THE MDC PROMOTES “DRINKING WATER WEEK 2015”
MAY 3TH-MAY 9TH

May 4, 2015

For Immediate Release

(HARTFORD, CT) This week, the MDC is partnering with the American Water Works Association to promote Drinking Water Week with an array of activities designed to raise awareness about the importance of drinking water.

Some of the week’s activities include: informational displays located in the State Capitol concourse for the entire week, social media and e-mail campaign highlighting different information each day; and distribution of the “Five Facts About Your Water” brochure which explains the critical role water plays in our daily lives and how it contributes to the quality of life we enjoy. In addition, the MDC Water Wagon will be deployed to area events during the week.

To learn more about drinking water, visit themdc.com or drinktap.org.

About Drinking Water Week: For more than 35 years, the American Water Works Association and its members have celebrated Drinking Water Week – a unique opportunity for both water professionals and the communities they serve to join together to recognize the vital role water plays in our daily lives. Additional information about Drinking Water Week is available at www.awwa.org

About the MDC: *The MDC is a nonprofit municipal corporation chartered by the Connecticut General Assembly in 1929. The MDC provides water, sewer and household hazardous waste collection services to its member municipalities: Bloomfield, East Hartford, Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor. In addition, under a series of special agreements, the District supplies treated water to portions of Glastonbury, South Windsor, Farmington, East Granby and Portland.*

What do you know about H₂O?

Water—You rely on it daily, but
what do you really know about it?

There is so much more to H₂O than you realize!

Did you know that tap water provides us with...

A low-cost way to stay hydrated,

Public health and fire protection and

Nearly every product that we use every day?

Because of tap water, we stay hydrated, healthy and happy.

The more you know about your H₂O, the more there is to love!
