MDC CEO STATEMENT ON RECREATION

April 5, 2020

Per MDC CEO Scott Jellison, “The MDC’s core mission is to provide essential water and sewer services. During the COVID-19 pandemic, we have limited resources to address recreation safety issues. If people disobey signage and continue to park on Farmington Avenue, the MDC will be forced to close the West Hartford Reservoir to the public. The same applies to parking on Route 44 outside Reservoir #6 in Bloomfield.”

About MDC: The MDC is a nonprofit municipal corporation chartered by the Connecticut General Assembly in 1929. The MDC provides water, wastewater treatment and other services to its member towns: Bloomfield, East Hartford, Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor. In addition, the District supplies treated water to portions of Glastonbury, South Windsor, Farmington, East Granby and Portland
