APPOINTMENT OF AUDITORS FOR FISCAL YEAR 2015

To: Board of Finance for consideration on November 16, 2015

The financial auditors are appointed annually by the MDC Board of Finance. In 2014, the MDC solicited competitive proposals from qualified auditing firms on the State of Connecticut Department of Administrative Services contract and awarded a one-year contract, with the option for two one year renewals to the firm of Blum, Shapiro & Company P.C.. Following past practice, annually, the Board of Finance has reappointed the incumbent auditor in the interim...
years, although this practice is not obligatory. The single-year term has been retained so that performance of the auditor may be evaluated annually; with the option of change should the finding be negative.

Accordingly, it recommended that the Board of Finance appoint the firm of Blum, Shapiro & Company, P.C. to conduct the Fiscal 2015 audit.

If, after discussion, it is the consensus of the Board of Finance that the firm of Blum, Shapiro & Company, P.C. be appointed for fiscal year 2015, it may be

Voted: That the Board of Finance appoints the firm of Blum, Shapiro & Company, P.C., to audit the financial statements of the Metropolitan District for the year ending December 31, 2015, based upon the hourly rate fee schedule contained within State of Connecticut Department of Administrative Services Contract, not to exceed $125,000.

Respectfully submitted,

Scott W. Jellison
Chief Executive Officer

On motion made by Citizen Member Courneen and duly seconded, the report was received and the resolution recommended to the District Board by unanimous vote of those present.

FISCAL YEAR 2016 - REVISIONS TO DISTRICT SEWER USER CHARGE RATES AND OTHER RELATED CHARGES

To: Board of Finance for consideration on November 16, 2015

In accordance with Section S12j of the District’s Ordinances, sewer use unit charge rates shall be determined annually in conjunction with adoption of the District Budget. The 2016 budget in support of sewer operations calls for a sewer user charge rate of $2.86, which is 4.0% higher than the prior year.

Following the cost trends for the sewer user charge rate, it is recommended the BOD and COD rate be increased to $0.34 per pound respectively. In addition, the suspended solids strength charge will increase to $0.28 per pound. These unit charges, which apply to high flow users, low flow/high strength users and non-municipal tax-exempt users, are for the following:

1. Liquid flow charge rate based on sewer flow in hundreds of cubic feet (CCF).
2. a. BOD (biochemical oxygen demand) strength charge rate based on pounds of BOD for the concentration of BOD exceeding 300 milligrams per liter (mg/l).
   b. COD (chemical oxygen demand) strength charge rate based on pounds of COD for that concentration of COD exceeding 700 mg/l.
3. Suspended solids strength charge rate based on pounds of suspended solids for that concentration exceeding 300 mg/l.

In accordance with Section S12p of the District’s Ordinances, sewer user charge Late Filing/Sewage Evaluation Fees shall be determined in conjunction with adoption of the District Budget. The 2016 budget in support of sewer operations calls for determining the late filing/sewage evaluation fees as follows:

</tbody>

Additionally, in accordance with Section S12x of the District’s Ordinances, the special sewer service charge primarily for payment of principal and interest on certain bonds and loans which proceeds are used to finance the costs associated with the Clean Water Project. The special sewer service charge is set annually in conjunction with adoption of the District Budget. Effective January 1, 2015, said charge shall be $3.25 per hundred cubic feet (ccf) to be uniformly applied and to be proportional to the quantity of water used by District customers who utilize the District sewer system and are furnished water directly by the Metropolitan District. The special sewer service charge shall appear separately on the water bills of the District.

Sewer Intensification is a fee being required to review and approve buildings already in use but the facility is going to be used in a different capacity such as going from a school to a manufacturing facility. This usage difference could have an impact on the sewer infrastructure in the area.

Remediated Groundwater Charges: A maintenance fee is required as part of the approval from MDC for acceptance of the discharge of remediated groundwater to the sanitary sewer. This fee is associated with the review and analysis of the permit application, location of the discharge and operational requirements to manage the groundwater at the wastewater treatment facility.

FOG Charges: Fees are charged to Class III and IV food service establishments to offset the costs of managing the Fats, Oils and Grease (FOG) program. This program is required by the CT Department of Energy and Environmental Protection General Permit for the Discharge of Wastewater Associated with Food Preparation Establishments.

| Sewer Intensification | $1,655.00 |
| Remediated Groundwater | $0.10/gal |
FOG Fees
Initial Registration Application $80.00
Initial Variance Application $80.00
Annual FOG Fee $80.00
Failure to submit Registration or Variance Applications $100.00
Disallow Inspection $100.00
Failure to maintain records in proper order $100.00
Failure to maintain outdoor or indoor grease removal devices in properly working order $200.00
Failure to clean outdoor or indoor grease removal devices quarterly or when 25% of the depth of the trap is filled with food solids and FOG, whichever comes first. $200.00
Failure to properly dispose of brown and/or yellow grease $200.00
Source of sanitary sewer overflow (minimum) - Actual costs will be billed to the facility for time and materials related to the overflow $1,000.00

It is RECOMMENDED that it be

Voted: That the District Board approve the following resolution:

Resolved: That, in accordance with Section S12j of the District Ordinances, Unit Charges For Computing The Sewer User Charge, a sewer user charge rate of two dollars and eighty six cents ($2.86) per hundred cubic feet of sewer flow be effective for meter readings on and after January 1, 2016 and that, effective January 1, 2016, a BOD strength charge of thirty-four cents ($0.34) per pound be billed on sewer flow for that concentration of BOD exceeding 300 milligrams per liter; a COD strength charge of twenty-eight cents ($0.28) per pound be billed on sewer flow for that concentration of COD exceeding 700 milligrams per liter; and a suspended solids strength charge of twenty-eight ($0.28) per pound be billed on sewer flow for that concentration of suspended solids exceeding 300 milligrams per liter.

Also, in accordance with Section S12p of the District Ordinances, the Late Filing Fee for Certification Statements shall be two hundred and fifty dollars ($250.00) and the Sewage Evaluation Fee for each sewer discharge point the District samples and performs laboratory analyses on the effluents obtained therefrom due to such default by a user shall be the actual cost to the District plus overhead.

Further Resolved: In accordance with Section S12x of the District’s Ordinances, the rate for the special sewer service charge shall be $3.25 per ccf commencing January 1, 2016.
