out informational flyers and explain the property owner Permission Forms necessary to complete some of the work activities. Information on all North Hartford Projects can be found on our website at www.themdc.org.

If you have questions or concerns, please contact an Outreach Team Member:

Angel Morales, MDC Outreach Liaison or Elijah Moody, Outreach Liaison
