- Applied to recover the cost of major capital improvements and/or upgrades such as water main extensions, pump stations, etc., in non-member towns.

FEDERAL/STATE REGULATORY CHARGES

The Clean Water Project Charge (CWPC)
- Billing rate = $4.10 per 100 cubic feet (ccf).

The CWPC is based on metered water consumption. The CWPC is charged to District customers who have both water and sewer services provided by the District.

The CWPC was established to create a dedicated fund for the payment of debt and capital associated with the Clean Water Project (CWP).

The CWP was developed in order to comply with a federal consent decree from the Environmental Protection Agency and a state consent order from the CT Department of Energy and Environmental Protection.

Referendums passed in 2006 and 2012 authorized the spending of $1.6 billion for the Clean Water Project.

For a complete list of approved charges, please visit the Customer Service section on rates at www.themdc.org (www.themdc.org/customers/billing-services/rates)
