Sewer Separation Project and Sewer Backup Prevention

Woodstock Street, Hartford

The MDC and their contractor, Coastline Construction, will be starting work in your neighborhood this fall. We invite you to stop by and visit us on September 20th to meet members of the project team, learn about the work planned and take advantage of FREE services that will be offered to protect your property from sewer backups.

MDC Staff will be available to discuss the planned work and answer your questions. Our goal is to keep you informed and work with you throughout the construction process. We want you to understand the improvements we will be making in your street and to your home. Your participation and cooperation will allow us to stay on schedule and minimize disruption to your daily activities.

We hope to see you there!

If you are unable to attend, please contact your neighborhood Outreach Liaison for more information.
