PUBLIC COMMENTS RELATIVE TO AGENDA ITEMS

Judy Allen of 25 Fowler Drive, West Hartford, spoke regarding the following submitted written comments:
Comments and Questions for the Board of Finance Meeting on Nov. 9, 2016

Given the financial problems facing the MDC the discount for high volume water and sewer users should be discontinued. It promotes irresponsible squandering of a public resource, especially during times of drought. As a customer of the MDC, my charges for the Clean Water Plan are escalating, I am angry that Niagara Bottling has the potential to avoid paying millions for the SSSC. It may be legal, but it isn't fair and it undermines the public's trust in the MDC.

The notice for public hearings regarding the proposed 2017 water rates includes that the proposed 2017 budget will be heard as well. But the notice fails to provide information about where one could read the proposed budget, and no information about how someone unable to attend the hearing could provide written comment. Therefore the requirements for proper notice for this public hearing have not been met. Since the proposed SSSC are contained in the budget, a November 16th public hearing does not give ample time for public input.

You still have the opportunity to change this discount during the planning of the 2017 budget. There is time to provide the needed notice for a public hearing scheduled for after Nov. 16th and before the board adopts the 2017 budget.

Exactly what is the Bloomfield Transmission Main Extension project? Is this extension needed for the Niagara Bottling plant, the Great Ponds project and/or other developments in the planning for Bloomfield or Windsor? Will additional water mains be required to bring Niagara up to 3 and 4 lines? At what cost?

When the Niagara plant is up and using the full volume of water planned, how much savings will they have on their water charges and what will they save on the SSSC?

Since Niagara has been given a deal on their property taxes, will they be charged the Non-Municipal Tax-Exempt Sewer User Charge?

The MDC’s attempts to reduce spending to ensure towns that the ad valorem tax is brought down to a 7% increase includes asking non-union employees to forgo their cost of living raises for 2017. One commissioner also proposed going to the unions to ask for negotiations to be reopened in the hopes the unions would do the same. The MDC staff includes specialists in engineering, forestry watershed management, and experts directly responsible for the smooth operation of our water and sewer systems and they deserve to be recognized for the great work they do. When employees are asked to make sacrifices, the MDC administrative staff need to do their part as well.

Part of the public outcry about Niagara was that the MDC took it upon themselves to provide water for economic development of its member towns, something they are not charged to do. The MDC’s relationship with the MetroHartford Alliance helped in the crafting of this deal. In the 2017 budget is included professional associations dues for the MetroHartford Alliance to the tune of $130,000. The MDC can do without that professional membership.
It is hard to trust that the MDC uses our money wisely when, for example, the spending in the budget section on Special Agreements and Programs includes a hefty amount for legal and consultant fees.

Under Sewer: Consultant fees of $500,000
Under Water: Legal (for district collection attorneys) of $900,000
Consultant fees of $550,000

Since this part of the budget has nothing in it for paid employees, we must be paying almost $2 million for outside consultant and legal services, out of a total budget for this section of $3,355,600. How many people does this represent? Is the MDC reducing positions for apparent budget savings by hiring consultants and lawyers?

In the proposed 2017 section Budget Summary by Major Object it includes a decrease in overtime pay due to anticipated reduction in storm activity and emergency responses. Also a reduction in Standby and Premium pay for the same reason. Climate change models project increased severe storm activity and severity, and emergency responses for an aging infrastructure will most likely need more emergency responses, not less.

All this brings into question just how MDC financial decisions are made? The debt service is rising. It often appears that financial decisions are made by robbing Peter to pay Paul. It appears that planning for the future is based on what you hope will happen or what has happened in the past which are not good predictors of actual future costs, especially facing some major challenges resulting from a ratings downgrade. Not on the real hard decisions of what circumstances the MDC may actually be facing. The budgeting process for the MDC starts 6 months into the year. I think the MDC budget process needs to start at the beginning of the year and take a very hard look at cost savings. Do the MDC administrative buildings really need $1,000,000 a year for updating and repairs? Let’s see a break down of what really needs to happen.

**APPROVAL OF MINUTES**

*On motion made by Citizen Member Courneen and duly seconded, the meeting minutes of the Board of Finance meeting of November 2, 2016 were approved.*
APPOINTMENT OF AUDITORS FOR FISCAL YEAR 2016

To: Board of Finance for consideration on November 9, 2016

The financial auditors are appointed annually by the MDC Board of Finance. In 2014, the MDC solicited competitive proposals from qualified auditing firms on the State of Connecticut Department of Administrative Services contract and awarded a one-year contract, with the option for two one year renewals to the firm of Blum, Shapiro & Company P.C.. Following past practice, annually, the Board of Finance has reappointed the incumbent auditor in the interim years, although this practice is not obligatory. The single-year term has been retained so that performance of the auditor may be evaluated annually; with the option of change should the finding be negative.

Accordingly, it recommended that the Board of Finance appoint the firm of Blum, Shapiro & Company, P.C. to conduct the Fiscal 2016 audit.

If, after discussion, it is the consensus of the Board of Finance that the firm of Blum, Shapiro & Company, P.C. be appointed for fiscal year 2016, it may be

Voted: That the Board of Finance appoints the firm of Blum, Shapiro & Company, P.C., to audit the financial statements of the Metropolitan District for the year ending December 31, 2016, based upon the hourly rate fee schedule contained within State of Connecticut Department of Administrative Services Contract, not to exceed $140,000.

Respectfully submitted,

Scott W. Jellison
Chief Executive Officer

On motion made by District Chairman DiBella and duly seconded, the report was received and the resolution adopted by unanimous vote of those present.

FISCAL YEAR 2017 - TAX ON MEMBER MUNICIPALITIES

To: Board of Finance for consideration on November 9, 2016

A Fiscal Year 2017 Tax Levy on The Metropolitan District’s member municipalities in the amount of $56,547,700 is recommended in support of the proposed 2017 budget. In accordance with the District Board’s policy, taxes may be paid in quarterly installments. To coincide with the fiscal year cycle (July 1 – June 30) adhered to by the member municipalities, the quarterly tax payments are unbalanced. The amount of the tax due in the first half of 2017 will be equivalent to 50% of the total 2016 tax levy. This amount (when paid) will be subtracted from the total 2017 tax levy: the balance is the amount due in the second half of the year.

Apportionment of the Fiscal Year 2017 tax among the member municipalities and the amount due on each installment will be as follows:

FISCAL YEAR 2017 - REVISIONS TO DISTRICT SEWER USER CHARGE RATES AND OTHER RELATED CHARGES

To: Board of Finance for consideration on November 9, 2016

In accordance with Section S12j of the District’s Ordinances, sewer use unit charge rates shall be determined annually in conjunction with adoption of the District Budget. The 2017 budget in support of sewer operations calls for a sewer user charge rate of $3.06, which is 7.0% higher than the prior year.

Following the cost trends for the sewer user charge rate, it is recommended the BOD and COD rate be increased to $0.36 and $0.30 per pound respectively. In addition, the suspended solids strength charge will increase to $0.30
per pound. These unit charges, which apply to high flow users, low flow/high strength users and non-municipal tax-exempt users, are for the following:

1. Liquid flow charge rate based on sewer flow in hundreds of cubic feet (CCF).

2. a. BOD (biochemical oxygen demand) strength charge rate based on pounds of BOD for the concentration of BOD exceeding 300 milligrams per liter (mg/l).
   b. COD (chemical oxygen demand) strength charge rate based on pounds of COD for that concentration of COD exceeding 700 mg/l.

3. Suspended solids strength charge rate based on pounds of suspended solids for that concentration exceeding 300 mg/l.

In accordance with Section S12p of the District’s Ordinances, sewer user charge Late Filing/Sewage Evaluation Fees will be unchanged for the 2017 budget.

Additionally, in accordance with Section S12x of the District’s Ordinances, the clean water project charge primarily for payment of principal and interest on certain bonds and loans which proceeds are used to finance the costs associated with the Clean Water Project. The clean water project charge is set annually in conjunction with adoption of the District Budget. Effective January 1, 2017, said charge shall be $3.50 per hundred cubic feet (ccf) to be uniformly applied and to be proportional to the quantity of water used by District customers who utilize the District sewer system and are furnished water directly by the Metropolitan District. The clean water project charge shall appear separately on the water bills of the District.

Remediated Groundwater Charges: A maintenance fee is required as part of the approval from MDC for acceptance of the discharge of remediated groundwater to the sanitary sewer. This fee is associated with the review and analysis of the permit application, location of the discharge and operational requirements to manage the groundwater at the wastewater treatment facility.

FOG Charges: Fees are charged to Class III and IV food service establishments to offset the costs of managing the Fats, Oils and Grease (FOG) program. This program is required by the CT Department of Energy and Environmental Protection General Permit for the Discharge of Wastewater Associated with Food Preparation Establishments.
