FIELD WORK – DATA COLLECTION

River Inspection and Sediment Sampling (North Branch Park River – Farmington Ave to UH Bridge)

Beginning the week of August 7th, the Metropolitan District's (MDC) consultant CDM Smith and their subcontractor, Hart Consults, will be working in your neighborhood to perform a visual inspection of the North Branch Park River and sample sediments.

The inspection and sampling will occur in the river and on the banks of the river from Farmington Avenue to the University of Hartford Bridge (University Drive). Weather permitting, the work expected to occur intermittently throughout the months of August and September. Some access locations will require staff to traverse (walk) within private property; approval will be obtained prior.

Entry inside of buildings is not required and staff will have a copy of this notice and proper identification.

General work hours will be from **8:00 AM** until **6:00 PM**.

Si desea que esta notificación sea traducida en Español, por favor comuníquese con Angel Morales al (860) 278-7850 Ext 3331 o directamente a su celular (860) 818-7206.

Schedules are subject to change based on weather conditions and unforeseen construction activities. MDC staff, contractors, and consultants will be properly identified and show ID upon request.

If you have any questions or concerns, please contact:
